13. Coyote Creek Cycling Classic

Yahoo group: SB_Radio_Events
Date: 2001-08-15 16:55:22 UTC
From: David_Cook@notes.amdahl.com
Topic: 13 Message: 13

The 8th Annual Coyote Creek Cycling Classic will be held on October 6, 2001 at Hellyer Park in San Jose. The event is sponsored by the Learning for Life, an affiliate of the Boy Scouts of Santa Clara County Council, which is dedicated to character education, citizenship, and preparation for careers both in school programs and the job-site career Exploring program.

We need approximately twelve (12) amateur radio operators - with VHF handheld and/or mobile radios to help staff remote rest stops and the safety and logistics functions. The course is set up for families and all ability groups and offers 12, 25, and 50 mile courses.

If you are interested please contact David Cook at (408) 746-6903 or at david_cook@....

Thank you.

14. Technician Ham Radio License Class in Milpitas

Yahoo group: SB_Radio_Events
Date: 2001-08-16 22:29:37 UTC
From: Dale Jr, William
Topic: 14 Message: 14

Hello!

There will be a concentrated course for the Technician Ham Radio License on Friday, September 21 from 7 p.m. to 9 p.m. and on Saturday September 22 from 9 am to 5 p.m.. The course will be given at 1275 N. Milpitas Blvd Police Community Room. The class is free.

The course books "Now You're Talking" or "Technician Q&A" are available from the instructor or at Radio Shack, Fry's and Ham Radio Outlet. Contact the Instructor, Bill Dale, 408-263-5325, mailto:n2rhv@..., to sign up for the class and for discount copies of the course books.

Hams enter the hobby as Technicians by passing a 35-question multiple-choice examination. No Morse code test is required. The exam covers basic regulations, operating practices, and electronics theory, with a focus on VHF and UHF applications.

The class will rely on self study and practice tests as well as in-class presentations and videos. Practice exams are available online at http://www.wvara.org/wvexam/ or http://qrz.com/ham/newtest.cgi and http://www.aa9pw.com/radio/exam.html. Students are encouraged to look over the course book(s) and practice tests and be prepared to ask questions.

Technician Class operators are authorized to use all amateur VHF and UHF frequencies (all frequencies above 50 MHz). Technicians who pass a 5 WPM Morse code examination are entitled to limited power outputs on certain HF frequencies. "Technicians with HF" may operate on the 80, 40, and 15 meter bands using CW, and on the 10 meter band using CW, voice, and digital modes.

For more information see the Milpitas ARES/RACES web site at http://www.qsl.net/mares and the Amateur Radio Relay League web site http://www.remote.arrl.org/hamradio.html

19. Jamboree-on-the-Air 2001, October 20-21

Yahoo group: SB_Radio_Events
Date: 2001-08-31 19:21:41 UTC
From: Dale Jr, William
Topic: 19 Message: 19

JOTA is an annual event in which Boy and Girl Scouts and Guides from all over the world speak to each other by means of Amateur (ham) Radio. This will be on October 20-21 this year. Earlier information was in error.

Scouting experiences are exchanged and ideas are shared via radio waves. Since 1958 when the first Jamboree-on-the-Air was held, millions of Scouts have met each other through this event. Many contacts made during JOTA have resulted in pen pals and links between Scout troops that have lasted many years.

27. Walkathon on Sat, Sept 29

Yahoo group: SB_Radio_Events
Date: 2001-09-20 17:52:05 UTC
From: Dale Jr, William
Topic: 27 Message: 27

Hi Folks

We need some hams as communicators for a walkathon in Los Gatos on Sat, Sept 29. The job will be from 0830 to about 1300, and will include a position operated from a stationary vehicle, five positions using hand-held radios at rest stops, three mobile shadows riding in vehicles(like last time), and two pedestrian shadows.

Can you help?

Larry Carr, KE6AGJ

28. Reminder - Coyote Creek Cycling Classic

Yahoo group: SB_Radio_Events
Date: 2001-09-22 14:02:36 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 28 Message: 28

We would like to remind you of this upcoming event.

Coyote Creek Cycling Classic

Date: Saturday, October 6, 2001
Time: 7:00AM - 1:00PM PDT (GMT-07:00)

The 8th Annual Coyote Creek Cycling Classic will be held on October 6, 2001 at Hellyer Park in San Jose. The event is sponsored by the Learning for Life, an affiliate of the Boy Scouts of Santa Clara County Council, which is dedicated to character education, citizenship, and preparation for careers both in school programs and the job-site career Exploring program.

We need approximately twelve (12) amateur radio operators - with VHF handheld and/or mobile radios to help staff remote rest stops and the
safety and logistics functions. The course is set up for families and all
ability groups and offers 12, 25, and 50 mile courses.

If you are interested please contact David Cook at (408) 746-6903 or at
david_cook@....

29. Reminder - Los Gatos Walkathon

We would like to remind you of this upcoming event.

Los Gatos Walkathon

Date: Saturday, September 29, 2001
Time: 8:30AM - 1:30PM PDT (GMT-07:00)

We need some hams as communicators for a walkathon in Los Gatos
on
Sat, Sept 29. The job will be from 0830 to about 1300, and will
include a position operated from a stationary vehicle, five
positions
using hand-held radios at rest stops, three mobile shadows
riding in
vehicles(like last time), and two pedestrian shadows.

Can you help?

Larry Carr, KE6AGJ

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV

West Valley (Campbell) ARA Meeting

Date: Wednesday, October 17, 2001
Time: 7:30PM - 9:30PM PDT (GMT-07:00)

Our regular meetings are on the third Wednesday of each month
except December. The meetings start at 7:30pm. We meet at the
Campbell Community Center, at Winchester Blvd and Campbell Ave
in Campbell. Use the Campbell Ave entrance. The meeting room
will usually be the "Mary Campbell Room" (Room Q-84). That's the
meeting room closest to the former tennis courts.
There is plenty of parking adjacent to the room.

Jamboree-on-the-Air

Date: Saturday, October 20, 2001
Time: All Day

JOTA is an annual event in which Boy and Girl Scouts and Guides from all over the world speak to each other by means of Amateur (ham) Radio.

Scouting experiences are exchanged and ideas are shared via radio waves. Since 1958 when the first Jamboree-on-the-Air was held, millions of Scouts have met each other through this event. Many contacts made during JOTA have resulted in pen pals and links between Scout troops that have lasted many years.

Our regular meetings are on the third Wednesday of each month
except December. The meetings start at 7:30pm. We meet at the
Campbell Community Center, at Winchester Blvd and Campbell Ave
in Campbell. Use the Campbell Ave entrance. The meeting room
will usually be the "Mary Campbell Room" (Room Q-84). That's the
meeting room closest to the former tennis courts.
There is plenty of parking adjacent to the room.

91. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2002-03-01 14:42:55 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 91

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV
SB_Radio_Events-owner@yahoogroups.com

97. W6MLP News - Meeting Wednesday - March 20

Yahoo group: SB_Radio_Events
Date: 2002-03-19 17:05:04 UTC
From: Dale Jr, William
Topic: 97 Message: 97

Hello!
Amateur Radio and Electronic Society News:

Tonight, March 19, Mayor Henry Manayan will issue a proclamation about our new club at the City Council Meeting. The meeting is at 7:30 p.m. at the Milpitas Unified School District Board Room at 1331 East Calaveras. You may see the City Council meeting later on Cable 15 in Milpitas.

March 20, this Wednesday, will be the next meeting about Field Day for the Milpitas Amateur Radio and Electronics Society (W6MLP Club.) We will avoid this date in the future as it is the West Valley and South Bay club meeting nights as well. Talk in will be on the MARES repeater 224.72 MHz , KA6S/R. (-offset, 100Hz PL) linked to 144.135 MHz (simplex). Location is 211 Smithwood Ave near Abbott and Rudyard 9in Milpitas.

The Next Regular Monthly Meeting (a joint meeting with the ARES/RACES group) will be at 7:30 p.m. Thursday, April 11 at 1275 N. Milpitas Blvd Police Community Room. We may make this a joint meeting with the Ham Radio Class at the Senior Center - stand by.

Much activity is planned for Field Day including a membership drive for the Club. Anyone interested in working on this project please contact Lloyd AA6NX mailto:aa6nx@... or myself, Bill N2RHV mailto:n2rhv@....

Topics from 3/20 Meeting

* Field Day 2002 - W6MLP (our third year!) - June 22-23
* Site
* Station Managers
* Grub
* Special Stations
* Bonus Points
* Pins & Shirts see Lloyd AA6NX mailto:aa6nx@...

* Milpitas Relay-for-Life June 28-29
Cancer Society Fundraiser
Enter? Ham Radio Demo?

* April Events:
Tierra Bella Bike Event April 13
LSI Logic 10 K Race April 14
ARES Santa Clara County Drill April 20
Primavera Bike Event April 21
Milpitas City Evacuation Drill April 25

* Meetings calendar and action items through June
May 17-19 ARRL National Convention

* Bank Account - Action Larry K6ACE
Other projects and fundraisers
Non-Profit Status - Action Bill, Angelo, and Lloyd
Bonus!
9 p.m. => Charlie Net - 10 meters at 9p.m. Net

99. RE: [SB_Radio_Events] Calling all HAMS - VOLUNTEERS?

Yahoo group: SB_Radio_Events
Date: 2002-03-23 20:11:24 UTC
From: Roger D. Rines
Topic: 98 Message: 99

Hello Ned & Bill,

I agree on getting the list in one place as Bill suggest.

Our motorcycle group is going to be involved in 6-large charity events this year and recruiting help for them last year got to be a dicey situation that often left me feeling like a beggar.

In addition to the 6-events we do directly, there are other events that we are asked to help with that conflict or push our resources to their limits so we must decline. Having a place that covered more than the South Bay, would give us a place to send request for help. Currently, we are working events from Petaluma (American Lung Association - June 1, 02) to Watsonville (Multiple Sclerosis - June 15, 02). If this breadth of area would create too much list traffic, then maybe there is a reason to have two or more list.

To make the process of signing on, the volunteer list might consider using a simple signup process like San Mateo's OES uses.

Let me know if I can help with anything.

Roger...

Hello Roger and Bill,
I would like to thank you for the invite. However. your list has a lot of msg regarding your own club. This is a list specifically for calling for help on events in the Monterey, Santa Cruz, Santa Clara and San Meteo areas. Most people only want that news and not the extra stuff relating to a club that they don't belong to.

However I have made myself a member of your list. and would like to pass your info on to our list as request come in. and vis versa. Sort of like a router between two networks. Hopefully this works.
Talk to ya soon 7-3s

From: Roger D. Rines
Topic: 98 Message: 101

Hello Ned,

I think you misunderstood what I was saying. I think having a volunteers only list that isn't tied to a group or organization is the way to go. All the other extra chatter tied to a group would be distracting and maybe even annoying after a while.

I'm already on the volunteer list so there is no need to make any forwards for our motorcycle group. I plan on putting our events on your list so we can reduce the number of times we ask people to help.

What isn't clear about the volunteer list if how you plan to administer the list. For example, Bill uses his Calendar features very effectively to notify of up coming meetings and other stuff. Will you do the same or do you want list traffic to handle notifications. I guess in some case, both approaches would be needed, but it would be good to hear from you on your plans.

Once I understand how you would like it handled, I'll start tossing some events on the list, can also send to SB for the events in the south bay if that is appropriate now that two list are running.

With that question out there, I guess it will be good to hear Bill's perspective a little more before making a decision.

Roger...

Hello Roger, I think you got the exact idea of what I was trying to say
with out hurting anyone feelings. Yes I was planning on using the
calendar feature.
The way I assume people will make the request is by sending a email to
HAM_Volunteer@... requesting help. giving out the info such
as date type and what is needed and a way to contact them. Those who are
interested would then call or email the requester. I at that point will
add that to the event list on the calendar. and then at a glance you
could see what's coming up and also be notified as a group that the event
is coming up that next week.

Anyway that's the plan

105. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2002-04-02 09:31:51 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 105

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV
SB_Radio_Events-owner@yahoogroups.com

West Valley (Campbell) ARA Meeting

Date: Wednesday, April 17, 2002
Time: 7:30PM - 9:30PM PDT (GMT-07:00)

Our regular meetings are on the third Wednesday of each month
except December. The meetings start at 7:30pm. We meet at the
Campbell Community Center, at Winchester Blvd and Campbell Ave
in Campbell. Use the Campbell Ave entrance. The meeting room
will usually be the "Mary Campbell Room" (Room Q-84). That's the
meeting room closest to the former tennis courts.
There is plenty of parking adjacent to the room.

116. Premavera Bike Ride April 21

Yahoo group: SB_Radio_Events
Date: 2002-04-10 18:36:24 UTC
From: Dale Jr, William
Topic: 116 Message: 116

For Pete -- Help Needed:

I am Pete Harris, KE6ZIW, public service event coordinator for Mt Diablo Amateur Radio Club. We were asked on fairly short notice to do radio support for the event. Our ham coordinator for the event is Bob Green. His email is BobGreen@... <mailto:BobGreen@...> , phone: (925) 323-8869. My email is pharris125@attbi <mailto:pharris125@attbi>. My phone #s are: 925-228-4503 (home), 925-926-2916 (pager).

Any help you, or anyone else from your area could give us, would be great. We may be able to round up 12-14 folks from our club to do the event. The event could use up to 20 people, but they'll take whatever they can get. Bob plans on being at start/finish at Logan High in Fremont for most of the event. There will be 12 SAG vehicles and about 6 rest stops.

We can use help with the southern part of the course and also with having another ham at Logan High School (start/finish) to communicate with the southern part of the course and to work with Bob on overall course communication. If possible, the Logan High location would require a mobile set-up (440 or dual band) with a 35-50 watt radio and a power supply for AC or sufficient battery back-up. Our first need for coverage would be the Ed Levin rest stop itself. If there are more hams available on your end they could be assigned to SAG vehicles along the southern part of Calaveras Rd, also to SAGs south of Logan High on Mission Blvd and next to the southern portion of 680. I told you Bob has a neat antenna mast set-up that can handle several different antennas, but I'm sure we could use any other set-up you might have for the Southern part of the course.

[Contact Bill, N2RHV, mailto:n2rhv@... 408-263-5325 if you can help in Milpitas / Ed Levin Park area - contact Pete or Bob Green if you are available for other duties]

As primary repeater we plan to use the Sunol 2-meter machine - 147.045, +, PL 94.8 (I spoke with the owner and he is glad to have us use it). We've been told that for the southern part of the course (Ed Levin Park to Logan High and southern Calaveras Rd) we might be able to use 440.100, +, PL 100 (you told me that's in the Santa Cruz mountains behind San Jose). I have spoken with the owner of that machine and he has given his OK to use it for the event.

Thanks for any further help - Pete

American Diabetes Assoc. "Tour de Cure" May 19th, 2002

Ham radio operators to staff Rest Stops and SAG Wagons are needed to help support this important charity event.

This event is being run by the San Jose Chapter of the American Diabetes Association and information for it is available here:
http://www.diabetes.org/tourdecure/EventDetails.asp?idEvent=103&strSt
ate=CA

Communications for this event will use Las Cumbres Amateur Radio Club's Black Mountain repeater operating on 442.575. Radio volunteer organizing is being supported by the Bay Area Motorcycling Amateur Radio Club and event details with some volunteer information is available here:
http://ba-marc.org/ada_tour2002.htm

If you can spare a full day, or even just part of a day your help will certainly be appreciated for this important fund raising event.

73,
Roger...

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV

West Valley (Campbell) ARA Meeting

Date: Wednesday, May 15, 2002
Time: 7:30PM - 9:30PM PDT (GMT-07:00)

Our regular meetings are on the third Wednesday of each month
except December. The meetings start at 7:30pm. We meet at the
Campbell Community Center, at Winchester Blvd and Campbell Ave
in Campbell. Use the Campbell Ave entrance. The meeting room
will usually be the "Mary Campbell Room" (Room Q-84). That's the
meeting room closest to the former tennis courts.
There is plenty of parking adjacent to the room.

136. MS-Back to the Beach - Charity Event

Yahoo group: SB_Radio_Events
Date: 2002-05-21 20:21:07 UTC
From: Roger...
Topic: 136 Message: 136

Multiple Sclerosis Society of San Jose will host their annual "Back to the Beach" bicycle tour in Watsonville, CA on June 15th, 2002.

This event runs all day, but partial availability positions can be worked in for some positions. If you can help MS with this charity event, please click on the email link here and let me know what your preferred assignment would be:
mailto:w1rdr@...?Subject=[MS-B2B]|_

If you would like me to call you, please pass along your number as well.

Ham Operator Positions are needed for:
Rest Stops
SAG Wagons
Net Control
SAG Management

I've begun to collect some information on this web page:
http://ba-marc.org/ms2002_b2b_main.htm

This link is on the page listed above, but to go directly to the MS event page, click on this link:
http://www.svcnmss.org/events/bike/2002/index.htm

Communications for this event will use Santa Clara Valley Repeater Society Club's WB6OQS repeater stationed on Loma Prieta. Dual-Band Mobile radios with 10 to 25 watts into a good antenna work best in this area and should be a minimum requirement.

If you can spare a full day, or even just part of a day, your help will certainly be appreciated for this important fund raising event.

73,
Roger...

From: Roger D. Rines
Topic: 136 Message: 143

We need two hams with portable radios and magnet mount antennas to help us with SAG wagons on Saturday.

These position will have you riding in the passenger seat of the vehicle as it moves about the course helping disabled or tired riders return to event start/finish.

If you aren't interested, please talk to others and see if they might be able to spare some time this Saturday. This event is hosted by the San Jose Multiple Sclerosis Society and the event is their annual "Back to the Beach" bicycle tour in Watsonville, CA.

This event runs all day, but partial availability positions can be worked if only part of a day is workable for you.

If you can help or know of someone who can help MS with this charity event, please click on the email link here and let me know what your preferred assignment would be:

On Sunday, August 4th, at 8:00 AM the Tour de Peninsula for 2002 will start. This is an annual event that attracts over 3,000 bicyclist from all over the bay area. Event covers 33 miles of easy roads through San Mateo county. Proceeds for the this year's event will benefit the San Mateo County Parks and Recreation.

Ham volunteers with SAG wagons are needed to help keep this event supported when problems on the road occur. If you can help for a few hours, please send a note to:
mailto:ke6hny@...?[tdp-2002]_

More information about this event can be seen here:
http://www.sfgate.com/tourdepeninsula/

If you have any questions that aren't answered by the above references, send me a message and I'll do my best to get the answers you need:

We need Ham Radio Operators
2 meter will be primary
70 cm will be back-up
```

The Freeway 85 and 101 interchange maybe under construction !
This may effect the course and detours maybe used and need to have a
radio operator present!
```

Looking for volunteers for the following assignments!
```

SAG WAGON

Need to have a vehicle that can seat 3 and carry bikes and equipment.

Need vehicles with trailers for Sag Wagons.

Need to have 2 meter mobile unit in Sag Wagon with more than 5 watts ,
sorry a hand held just doesn't work out in the hills.

All Sag Wagons must contact Ramo Vahamaki
Call or email as soon as possible

(408) 242-1087
(325) 260-2167

email = mailto:poiskotti@...

```

Motorcycle mobile

Equipment already installed and ready to go.
```

Fixed Stations

A vehicle with a 2 meter mobile unit works fine.
```

Bicycle Mobile

Anyone wishes to try must have some kind of 2 meter rig.
```
```
```

Pedestrian Mobile

2 meter Hts somewhere between Helleyer Park and Metcalf Park.
```
```
```

```
```

Radio Operator Volunteers Contact:
Tony Ciak
Home = 408-432-9628
Cell = 408-835-1866

155. American Diabetes Association's Palo Alto Walk Need Ham Volunteers

Yahoo group: SB_Radio_Events
Date: 2002-08-18 18:08:59 UTC
From: Roger D. Rines
Topic: 155 Message: 155

On Sunday October 6th 2002, the American Diabetes Association will hold its annual fund raiser to help find a cure for diabetes. This event is one of the largest walks in California and is a major source of support in the fight against diabetes.

To help support this event, we need ham-volunteers to help staff Rest Stops, SAG wagons, net control and on site radio communications.

This fast 10K walk event kicks off at 9:30 AM and is over by 1:45 in the afternoon making it an easy and short commitment of time. If you can spare some time to help, please let me know by clicking on my email link displayed below.

Detailed Information about this event can be found here:
http://www.diabetes.org/walk/sign_up/su3a_details.asp

If you can help pass this message on to other ham mailing list where other volunteers might be found, please drop me a note so I'll know where it has been sent. Any and all help will certainly be appreciated.

73,
Roger...

Here is a better link to use, but it requires a couple of menu selections to use:
http://www.diabetes.org/walk

When you get to the above page, select "California", and then on the next page select "Palo Alto" as the location.

I've just started to put volunteer details on this page as well:
http://ba-marc.org/ada_walk2002.htm

Sorry if the previous link caused any confusion.

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

# 160. Recognition of Amateur Radio Operators

Yahoo group: SB_Radio_Events
Date: 2002-09-20 22:21:02 UTC
From: Michael Wright
Topic: 6  Message: 160

Recognition of Amateur Radio Operators

Recently, Mobile Radio Technology magazine (http://mrtmag.com) had an article regarding ARES/RACES activities by ham radio operators. I sent the following letter to Don Bishop, MRT Editorial Director:

Dear Mr. Bishop,

Thank you for the recognition in MRT magazine that amateur radio operators provide communications support to various agencies. As amateurs, we provide a communications infrastructure that is very cost effective (i.e. no cost to taxpayer or agency).

73,
Michael Wright, K6MFW

Don's reply:

You're welcome.
We've been placing coverage on our Web site, too:
http://mrtmag.com/ar/radio_radio_amateurs_remember/index.htm
http://mrtmag.com/ar/radio_radio_amateurs_converge/index.htm

# 162. American Diabetes Association's Palo Alto Walk Need Ham Volunteers

Yahoo group: SB_Radio_Events
Date: 2002-09-30 15:51:55 UTC
From: Roger...
Topic: 155  Message: 162

We are still looking to recruit some volunteers for this Sunday's, October 6th 2002, American Diabetes Association annual fund raiser to help find a cure for diabetes.

This event is one of the largest walks in California and is a major source of support in the fight against diabetes.

Positions where we need help are in local event ground communications, and with driving high school kids to and from the course before and after the event.

This event moves quickly and is only a 10K walk that starts at 9:30 AM and is over by 1:45 in the afternoon making it an easy and short commitment of time.

If you can spare some time to help, please let me know by clicking on my email link displayed below.

Detailed Information about this event can be found here:
http://ba-marc.org/events/ada/ada_walk2002.htm

Please help to pass this message on to other list where volunteers might be found.

73,
Roger...

HAM it up with your new gear from Pacificon at the 13th annual Walk for AIDS in downtown San Jose this Sunday, October 20.

Hams are needed to support communications and assist with light first aid, safety and security. Walk has 5K/10K routes with a main entertainment stage and more entertainment and refreshments along the way.

Work at net control, static, roving and mobile (bicycle/motorcycle) positions from 6:30 A.M. until about noon. Great field practice! Even if you can only work part of the time, that's okay. Easy parking and event is located in Discovery Park right next to the VTA light rail line. Free t-shirt for helping (black - cool design). All Walk proceeds go to Santa Clara County agencies (see www.walkforaids.org for more detail).

Please contact Pink Foster, KG6ILA, at kg6ila@... or on 650-793-1915 to join the communications team. 73!

We would like to remind you of this upcoming event.

Walk for AIDS Silicon Valley

Date: Sunday, October 20, 2002
Time: 6:30AM - 12:00PM PDT (GMT-07:00)

HAM it up with your new gear from Pacificon at the 13th annual Walk for AIDS in downtown San Jose this Sunday, October 20. Walk has 5K/10K routes with a main entertainment stage and more entertainment and refreshments along the way. Hams are needed to support communications and assist with light first aid, safety and security.

Work at net control, static, roving and mobile (bicycle/motorcycle) positions from 6:30 A.M. until about noon. Great field practice! If you can only work part of the time, that's okay. Easy parking and event is located in Discovery Meadow Park right next to the VTA light rail line. Free t-shirt for helping (black - cool design). All Walk proceeds go to Santa Clara County agencies (see www.walkforaids.org for more detail).

Contact Pink Foster, KG6ILA, at kg6ila@... or on 650-793-1915 to join the communications team.

# 186. 2002 ARRL November Sweepstakes this weekend.

Yahoo group: SB_Radio_Events
Date: 2002-10-31 18:14:28 UTC
From: Dale Jr, William
Topic: 186  Message: 186

Hello!

The 2002 ARRL November Sweepstakes are for stations in the United States and Canada (including territories and possessions) to exchange QSO information with as many other US and Canadian stations as possible on 160, 80, 40, 20, 15 and 10 meter bands.

This weekend is CW or Morse Code only on November 2-4, 2002. For those in the Morse Code class this is an excellent event to get your code skills up. Put it on tape and save it for practice later! Look in the Novice bands for slow operators. It is there if you look!

Those licensed for HF are encouraged to jump in with your steady fist and have a go at it!

The Phone Contest will be November 16-18, 2002. Both events run 2100 UTC (1300 PST) Saturday, ends 0300 UTC (1900 PST Sunday) Monday.

See the Rules at :

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

From: goodgrl_007
Topic: 188  Message: 188

WHO:
All Harry Potter fans of ALL AGES are invited! :)

WHAT:
Movie screening of Harry Potter & The Chamber of Secrets -- a chance for Harry Potter fans to unite under one roof! Some of us will be having dinner @ Firewood Cafe before and after showings!

WHERE:
Sony Metreon in San Francisco (www.metreon.com)

WHEN:
Friday, November 15th 3:00pm-12:20am (Depending on what show you see!)

ATTIRE:
Harry Potter/Hogwarts costumes preferred, as a lot of people showing up will be dressed up!

NOTES:
You can buy advance tickets @ Fandango.com or go there and buy tickets directly.

# 189. APRS Demonstration

Yahoo group: SB_Radio_Events
Date: 2002-11-18 03:59:46 UTC
From: Roger...
Topic: 189  Message: 189

Our local MARC chapter (Motorcycle Amateur Radio Club) will have an APRS demonstration to help illustrate how APRS works for us, and how we believe it can improve how we manage mobile assets during the charity events we support.

This presentation will take place at the Omega Restaurant in Milpitas, CA on Thursday, 21-November-2002, at 7:00PM. Because our gatherings are dinner meetings, many of us arrive an hour early to eat and setup. This early chow-time does wonders to limit how many of us talk with our mouth's full, and it keeps chunks off the electronics.

The first 30-minute part of our meeting will focus on getting our Christmas party details handled. All the remaining time will be spent on showing what we believe about APRS and how we use it on our motorcycles. Restaurant closes at 9:00 PM, for those interested.

In our demonstration we will be using Kenwood's TH-D7A(g) and TM-D700A radios along with Garmin's StreetPilot & GPS V units. Position tracking information will be displayed in APRSPoint running on my laptop through a video projector. A TinyTrakII, KPC-3 TNC and a PIC-E should be available to fondle. Images from some of the Internet sites showing positions, tracks, congestion and weather will be shown with a brief discussion. Pictures of APRS installations on a few the motorcycles and vehicles will also be shown to give others an idea of how some of us are putting it together.

We won't be talking about setup and the finer details at this meeting because those are long discussions and we would like to keep this to 90 minute demonstration if possible.

If you would like to join us, drop me a note so I can let the restaurant know how many people will need a place at the table and so they can staff the room with enough help.

Is one of your new year's resolutions to get better prepared for a
disaster?
The one day class described below is a great opportunity.

***PLEASE PRINT & POST & PASS ON TO ALL WHO MAY BE INTERESTED***

---
SEMINAR & EXAM: AMATEUR ("HAM") RADIO
---

WHAT: Amateur Radio ("Ham") License & Communications Course
for entry-level Technician & General Class
(No Morse code.)

WHEN: Saturday, January 18, 2003: 8:00 am - 5:00 pm

WHERE: College of San Mateo

COST: $25.00

SIGN UP: wb6zbu@...

QUESTIONS: Ross Peterson: 650-349-5349; wb6zbu@... (preferred)

Sponsored by: College of San Mateo Electronics Technology Department
(http://gocsm.net/) & CNET Radio 910 AM (http://www.cnetradio.com);
produced
by: Bay Area Educational Amateur Radio Society (W5YI VEC).

This course is open to the public. This one-day "cram" course is
designed
to help you obtain your Technician-Class Federal license [no Morse code]
--
the (EASY - 35-question, multiple-choice!) Federal exam is administered
as
part of the class. You can practice for the exam on the Web:
http://www.aa9pw.com/radio/exam.html

Afterwards, you can attend training conducted by the Amateur Radio
Emergency
Service (ARES) - see below.

==========

What is the Amateur Radio Emergency Service?
The Amateur Radio Emergency Service (ARES)/RACES is a group of Federally licensed Amateur Radio (slang = "ham radio") operators who volunteer their skills to assist public safety agencies in the event of a disaster or other incident.

During calamities such as earthquakes and hurricanes, the Amateur Radio Emergency Service/RACES has typically been among the first to respond, filling the communications void left by downed telephone lines and power outages - quickly linking and coordinating relief efforts. These activities are an integral part of the purpose of Amateur Radio as defined by the Federal Communications Commission (FCC ? 97.1(a); ? 97.401(a)).

Amateur Radio is very different from "C.B.": Amateur Radio operators must pass a Federal examination and be issued a Federal license, which grants them "operating privileges" - such as the right to use high power transmitters (over a thousand watts), different modes (such as voice, Morse code, and even television), and thousands of frequencies. Furthermore, those Amateur Radio operators who are members of ARES/RACES are trained in emergency communications (and related skills) and are Registered Disaster Service Workers (DSWs). Members of ARES/RACES have very diverse backgrounds - but share the common goal of assisting when called upon by their communities.

In San Mateo County and Santa Clara County, the Amateur Radio Emergency Service is coordinated with the Sheriff's Office of Emergency Services (OES). Statewide, Amateur Radio is integrated into the California Office of Emergency Services (CA OES) Auxiliary Communications Service (ACS) and the Standardized Emergency Management System (SEMS) (Cal. Code ? 8607). In the event of a disaster, ARES/RACES Emergency Responders assist local fire, law enforcement, and other public service agencies by providing back-up communications resources.

Subject: Tierra Bella 2003 cycling event: Saturday April 5

Hi Everyone,

It is time to sign up for Tierra Bella 2003 which will be on Saturday April
5. You are receiving this because you were on my list for a previous
Tierra Bella. I hope you might be able to help with the event this
year. Please let me know!

EQUIPMENT DESIRED FOR HAM MOBILES

We are hoping again this year to get all mobile units set up with 2-meters
and 440 using high-power mobile radios and external, gain antennas. As you
know, the route is large and mountainous, so the mobiles radios have to be
up to the task. As with last year, if you don't have this sort of gear,
please sign up anyway, and we will work on putting together the equipment
where it is needed. If you have extra equipment to loan for this, that
would be great!

WHAT YOU CAN SEND TO ME

An email telling me whether you can participate this year! If you can,
then please also provide the following information:

Name:

Call:

Phone:

Email:

Availability, whether all day, part day, etc.:

Equipment, specify whether 2m and 440, mobile, and antenna.

Can you perform SAG? and if so, how may persons and bikes can your vehicle
transport:

Include any other special Info. (preferences, etc.):

Thanks!
Don Irving, N6DRB

Hello Everyone,

Once again let me thank you for your support of Sequoia Century 2002.

This year's event will be on Sunday, June 1. We are planning to start and finish at the Palo Alto V.A. Hospital again and the routes will be very similar to ones we used last year.

Please let me know if you will be available to participate on June 1. Also please let me know if you want the same assignment you had last year or if you want something different.

Finally, if you have any ham friends who might like to participate please give me their email addresses.

Thanks and 73,

Phil Spiegel, W6PSO

Time: 9:00PM - 10:00PM PST (GMT-08:00)

A casual, friendly net where people entering the hobby can meet other beginners, ask questions, share information, and discuss other topics of interest. The goal of the New Ham Net is to jump-start new Technician class licensees, get them connected to each other & other hams, and help them branch-out to the many interesting activities in ham radio. Open to all hams. Experienced hams please participate and share your experience!

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

# 203. SVECS April 26 Breakfast meeting and 440 Repeater Link Change

Yahoo group: SB_Radio_Events
Date: 2003-03-25 23:53:02 UTC
From: Michael Wright
Topic: 203  Message: 203

Hello all,

From Lou, WA6QYS,

SVECS April 26 Breakfast meeting:
SVECS Quarterly Breakfast Meeting, 9 am, April 26
Santa Clara Senior Center
1303 Fremont St. (corner of Monroe and Fremont)
Santa Clara, CA (see http://www.svecs.net/svecsmap.html for map)

Transmitter Hunting and Equipment Needed:
Rich Harrington, KN6FW, will discuss transmitter hunting and the equipment needed. For webpages of interest please see http://www.thunt.org (Transmitter hunting in the San Francisco Bay-Area) and http://www.ahha-doppler.com (MicroFinder Doppler RDF).

Door prize: TBD

Please RSVP on the SVECS net, AA6BT repeater, 146.115+ 100PL, Tuesdays 2000 hours, or Lou at 408 241-7999.

Volunteers are always needed... come early (0730) to help. Donations for the raffle table are graciously accepted.

Repeater Link Change:
The repeater we will be linking to for the [SVECS on 146.115+, 100PL] nets on Tuesdays is WB6FIY 444.625+ with a PL of 110.9hz. This is a change from WB6RNH.

The SVECS webpage at http://www.svecs.net should be updated with this info by tonight, 3/25/03.

Tierra Bella Century cycling event

http://www.actc.org/tb/

April 5th

Need HAMs for rest stop & SAG riders. Will be using 2m & 440.

Rest stop operators: I think they will be approximately 10:30 -
4:00. I will send an update email with the verified times

SAG operators and Motor units: Please report to Gavilan College at
6:30 am, sharp for briefing and to pick up materials. You will start
out on the route at 7:00. If I have made other special arrangement
with any of you for arrival times, then please go ahead and do what
we have discussed.

# 223. Tour De Peninsula 2003

Yahoo group: SB_Radio_Events
Date: 2003-05-26 20:37:24 UTC
From: Richard Tidd KE6HNY
Topic: 223  Message: 223

Greetings

Event Emergency Services needs personnel for the following event!!!!

Event: San Francisco Chronicle Tour De Peninsula 2003
http://www.rhodyco.com/touredep.htm
Date: Sunday August 3rd, 2003
Time: 0500 for some positions, 0800 for others to about 1400hrs
Location: Redwood City,San Carlos,Belmont,San
Mateo,Hillsborough,Millbrae
ESU Director: Richard Tidd, KE6HNY 877-309-7516 or ke6hny@...
On-line Reg form: http://www.quickbase.com/db/6srh2ujk

Emergency Services volunteers are needed for the San Francisco Chronicle Tour De Peninsula, a 33 mile bike ride in San Mateo County with 17 and 21 mile short-cuts and 5 rest stops with refreshments. We need 60+ Emergency Service personnel to work in areas of Communications, Strike Teams, Transportation, etc. Amateur Radio Operators are needed for Net Control, shadows for event personnel, field medical teams and sag wagons, bike mobiles, fixed posts, APRS, etc.

Run by RhodyCo Productions (http://www.rhodyco.com/), the ride starts at Sequoia High in Redwood City, winds through San Carlos, Belmont, San Mateo, Sawyer Camp Trail in the watershed, Millbrae, and back to Sequoia High via Hillsborough, San Mateo, Belmont, and San Carlos. This is quite a ride through urban centers and wilderness. This year's beneficiary is the San Mateo County Parks and Recreation Foundation.

If you are interested in working this event, please point your browser to http://www.quickbase.com/db/6srh2ujk for the On-line form. We will probably need to start early, say 6am, but I will let you know more as I find out.

This event offers an excellent opportunity for emergency service professionals and volunteers and groups to provide needed services to a beneficial event as well as utilize there skills in many facets of emergency/disaster response. Emergency Service agencies and volunteer organizations are encouraged to participate. The Emergency Services Unit (ESU) operates under the Standardized Emergency Management System (SEMS) and utilizes the Incident Command System (ICS). The ESU may work in close affiliation with local and state government agencies as needed. Some formal SEMS/ICS training may be provided as needed.

If you are a member of an ARES, RACES, ACS, public safety agency, emergency services volunteer group, or similar organization, then you have the skills we need. Members of Law Enforcement, Fire/Medical Service, Communications, Emergency Medical Services, and Amateur Radio make up the greatest number of volunteers. Areas of assignment include Command, Operations, Logistics,

Safety and Security, Medical, Communications, Strike Teams, administrative support and where required, brief description of the jobs is included below.

Your assistance is needed at various times. Please point your browser to http://www.quickbase.com/db/6srh2ujk for the on-line registration form.

EVENT EMERGENCY SERVICES UNIT
JOB DESCRIPTIONS AND MINIMUM QUALIFICATIONS

COMMAND
Works in the command post or other areas providing oversight, management and supervision of personnel in the field. MINIMUM QUALIFICATIONS: Training or actual in SEMS or ICS and normally a supervisor. Trainees welcome.

OPERATIONS
Responsible for fixing problems in the field as needed. This area includes Strike Teams and other personnel as needed.

LOGISTICS
Responsible for the support of the Emergency Service Unit. Provides personnel, Supply and Transpiration services. This is a critical function and a valuable skill for anyone to learn. If you think you are not qualified for this job, you are probably wrong. Training can be provided.

COMMUNICATIONS
Operates a mobile, portable or fixed communication facility as needed. Communications personnel may be on Amateur Radio, GMRS, business radio, Public Safety or other radios systems as needed. Communications personnel may be provide shadow and fixed post radio services and may operate any type of radio system as needed but mostly Amateur Radio is used.. MINIMUM QUALIFICATIONS: Amateur Radio personnel must have at least a Technician Class license. GMRS requires a GMRS radio class license. Should be a member of a recognized ARES/RACES/ACS type of organization.

SAFETY AND SECURITY
Works in and around the event. Assists in the protection of the event equipment, items on display, event staff and the public.

MEDICAL
Provides first aid and assistance to members of the general public by operating a medical aid station and roving patrols as needed. May also be assigned to provide assistance to local agencies in case of a major emergency. Works as a member of a medical response team under the supervision of an experienced EMT or other medical paraprofessional. MINIMUM QUALIFICATIONS: Current certification by a recognized agency in First Aid and CPR. All EMT's and Paramedics must provide there own their own kit (replenished if used). Send proof of your certifications.

# 228. [Fwd: [HAM_Volunteer] Trail Trials]

Yahoo group: SB_Radio_Events
Date: 2003-06-25 02:16:26 UTC
From: Ned Rice
Topic: 228  Message: 228

Good tidings my fellow hams.....

There will be a Trail Trials (to see how well horses and riders react at different obstacles) on July 20th at Mt Madonna. This is a Sunday, and we have 9 positions that we need manned. Would YOU like to volunteer? This may be a all day event.

Please bring plenty of water for yourself.... And maybe a chair to be comfortable.

The reason for the amateur is to relay scores back to NC for tally so the Association won't have to wait till the end of the day for the scores.

Here is hoping that YOU can volunteer for this event.....

Thank you for reading this.
David kh6jrc

# 231. Tour De Peninsula 2003

Yahoo group: SB_Radio_Events
Date: 2003-06-28 18:53:09 UTC
From: Richard Tidd KE6HNY
Topic: 223  Message: 231

Hi

EVENT EMERGENCY SERVICES
needs personnel for the following event!!!!

Event: San Francisco Chronicle Tour De Peninsula 2003
http://www.rhodyco.com/touredep.htm
Date: Sunday August 3rd, 2003
Time: 0500 for some positions, 0800 for others to about 1400hrs
Location: Redwood City,San Carlos,Belmont,San
Mateo,Hillsborough,Millbrae
ESU Director: Richard Tidd, KE6HNY 877-309-7516 or ke6hny@...
On-line Reg form: http://www.quickbase.com/db/6srh2ujk

Emergency Services volunteers are needed for the San Francisco Chronicle Tour De Peninsula, a 33 mile bike ride in San Mateo County with 17 and 21 mile short-cuts and 5 rest stops with refreshments. We need 60+ Emergency Service personnel to work in areas of Communications, Strike Teams, Transportation, etc. Amateur Radio Operators are needed for Net Control, shadows for event personnel, field medical teams and sag wagons, bike mobiles, fixed posts, APRS, etc.

Run by RhodyCo Productions (http://www.rhodyco.com/), the ride starts at Sequoia High in Redwood City, winds through San Carlos, Belmont, San Mateo, Sawyer Camp Trail in the watershed, Millbrae, and back to Sequoia High via Hillsborough, San Mateo, Belmont, and San Carlos. This is quite a ride through urban centers and wilderness. This year's beneficiary is the San Mateo County Parks and Recreation Foundation.

If you are interested in working this event, please point your browser to http://www.quickbase.com/db/6srh2ujk for the On-line form. We will probably need to start early, say 6am, but I will let you know more as I find out.

This event offers an excellent opportunity for emergency service professionals and volunteers and groups to provide needed services to a beneficial event as well as utilize there skills in many facets of emergency/disaster response. Emergency Service agencies and volunteer organizations are encouraged to participate. The Emergency Services Unit (ESU) operates under the Standardized Emergency Management System (SEMS) and utilizes the Incident Command System (ICS). The ESU may work in close affiliation with local and state government agencies as needed. Some formal SEMS/ICS training may be provided as needed.

If you are a member public safety agency, emergency services volunteer group, or similar organization, then you have the skills we need. Members of Law Enforcement, Fire/Medical Service, Communications, Emergency Medical Services, and Amateur Radio make up the greatest number of volunteers.

Areas of assignment include Command, Operations, Logistics, Safety and Security, Medical, Communications, Situation Status, administrative support and where required, Aircraft Operations. A brief description of the jobs is included below.

Your assistance is needed at various times. Please point your browser to http://www.quickbase.com/db/6srh2ujk for the on-line registration form.

---
Thank You from
Richard Tidd, KE6HNY
R1633, KAF4732

Emergency Services Director for Tour de Peninsula

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV

# 241. MARS Up close

Yahoo group: SB_Radio_Events
Date: 2003-07-30 07:56:57 UTC
From: Ned Rice
Topic: 241  Message: 241

Mars, Once in a Long time

Thought you would be interested in this. A once in a lifetime event.

The Red Planet is about to become a spectacular sight! This month and next, Earth is catching up with Mars in an encounter that will culminate in the closest approach between the two planets in recorded history. The next time Mars may come this close is in 2287.

The encounter will culminate on August 27th when Mars comes to within 34,649,589 miles of Earth and will be the brightest except for the moon in the night sky. It will attain a magnitude of -2.9 and will appear 25.11 arc seconds wide.

At a modest 75-power magnification Mars will look as large as the full moon to the naked eye. Mars will be easy to spot. At the beginning of August it will rise in the east at 10 p.m. and reach its azimuth at about 3 a.m.

By the end of August when the two planets are closest, Mars will rise at nightfall and reach its highest point in the sky at 12:30a.m. That's pretty convenient to see something that no human being has seen in recorded history. So, mark your calendar at thebeginning of August to see Mars grow progressively brighter and brighter throughout the month.

Coyote Creek Cycling Classic 2003

Group in charge of Event is the Santa Clara County Council of the Boy
Scouts of America Learning for Life Division

This is the annual Boy Scout event that is; now officially looking for ham,
motorcycle and SAG support.
This is an easy event to support and the roads in the hills of south San
Jose and Morgan Hill are great at this time of year.
This should be another fun day in the saddle for a great cause.

When Saturday October 4th, 2003

Please pass this on to other hams!

for email contact : mailto:bike@...
Phone (408) 432-9628
Cell (408) 835-1866

Thanks / Tony / KF6QAJ / 73's

# 255. FW: American Diabetes Association Palo Alto "Walk for Life" - Sunday, October 5th, 2003

# 270. Tech and Code Class in Milpitas

Yahoo group: SB_Radio_Events
Date: 2003-09-30 21:16:29 UTC
From: Dale Jr, William
Topic: 270  Message: 270

All,

The Milpitas Amateur Radio and Electronics Society will be teaching a No-Code Technician Amateur Radio License class through the Milpitas Recreation Services department.

This class will be taught at the Milpitas Community Center (457 E Calaveras Blvd) on eight consecutive Monday evenings from 7-9PM, beginning October 13th and ending December 8th. The class number is 3504.401 and Rec Services can be reached at 586-3210 or www.ci.milpitas.ca.gov/citydept/planning/recreation/default.htm.

The fee is $35 ($25 for Milpitas residents). You will need a textbook titled "Now You're Talking" which can be purchased from Ham Radio Outlet in Sunnyvale or by contacting the instructor, Bill Dale, at 263-5325.

Also offered will be a Morse Code class also through the Milpitas Recreation Services department.

This class will be taught at the Milpitas Community Center (457 E Calaveras Blvd) on ten consecutive Wednesday evenings from 7-8PM, beginning October 8th and ending December 17th. The class number is 3514.401 and Rec Services can be reached at 586-3210 or www.ci.milpitas.ca.gov/citydept/planning/recreation/default.htm.

The fee is $35 ($25 for Milpitas residents). For additional information contact the instructor, Bill Dale, at 263-5325.

# 272. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2003-10-01 11:11:44 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6  Message: 272

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV
SB_Radio_Events-owner@yahoogroups.com

JOTA 2003

Date: Saturday, October 18, 2003
Time: 9:00AM - 4:00PM PDT (GMT-07:00)

Join us for Jamboree-on-the-Air 2003
W6MLP ? K6BSA
October 18-19th, 9 a.m. to 4 p.m.,
Fire Station One, 777 S. Main Street, Milpitas

The JOTA is an annual event in which about 500,000 Boy Scouts, Girl Scouts / Guides all over the world make contact with each other by means of Amateur Radio. It is a real Jamboree during which Scouting experiences are exchanged and ideas are shared, thus contributing to the world brotherhood of Scouting.

The JOTA is a world-wide event. Find out what Amateur Radio is all about ? Emergency Services, HF DX?ing, EchoLink (integration of the Internet with world-wide FM repeaters), digital communication modes, computer applications for DX?ing, Contesting, and Logging! Hours of operation will be from 9 am until 4pm on Saturday and Sunday, October 18th and 19th. For more information contact:

We would like to remind you of this upcoming event.

JOTA 2003

Date: Sunday, October 19, 2003
Time: 9:00AM - 4:00PM PDT (GMT-07:00)

Join us for Jamboree-on-the-Air 2003
W6MLP ? K6BSA
October 18-19th, 9 a.m. to 4 p.m.,
Fire Station One, 777 S. Main Street, Milpitas

The JOTA is an annual event in which about 500,000 Boy Scouts, Girl Scouts / Guides all over the world make contact with each other by means of Amateur Radio. It is a real Jamboree during which Scouting experiences are exchanged and ideas are shared, thus contributing to the world brotherhood of Scouting.

The JOTA is a world-wide event. Find out what Amateur Radio is all about ? Emergency Services, HF DX?ing, EchoLink (integration of the Internet with world-wide FM repeaters), digital communication modes, computer applications for DX?ing, Contesting, and Logging! Hours of operation will be from 9 am until 4pm on Saturday and Sunday, October 18th and 19th. For more information contact:

Bill Dale, president@... (408-263-5325), http://w6mlp.org
Richard Crouch, K6SA@... (408-741-1983)

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV
SB_Radio_Events-owner@yahoogroups.com

336. Tierra Bella Century Cycling Event for 2004

Yahoo group: SB_Radio_Events
Date: 2004-01-26 05:05:33 UTC
From: Ned Rice
Topic: 336 Message: 336

Hi Everyone,

It is time again to sign up for Tierra Bella 2004 which will be on Saturday April 3. You are receiving this because you were on my list for a previous Tierra Bella. I hope you might be able to help with the event this year. Please let me know!

EQUIPMENT DESIRED FOR HAM MOBILES

We are hoping again this year to get all mobile units set up with 2-meters and 440 using high-power mobile radios and external, gain antennas. As you know, the route is large and mountainous, so the mobiles radios have to be up to the task. As with last year, if you don't have this sort of gear, you are welcomed to sign up anyway, and we will work on putting together the equipment where it is needed. If you have extra equipment to loan for this, that would be great!

WHAT YOU CAN SEND TO ME

An email telling me whether you can participate this year! If you can, then please also provide the following information:

Name:

Call:

Phone:

Email:

Availability, whether all day, part day, etc.:

Equipment, specify whether 2m and 440, mobile vs HT only, and antenna.

Can you operate SAG using your own vehicle? If so, how may persons and bikes can your vehicle transport:

Can you provide SAG communications using your ham gear in a non-ham SAG vehicle that is operated by someone else?

Do you prefer to work at a rest stop?

Would you like to ride as a COMM motorcycle?

Include any other special Info. (preferences, etc.):

Thanks!
Don Irving, N6DRB

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV
SB_Radio_Events-owner@yahoogroups.com

From: Dale Jr, William
Topic: 355 Message: 355

Hello, all!

The FIRST weekly W6MLP net meeting will be held tonight, Thursday, at 7PM on the W6MLP repeater, 224.72 MHz, 100 Hz PL. This repeater will be linked with our Milpitas simplex frequency of 147.525 MHz, 100Hz PL.

This is NOT the ARES/RACES net which is held on Tuesday night.

All topics are open for discussion. This is a perfect time to get your questions asked or list Ham Radio items for sale. My packet station will also be on the air at 144.910Mhz 1200bps AX.25 packet. The station is N2RHV for keyboard-keyboard or N2RHV-9 for the mailbox. Other modes and frequencies my be added.

Yahoo group: SB_Radio_Events
Date: 2004-04-01 13:20:53 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 372

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV
SB_Radio_Events-owner@yahoogroups.com

ATV Demo:

Some of the items I will bring includes the 1.2GHz transmitter to uplink to K6BEN and also a smaller 1.2GHz antenna and stand for quick setup in the field powered by a 12 VDC battery.

I assume MARES will have the means to receive K6BEN (421.25MHz) downlink but I will bring a portable TV set also.

To see photos of some of my recent ATV field work, see
http://www.batnet.com/mfwright/2003vday-photos.html (Veterans Day parade)

Operating from my car during nighttime,

Bill,
It's that time of year again. We looking for Ham operators for the Primavera 2004.

The event is Sunday April 18. Please let me know if you or if you know of
anyone that would like to help

Currently, we are looking for additional operators to ride shotgun in the event supplied
SAG vehicles.
Attached is the map of the event. It is the same course and rest stops as previous years.

Feel free to email or call me.
Thanks,
Bob K6GD

Subject: [HAM_Volunteer] Hams Needed for Quicksilver Ride and Tie, May 15
Date: Tue, 20 Apr 2004 21:54:01 -0700
From: Jim Liston <jimliston@...>
Reply-To: HAM_Volunteer@yahoogroups.com
To: HAM_Volunteer@yahoogroups.com

Hello Fellow Amateurs,

Several more amateurs are needed to provide communications for the annual
Quicksilver Pro-Am Ride and Tie event at Almaden Quicksilver County Park
in San
Jose on Saturday, May 15th from 8am to 2pm.

Besides passing any health and safety traffic related to the
participants and event staff,
amateurs also track the participants passing their posts.

No experience is required. Any amateur is welcome to provide
communication for this
appreciative group.

After the event, the event sponsor invites the amateurs to a delicious
catered BBQ at
Lightfoot Stables on Mc Kean Road next to Calero Reservoir, less than 5
miles from the

392. Tour-De-Cure Needs Hams

Yahoo group: SB_Radio_Events
Date: 2004-04-27 02:11:03 UTC
From: RichTidd
Topic: 392 Message: 392

On Sunday, May 16, 2004, The American Diabetes Association is holding the 2004 Tour-De-Cure bike event.

It starts on Sand Hill Road in Menlo Park near the 280 freeway and has 100k, 50k and 25k routes.

The 100k route goes over the hills to Pescadereo on the coast and back. The communications for this is a joint effort with Hams from the SPECS area, SCARES area and Blackberry REACT.

There are a total of 5 rests stops and we are in need of Ham volunteers to man the rest stops. We already have some volunteers for relays, net control and sag wagons but we need additional support. Dual band mobile radios would be useful, but not essential.

If you would like to volunteer, contact Phil Stripling at KG6ILU@....

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

401. Moffett Airshow: Amateur radio display booth?

Yahoo group: SB_Radio_Events
Date: 2004-05-14 11:18:18 UTC
From: Michael Wright
Topic: 23 Message: 401

Moffett Airshow: Amateur radio display booth?

Moffett Airshow on May 29 and 30, 2004

Since the Airshow is a commercial venture, there is very little for Amateur Radio to contribute directly to the Airshow unless NASA-Ames, as the facility owner, requests RACES support; probably not going to happen unless something big and nasty occurs affecting Moffett and the surrounding communities.

However, I do hope again to get space in the NASA-Ames exhibit area for an Amateur Radio display/table where we can promote Amateur Radio and ARES/RACES and, if that happens, we will need lots of Amateur Radio support to staff the booth, answer questions, and provide technology demonstrations.

Last year's Amateur Radio display went great thanks to the efforts of a very few dedicated and overworked folks and, thanks to K6MFW, we even pulled off a ATV demo.

Availability of space for an Amateur Radio display booth is usually not confirmed until they have placed all the NASA exhibits, so, leadtime will be short to prepare and staff if we get the opportunity.

It is my hope we can get a space again this year and that there will be a greater last minute turn-out from the Amateur Radio community to support it when the call comes because we were way understaffed last year due to the short notice.

I'll keep you advised as we get any updates.

Mark Allard, KD6CWM
[message posted on SB_Radio_Events by Michael Wright, K6MFW]

More information regarding the airshow can be found on the Airshow Networks web site http://www.airshownetwork.com

Website for the NASA Ames Amateur Radio Club has been offline for sometime but we are in the process of bringing it back, soon to be online at http://hamradio.arc.nasa.gov

406. Moffett Airshow Amateur Radio Display Booth

Yahoo group: SB_Radio_Events
Date: 2004-05-24 18:00:41 UTC
From: Michael Wright
Topic: 406 Message: 406

Moffett Airshow: Amateur Radio Display Booth
May 29 and 30, 2004

There should be space in the NASA-Ames exhibit area this year for an Amateur Radio display and exhibit booth area at the upcoming Moffett Air and Space Show; May 29th and 30th. YES. This next weekend!!

The short notice is because NASA finalizes their formal displays, and, if any space is left available, offers it to other, related activities that have expressed an interest in display space.

We may have a display/table in the NASA-Ames exhibit area to promote Amateur Radio, however, we will not get confirmation until a few days before the event. Our table will not be selling products or function as a ARES/RACES station. Since the Airshow is a commercial venture, there is very little for amateur radio to contribute directly to the Airshow unless NASA-Ames, the facility owner, requests RACES support.

The opportunity is being sponsored by the NASA-Ames Amateur Radio Club (AARC), on behalf of Amateur Radio at large, as a means to promote Amateur Radio, its value, and its contributions to aeronautics, space, community service, and recreational communications.

I am soliciting for between 4-10 individuals who are willing to help plan and set-up the area, starting as early as Tuesday, 5/25, staff the exhibit areas for a minimum of 4 hour shifts, and help break the exhibit down on Sunday after 4:30PM.

The display must be substantially completed by Friday morning, 5/28, and identified shifts are ,
Friday, 5/28 (10AM-2PM) ** Special "Education Day" Exhibit Review Opportunity Just for School Kids **
Saturday, 5/29 (8:30AM-12:30PM and 12:30PM-4:30PM)
Sunday, 5/30 (8:30AM-12:30PM and 12:30PM-4:30PM)
Sunday, 5/30 (4:30PM-7:30PM) - Break Down of Display

Last year a highly successful Amateur Radio display was provided and staffed by 4 very hard working and creative Amateur Radio enthusiasts with additional support from drop-in people within the local Amateur Radio community, however, everyone would have felt less overwhelmed if there were a few more helping hands.

Based on last year's exhibit, we will hope to set-up, at a minimum, 1 scanner with the Airshow frequencies and 1 scanner with common Amateur Radio frequencies, some of the ARRL promotional videos playing back, and literature related to various aspects of Amateur Radio with a focus on how Amateur Radio contributes to aeronautics, space, the local community, and

living and working in space such as the SAREX program.

Additionally, I'd very much like to see us prepared to have a 2M station up and operating a talk-in net for the airshow, an Amateur Television exhibit with some live ATV transmissions from the Airshow, and, possibly, some other sample equipment and modes demonstrating QRP operations, HF operations, OSCAR tracking and satellite communications, possibly even a crystal set radio kit or something visually interesting related to building communications projects.

We have the space, we have the opportunity, and, given what Amateur Radio operators are capable of doing on short notice, the time and dedication to have a great Amateur Radio exhibit at the Moffett Air and Space Show, and some great fun.

Some other "Perks" should include,
Easy parking on site.
No Admission fee on days worked.
A free Airshow poster, courtesy of the AARC.
Knowing you helped promote Amateur Radio in our community.

If you feel you can make the necessary commitment and/or can help with appropriate resource and display materials, please contact me by phone or EMail per below-

422. [SB_Radio_Events] Tour De Peninsula 2004

Yahoo group: SB_Radio_Events
Date: 2004-06-30 01:42:07 UTC
From: Richard Tidd KE6HNY
Topic: 422 Message: 422

Hi

Tour de Peninsula 2004 needs Amateur Radio Operators!!!!

Event: San Mateo County Parks Foundation - Tour de Peninsula 2004
http://www.rhodyco.com/touredep.htm
Date: Sunday August 1st, 2004
Time: 0500 for some positions, 0800 for others to about 1400hrs
Location: Redwood City,San Carlos,Belmont,San
Mateo,Hillsborough,Millbrae
Comm Boss: Richard Tidd, KE6HNY 877-309-7516 or ke6hny@...
On-line Reg form: http://www.quickbase.com/db/6srh2ujk

Amateur radio operators are needed for the San Mateo County Parks and Recreation Foundation, Tour de Peninsula, a 33 mile bike ride in San Mateo County with 17 and 21 mile short-cuts and 5 rest stops with refreshments. We need approx. 30 hams to work in fixed posts, shadows for event personnel, bike mobiles, and net control.

Run by RhodyCo Productions, the ride starts at Sequoia High in Redwood City, winds through San Carlos, Belmont, San Mateo, Sawyer Camp Trail in the watershed, Millbrae, and back to Sequoia High via Hillsborough, San Mateo, Belmont, and San Carlos. This is quite a ride through urban centers and wilderness. This year's beneficiary is the San Mateo County Parks and Recreation Foundation.

If you are interested in working this event, please point your browser to <http://www.quickbase.com/db/6srh2ujk>http://www.quickbase.com/db/6srh2ujk for the On-line form.

Go to the "ADD A NEW RECORD" button the top or the screen. Here you will enter your info as requested.

We will probably need to start early, say 6am, but I will let you know more as I find out.

This event offers an excellent opportunity for emergency you to provide needed services to a beneficial event as well as utilize your skills. We will operates under the Standardized Emergency Management System (SEMS) and utilizes the Incident Command System (ICS). We may work in close affiliation with local and state government agencies as needed.

COMMUNICATIONS
Operates a mobile, portable or fixed communication facility as needed. Communications personnel may be on Amateur Radio, GMRS, business radio, or other radios systems as needed. Communications personnel may be provide shadow and fixed post radio services and may operate any type of radio

system as needed. MIMIMUM QUALIFICATIONS: Amateur Radio personnel must have at least a Technician Class license. GMRS requires a GMRS radio class license. Should be a member of a recognized ARES/RACES/ACS type of organization.

Thank You from
Richard Tidd
KE6HNY, KAF4732

Communications Director for Tour de Peninsula

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV

427. New Santa Clara Co. Group/Ham and Scanning

Yahoo group: SB_Radio_Events
Date: 2004-07-06 17:22:26 UTC
From: brianc_95008
Topic: 427 Message: 427

Hi all,

In no way do I want to take away anything from this group and all the great information it has to offer but in an effort to expand our hobby I have created a new Yahoo Group focusing on Santa Clara County.

This new group will, as this group does, discuss public service radio scanning. Also, since I am an amateur radio operator, I've added ham radio freq's to this new group.

Please feel free to join the new "Santa_Clara_County_Scanning" group @

http://groups.yahoo.com/group/Santa_Clara_County_Scanning/

Enjoy!

From: Ned Rice
Topic: 440 Message: 440

Hello All.
I made a mistake in my last letter. I put .com instead of .net
Sorry if you received this more then once.

In the next few weeks, I will be changing my Email and Phone Number. My
Cell Number will
become my Primary number. 831-419-1778. For you math people, Yes I know
they are not
Prime Numbers. My Home phone will be NO LONGER. With that, I will be
dropping my
DSL. Because I work for Comcast, I get Cable DSL for free. That is why
my Email will also
be changing. In addition my Web page will also be moving too.
http://nedrice.home.comcast.net/

New Email address is nedrice@...
Cell Phone Primary number 831-419-1778
http://nedrice.home.comcast.net/

Please Use these to contact me in the future.

Talk to ya soon
Ned

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV

458. Palo Alto Airport Day - 12 Sept 2004

Yahoo group: SB_Radio_Events
Date: 2004-09-07 18:43:00 UTC
From: Michael Wright
Topic: 458 Message: 458

Next Sunday (12 Sept 2004) is Palo Alto Airport Day and the Palo Alto Airport Assn has requested communications support from the Ames Amateur Radio Club. Specifically, they need at least 10 hams to work as shadows for VIPs. The airport will be open to the public from 10:00 AM to 4:00 PM and the committee has requested communications support beginning around 8:00 AM and running on until some undefined time after 4:00 PM.

The event will be spread out over the entire airport and some surrounding areas. Many businesses will be represented with booths and hardware and many displays will be set up for viewing and participation. Many airplanes will be on display including several that will be flown in for the event. Even the tower will be open for visitors. It will be an exciting and interesting event and VIPs will be all over the place all day long.

We need at least 10 volunteers please respond to this request.

Mark Allard at (650) 604-6145 or mallard@...
Linton Kypta at (650) 604-5165 or lkypta@mail.arc.nasa.gov

This will be a high profile event the AARC should be on the scene. Please support the AARC on this one.

466. 2004 Coyote Creek Cycle Classic - October 2

Yahoo group: SB_Radio_Events
Date: 2004-09-29 18:11:12 UTC
From: Dale Jr, William
Topic: 466 Message: 466

Yep, THIS SATURDAY

This event is held annually in October as a BSA/Explorers fundraiser. They are under new management
and did not include us Hams in any planning.

And the course has changed too!

We need an event lead and about 8-12 radio operators.
http://www.sccc-scouting.org/sccc/finance/c2k4.asp
It is unclear but this event usually starts about 7 am and runs until 2 pm.

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV
SB_Radio_Events-owner@yahoogroups.com

472. October 9 Cupertino Tournament of Bands

Yahoo group: SB_Radio_Events
Date: 2004-10-06 04:41:54 UTC
From: Stuart Chessen
Topic: 472 Message: 472

October 9 Cupertino Tournament of Bands

I am looking for HAMS who want to help on communications of Tournament of Bands Parade, Cupertino, Oct 9th, Saturday 8:00am - 12:30pm (shorter times available).
This parade is an excellent opportunity for HAMs to build traffic handling expertise and get a sense of field work. HAMs will staff the parade route and pass logistics traffic on behalf of event organizers.

We will be gathering at 8am at Vallco Shopping mall parking lot, at the corner near Stevens Creek & Wolfe Rd. This will be command center and net control.

I need 4 corner communication rovers & 3 parade marshal shadow.

Website http://207.88.19.227/studentlife/band/tob.shtml

We will be using simplex Set up for CARES TAC- 1 and K6FUZ repeater for backup.

Contact me at this email or call (408)203-2469 cell.

Regards,

Stuart KF6RZR,

We still need communications help this coming Sunday morning for the Walk for AIDS in San Jose! This is a great opportunity to practice your radio skills and have a lot of fun. All proceeds benefit local organizations. If you want to join us as a bicycle mobile, rover, shadow, or net control person, please contact Pink Foster, W6PST, immediately at w6pst@... or cellular 650-793-1915.

We will use 2-m simplex, so bring a reliable HT and a headset or speaker-mic. Please be there between 0700 and 0830, or earlier to help with setup. Walker registration begins at 0700, Opening Ceremonies are at 0830, the Walk begins at 0900. The Post-Event Party starts at 1030. The Walk is over between 1100-1200.

AS A THANK YOU:
Every WFA comm volunteer will get a free WFA volunteer t-shirt. There will be bottled water and snacks around at the site and rest stops.

73!

478. Hams needed or the Saturn Relay 2004

Yahoo group: SB_Radio_Events
Date: 2004-10-15 01:12:00 UTC
From: Richard Tidd KE6HNY
Topic: 478 Message: 478

I am looking to fill a few posts for an event called The Saturn Relay in the Palo Alto area heading up to Skyline & Hw 9 on Sunday, Oct 24th.

The event is actually a 200 mile running relay that Is America's Second Largest Relay & starts from the Calistoga Mineral Water Company in Napa Valley, passing through Sonoma County, Marin County-through Sausalito, across the Golden Gate Bridge under a full moon, through San Francisco, San Mateo County to Palo Alto and through Silicon Valley ending at the Santa Cruz Beach and Board Walk.

The Relay supports donations through Organs 'R' Us with some 250 12 member teams runing 36 legs (3 legs per runner, 3-8.9 miles each) through 36 cities.

If you are interested, please contact me for more info.
I have posts in the Palo Alto area.

Thank You from
Richard Tidd
KE6HNY, KAF4732
Peninsula Comm Boss for The Saturn Relay

483. Class: Introduction to Amateur Radio and Emergency Communications

Yahoo group: SB_Radio_Events
Date: 2004-10-23 05:09:17 UTC
From: Paul Lufkin
Topic: 483 Message: 483

Announcing an introductory class for newly licensed hams who are interested in Emergency Communications.

This class assumes you have just received your license and have lots of questions about terms used, operating protocol, the different ham bands, or setting up your radio to access a repeater. (If you don't know what a repeater is ☐ don't worry. You'll learn it in the class.)

You will learn how to participate in a directed net and handle emergency radio traffic. The class is both lecture and hands-on exercises. It is not designed to help you pass any ham radio test.

Bring your radio (and instruction manual), if you have one. If you don't have them, come anyway. We'll have one you can use.

Everyone Welcome ☐ we ask for $4.00 to cover duplicating handouts

When: Saturday, November 13 from 1:00 PM to 4:00 PM
Where: Cubberley Center room H6 (old Cubberley High School)
4000 Middlefield Road, Palo Alto
(between San Antonio Rd and Charlston)

For more information, directions and registration contacts, please visit:

http://www.scc-ares-races.org/training/TheHamRadioClass.htm

Hope to see you there!

We would like to remind you of this upcoming event.

Introduction to Amateur Radio and Emergency Communications

Date: Saturday, November 13, 2004
Time: 1:00PM - 4:00PM PST (GMT-08:00)

This class assumes you have just received your license and have lots of questions about terms used, operating protocol, the different ham bands, setting up your radio to access a repeater. (If you don?t know what a repeater is ? don?t worry. You?ll learn it in the class.) You will learn how to participate in a directed net and handle emergency radio traffic. The class is both lecture and hands-on exercises. It is not designed to help you pass any ham radio test.

More information, directions and registration contacts are at http://www.scc-ares-races.org/training/TheHamRadioClass.htm

492. FCC suspends Amateur Service license grants

Yahoo group: SB_Radio_Events
Date: 2004-11-09 22:11:07 UTC
From: Ned Rice
Topic: 492 Message: 492

This was an alert sent to me via my sister who is also a ham.

Ned KE6ZOZ

> SB QST @ ARL $ARLB034
> ARLB034 FCC suspends Amateur Service license grants
>
> ZCZC AG34
> QST de W1AW
> ARRL Bulletin 34 ARLB034
>>From ARRL Headquarters
> Newington CT November 8, 2004
> To all radio amateurs
>
> SB QST ARL ARLB034
> ARLB034 FCC suspends Amateur Service license grants
>
> The FCC has stopped issuing Amateur Service license grants while it
> attempts to unravel an apparent computer programming glitch. The FCC
> posted a public alert on the Universal Licensing System (ULS) site
> on November 5. At this point, no one seems to know when the problem
> will be fixed.
>
> ''The granting of Amateur applications has been temporarily
> suspended,'' the FCC announcement says without further explanation.
> ''We apologize for the inconvenience.'' The Commission has given no
> indication when processing might resume, but when it does, the FCC
> likely will pull back more than 125 Group D (2x3) amateur call signs
> it mistakenly issued out of sequence and grant the applicants new
> in-sequence call signs. Although they eventually may be set aside
> and replaced, all call signs showing up in the ULS database are
> legal to use on the air.
>
> The difficulties began October 28, when the FCC implemented a ULS
> software change that caused applications to be processed improperly.
> ARRL Volunteer Examiner Coordinator Manager Bart Jahnke, W9JJ, says
> the FCC was forced to halt the processing of amateur applications
> after attempts to correct the initial error only seemed to make
> things worse. ''The FCC is still trying to get its arms around the
> problems,'' he said this week.
>
> The ARRL VEC has been working with personnel in the FCC's licensing
> branch to identify where the FCC had been in the call sign
> sequences, where it had jumped to and where it was supposed to be.
>

> Jahnke says the problem appears to have affected only Group D call
> signs.

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV
SB_Radio_Events-owner@yahoogroups.com

Hi Everyone :)

I'm part of the quiet crowd in the group..however I'd like to let everyone know that I work for the San Jose Metro Newspaper. We are located downtown San Jose and are working on our Calendar of Events.

If there are any events happening that you guys know of and would like to publish in our newspaper, I'd be happy to help. :)

Please contact me at (408) 200-1342 or e-mail me at Knguyen@...

Look forward to getting to know you :)

- Kimmy :)

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV
SB_Radio_Events-owner@yahoogroups.com

520. Contest sheet

Yahoo group: SB_Radio_Events
Date: 2005-01-09 05:02:57 UTC
From: theo_a@comcast.net
Topic: 520 Message: 520

Thanks to Bill, I am back with Contest info.

Ted

contest rules summaries:
SO - Single-Op; M2 - Multi-Op - 2 Transmitters; MO - Multi-Op; MS - Multi-Op, Single Transmitter; MM - Multi-Op, Multiple Transmitters; AB - All Band; SB - Single Band; S/P/C - State/Province/DXCC Entity; HP - High Power; LP - Low Power; Entity - DXCC Entity

HF CONTESTS

There are a number of short contests celebrating the New Year. For more information, view the Web sites for each contest.
o ARRL Straight-Key Night - see http://www.arrl.org/contests/forms.
o New Years Snowball Contest - sponsored by the Activity Group of Belarus (AGB) - http://www.qsl.net/eu1eu/index_e.htm.
o HA Happy New Year Contest - sponsored by the Budapest Society of the Hungarian Radio Amateur Society and the Pusk?s Tivadar Radio Amateur Club - http://radioklub.puskas.hu/ha5khc/web/
o SARTG New Year RTTY Contest - sponsored by the Scandinavian RTTY Activity Group (SARTG) - http://www.sartg.com/contest/nyrules.htm
o AGCW Happy New Year Contest - sponsored by the Arbeitsgemeinschaft CW - http://www.agcw.de/.

UBA-SWARL 365 Day Contest - All modes - sponsored by the Royal Society of Radio Amateurs (UBA) and the Short Wave Amateur Radio Listening (SWARL) during 2005. Participants log DXCC entities on all amateur bands from 160 - 10-meters, including WARC bands, according to the IARU band plans. Only one category - mixed mode, including all digital modes. Each entity logged counts one point per band. Logs are due at three times through the year - 31 March, 30 June, and 30 September to ONL4299@... (email only). For more information: http://www.uba.be/hf_contests/calendar/cal_pop_01.html#.

ARRL RTTY Roundup - 1800Z Jan 8 - 2400Z Jan 9, operate for 24 hours max. with no more than two off periods. Frequencies: 80 -- 10 meters. Categories: SO-LP, SO-HP, MS-LP, MS-HP, 10-minute band-change rule for MS. Exchange: RST + state/province/serial number. QSO Points: 1 pt/QSO. Score: QSO points x States + Provinces + DXCC entities counted only once (KH6, KL7 count as DXCC only). For more information - http://www.arrl.org/contests/forms. Logs due Feb 8 to rttyru@... (Cabrillo format only) or RTTY Round-Up, ARRL, 225 Main St, Newington, CT 06111.

Kid's Day - Phone, sponsored by the Boring Amateur Radio Club from 1800Z to 2400Z Jan 2. Frequencies: 28350 - 28400, 21380 - 21400,

14270 - 14300 kHz, and 2-meter repeaters with permission of repeater control ops. Exchange: Name, age, and favorite color. If the operator has changed, a station can be contacted again. For more information: see page 50 of January 2004 QST or http://www.arrl.org/FandES/ead/kd-rules.html. No scores or logs are required - every participant is eligible to receive a colorful certificate. Send a 9 X 12 SASE to Boring Amateur Radio Club, 15125 SE Bartell Rd, Boring, OR 97009.

North American QSO Party - CW, sponsored by the National Contest Journal from 1800Z Jan 8 - 0600Z Jan 9. Frequencies: 160 - 10-meters. Categories: SOAB and M2, 100 W power limit, operate a maximum of 10 hours (off times must be at least 30 min and M2 entries may operate the entire contest). Exchange: Name and S/P/C. Score: QSOs X States + Province + NA DXCC countries (count each once per band). For information: http://www.ncjweb.com/naqprules.php. Logs due Jan 23 via the Web form at http://www.ncjweb.com/naqplogsubmit.php, via email to cwnaqp@... (there is a Web-to-Cabrillo converter link on the rules page) or Bruce Horn, WA7BNM, 4225 Farmdale Avenue, Studio City, CA 91604. The same mailing address will be used for both modes of this contest.

DARC 10-meter Contest - CW/SSB, sponsored by the Deutscher Amateur Radio Club from 0900Z -1059Z Jan 9. Frequencies: CW 28.000 - 28.200 MHz, SSB 28.300 - 28.700 MHz, work stations once only. Categories: SO-Mixed Mode and SO-CW. Exchange: RS(T) and serial number, DL stations add DOK code. QSO points: 1 pt/QSO. Score: QSOs x WAE and DXCC entities + DOK codes. For more information: http://www.darc.de/referate/dx/fedcz.htm. Logs due 25 Jan to 10m-contest@... or Frank Steinke, DL8WAA, PO Box 1188, D-56238 Selters, Germany

Midwinter Contest - CW/SSB, sponsored by the Dutch YL Committee, CW from 1400Z - 2000Z Jan 8, SSB from 0800Z - 1400Z Jan 9. Frequencies: 80 - 10-meters, SSB 3.600-3.650, 7.080-7.090, 14.270-14.300, 21.270-21.300, 28.470-28.500 MHz. Categories: YL-SSB, YL-CW, OM-SSB, OM-CW, SWL. Exchange: RS(T) and sequence number, OMs start with 001 and YLs start with 2001. QSO Points: YL - 5 pts, OM - 3 pts. Score: QSO points x DXCC entities counted once per mode. For more information: http://www.qsl.net/pi4ylc/Engels/midwinter%20contest.htm. Logs due 15 Feb to jckoekkoek@... or PA3GQG - Contestmanager Midwintercontest, Keulenheide 1, 6373 AP Landgraaf, The Netherlands

VHF+ CONTESTS

There are no VHF+ contests scheduled, although some of the VHF Contest Clubs may be sponsoring a local Straight Key Night, such as the Pacific NW VHF Society (http://www.pnwvhfs.org/.)

Thanks again Bill for your help.

The Ham Shack is open every Saturday from 9AM to Noon, thanks to Bill. Sure would be nice if more Hams would show up and work the Bands.

By for now & 73's Ted

Please join the SB_Radio_Clubs group.

This group supports radio, electronics clubs, emergency communications and repeater organizations in the South San Francisco Bay Area, especially Santa Clara Valley.

Many of these clubs are affiliated with the Amateur Radio Relay League http://arrl.org. This group is not limited to those clubs.

It is intended as a place to share programs, speakers, resources and lessons learned by officers and members of these clubs and organizations. It is not a technical group although technical discussions are permitted.

Please feel free to add your comments and ideas on how to strengthen all clubs involved in electronics and Ham radio.

Introduction to Amateur Radio and Emergency Communications

Date: Saturday, February 26, 2005
Time: 1:00PM - 4:00PM PST (GMT-08:00)

This class assumes you have just received your license and have lots of questions about terms used, operating protocol, the different ham bands, setting up your radio to access a repeater. (If you don?t know what a repeater is ? don?t worry. You?ll learn it in the class.) You will learn how to participate in a directed net and handle emergency radio traffic. The class is both lecture and hands-on exercises. It is not designed to help you pass any ham radio test.

Flier and registration are at
http://www.specsnet.org/JanFlyer.pdf or http://tinyurl.com/5fzbk

Radio Operator's Needed
replyto:chiefdoc7@...

Hello everyone !

QST...QST...QST...once again it is drawing near for the premier cycling 15th annual event of the Central Coast.

I still have some positions open for this event.

BACKGROUND: We supply the emergency and health and welfare communications for the Bureau of Land Management (BLM) Public Lands / "back country." We have an NCS within the SCRAMP COMMS Bldg. that are collated with the event medical / fire dispatchers. Every position is accessible by vehicle. A 4X4 is not necessary. W6HMC will be convoying
in the operators and providing a
personal briefing for each communications position.

BENEFITS: You will receive an event tee shirt and a lunch on SAT. and SUN. 16/17 April 2005 that "Lead" will drive out to each position. They are made by Zeph's, a local Salinas deli. ALSO you will receive a Staff "wrist bracelet" that entitles you to park and enter the venue THURS. & FRI and whichever weekend day you are not working.

OPS: "Staging" is located at the Hwy 218 / Del Rey Oaks area, "Moose Lodge" at 0615 both days. The time commitment is until on or about 1600 with SUN. being traditionally the longest day. The event "Moto Sweep" is the deciding factor. They "don't want to leave anyone behind" out on the hills of the former Fort Ord.

This year the fund raising, through admission sales, focus will be for the "Cypress Youth Fund."

Mission: the Sea Otter Classic is to "to make people's lives better through participation in sport and recreation and through celebration of an active outdoor lifestyle. The Fund focuses on those organizations that benefit their communities in the following area:
Youth
Sport
Education
Environment
By embracing an active lifestyle and good eating habits, the tragedy of cardiovascular disease, Type 2 diabetes and other, potentially fatal conditions, may be avoided. Cycling, in particular, can be enjoyed as a life long activity that supports a healthy lifestyle."

If you would like to know more about the "Fund" please e-mail Bob Spencer and he will be pleased to forward the "rest of the story" and the benefiting organizations.

ATHLETIC PERSON NEEDED: We offer the "FREE" SAT. "Family Fun Ride," You just peddle at your own pace as a "bicycle mobile," enjoy the scenery, the company of other riders and you can stop and chat with the other operator's at the Marshall / Emergency COMMS Points. If of course you see a need for medical assistance you can call it in directly to NCS or relay it through a Marshal / Emergency COMMS Point operator.

This "Mountain Bike Tour provides one with a 10 or 20 mile ride of fun and camaraderie on the emerald green hills of Laguna Seca's back country. The MTB tours are ideal for mountain bikers that prefer rides filled with lots of smiles rather than lots of miles." hi hi You would ride FREE, but are also provided with a" delicious BBQ and prize-loaded raffle." W6HMC will sign this person up on line, so they are "officially" registered and accounted for.

CRITICAL REMOTE SITE COMMS: Sunday we have a "bike in / bike out" position in a very remote and accident prone area of "Couch Canyon." At the end of the race this will be the second position to be secured. You will be between two "mountain top" Amateur Radio operators. Also the BLM "BETA" volunteer equestrian / first aid team will be patrolling in your area. They do not have direct COMMS with the event medical/fire dispatchers and our NCS, collocated with them, so we relay emergency and priority messages for them.

EXCERPTS FROM "SEA OTTER SAMPLER: "Only at the Sea Otter Classic will you find the sweet motion of 10,000 cyclists and 50,000 fans moving to the beat of 20 different cycling events....Sea Otter's slate of world class professional Road, Mountain Bike and Gravity racing continues to attract elite racers from around the world. World and Olympic Champions say good-bye to winter and hello to new sponsors colors and a new season of challenges....Mountain Bike Cross Country. Since 1991 the SOC 18 mile cross country course has been considered the world's best. It's a swirling blend of fire roads and single track; steep short climbs and the long climb home, rocks, sand, loamy soil, tight sections in the trees, open hills and fields of lush grass."

Only once a year may we enter this pristine "back country" with our BLM vehicle passes to enjoy its beauty and tranquility, except when the cyclists pass by. hi hi

As in years past we have procured a "Certificate of Insurance" for medical and liability by the "USA Cycling, INC. Sea Otter Classic LLC NORBA." Due to ECTAR's 501 (3)(c) status we were able to be granted this. Thanks!

Additionally Monterey County Operational Area (OA) DSWVP personnel will be covered under the "training" clause by State Worker's

Compensation and the Volunteer Protection Act of 1997 while actually at the event, because it is located within the county jurisdiction. This functional training will be annotated in the individual's DSWVP Training Record.

For out of county ARES / RACES /DSWVP please contact W6HMC and he will provide your Training Officer with event participation documentation.

A "SOC COMMS Plan" will be forwarded to volunteers via a "Word" e-mail attachment or USPS before the event. The SOC "Sampler" can also be mailed out to out-of-the-area "Hams" as well.

Pre-event briefings will be provided at the 3/17/05 "Pizza/Sandwich/Salad Bash," Roundtable Pizza on Del Monte Ave. in Marina with a cross street of Reservation Rd. and the 4/14/05 Naval Postgraduate School Amateur Radio Club (NPSARC) meeting. To enter NPS you need to be a member (membership application: npsarc.org), active or retired military or let us know by 3/1/05 so you may be added to the "NPS Base NPSARC Access List."

Between now and then W6HMC will be attending 3 SOC Planning meetings and will be sending out a group e-mailing to keep the signed-up volunteers up-to-date.

Thanks for your considering volunteering for the 2005 Sea Otter Classic!

chiefdoc7@...

PS: On 4/24/05 Rick Lagerstrom/KN6FR is also looking for Big Sur International Marathon (BSIM) operators. You can contact him: kn6fr@...

This year he will be using APRS "trackers," on CHP, Sag Wagons, Ambulances (?); media truck and "tail end Charlie / Sweep." So if you have a Kenwood D700A, in your vehicle, or another APRS portable DIGI he could use as well as working a course position that would be great.

We would like to remind you of this upcoming event.

Introduction to Amateur Radio and Emergency Communications

Date: Saturday, February 26, 2005
Time: 1:00PM - 4:00PM PST (GMT-08:00)

This class assumes you have just received your license and have lots of questions about terms used, operating protocol, the different ham bands, setting up your radio to access a repeater. (If you don?t know what a repeater is ? don?t worry. You?ll learn it in the class.) You will learn how to participate in a directed net and handle emergency radio traffic. The class is both lecture and hands-on exercises. It is not designed to help you pass any ham radio test.

Flier and registration are at

GET YOUR RADIO LICENSE IN ONE DAY!

Saturday April 16, 2005
8:30 am - 4:00 pm
San Francisco Fire Department
Division of Training
2310 Folsom at 19th Street

Enter on 19th Street for ample free parking.
Bring $20 in cash for study materials & test.

RSVP to dave1@..., drop-ins OK, bring 2 ids.

Get your license and get on the air, the first step in learning
emergency communications. More info on www.arrl.org

Passing this 35-question multiple-choice test will get you a ham radio
license from the FCC. You will be able to use local ham radio channels for
Bay Area communication. A great resource in case of emergency.

563. ADA Peninsula Tour de Cure-Radio Ops Needed!

Yahoo group: SB_Radio_Events
Date: 2005-04-07 22:33:49 UTC
From: Bill Dale
Topic: 563 Message: 563

FYI - Radio Ops Needed!

The ADA Peninsula Tour de Cure is Sunday, May 22, 2005. We're looking for amateur radio operators for this all day event comprised of three bicycle races, 25K, 60K, and 100K in length. The longest race goes over the mountains from Bay side to Coast side, and we need operators with excellent equipment and good experience to run stations at bike rest stops and at net control. It's a demanding event that tests your expertise running a remote station during an event (planned or unplanned).

See http://www.civex.com/tour/ for more information and to volunteer. We need SAGs, rest stop staff, and mobile comm units.

572. San Francisco Bay to Breaker race needs volunteers for the May 15 event

Yahoo group: SB_Radio_Events
Date: 2005-04-19 14:54:11 UTC
From: Woody B-C
Topic: 572 Message: 572

Hi everyone,

Bay to Breakers is coming on Sun May 15! This is our best disaster drill of the year. It's also a fun event with classic San Francisco craziness. Red Cross provides first line medical care with a combination of fixed and mobile first aid teams and logistical and comm support. We are in need of communicators (to work with medical teams, logistical teams, and net control personnel), recorders (who work with the caregivers to interview patients and complete paperwork), people to assist with logistics, and caregivers (need to be certified as First Responder or above).

Please contact Grace Pun (415-427-8864 / pung@...) or
Woody Baker-Cohn (415-760-5066 / KG6LAF@...).

Thanks,
Woody

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV
SB_Radio_Events-owner@yahoogroups.com

Not sure I can help you with the address Bill, but their web site newsletter shows the president email as af6tf@... so maybe that will help. Website is www.paara.org.

I planned on being at Dayton this year. We are just 3 hr drive away at present but our schedule got too busy to make another side trip. I expected it to rain again at Dayton since it has rained 3 out of the 4 times I have been there. From your pictures it looks like it rained the night before and was overcast....so maybe it still had some rain left in the system.

Have fun.

Jim/wa6dij/Castroville, CA but currently in Kokomo, IN

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV
SB_Radio_Events-owner@yahoogroups.com

596. Field Day operation moved to the Fire Station One Portables

Yahoo group: SB_Radio_Events
Date: 2005-06-10 15:00:29 UTC
From: Bill Dale
Topic: 596 Message: 596

At last nights Milpitas Amateur Radio & Electronic Society club meeting it was decided to move the Field Day operation to the Fire Station One Portables at the Milpitas City Secondary EOC. The plan at this time is to operate Class F from the portables were the W6MLP station is located. There is no plan for food at this time.

The OES Van will be used for an additional VHF Station, packet or an additional HF station.

The major reason for this change is lack of operators.

Full rules for Field Day are found here:
http://www.arrl.org/contests/rules/2005/rules-fd-2005.html

The rules for Class F are below:

4.8. (Class F) Emergency Operations Centers (EOC): An amateur radio station at an established EOC activated by a club or non-club group. Class F operation must take place at an established EOC site. Stations may utilize equipment and antennas temporarily or permanently installed at the EOC for the event. Entries will be reported according to number of transmitters in simultaneous operation. Eligible for a GOTA station at Class 2F and above.

4.8.1. For Field Day purposes, an Emergency Operations Center (EOC) is defined as a facility established by:

a) a Federal, State, County, City or other Civil Government, agency or administrative entity; or

b) a Chapter of a national or international served agency (such as Red Cross or Salvation Army) with which your local group has an established operating arrangement.

4.8.2. Planning of a Class F operation must take place in cooperation with the staff of the EOC being activated.

4.8.3. Other provisions not covered are the same as Class A.

4.8.4. A Class F station may claim the emergency power bonus if emergency power is available at the EOC site.

Just a reminder...

There is a one day Ham radio license class Saturday, July 9th at the College of San Mateo. The session runs from 8:00 AM until approximately 5:00 PM. The fee is $30 and includes the study material and license test fee. It is open to anyone.

For a current flyer go to: http://k6mpn.org/training/index.html

For more information or reservations contact Ross Peterson at: wb6zbu@...

You'll be preparing for the "No-Code Technician" test. Meaning, you don't need to know Morse Code to get your ham radio license. And, once you have your ham license, you don't ever have to repeat the test.

One Day Amateur Radio License Study Session, Followed by Exam

Date: Saturday, July 9, 2005
Time: 8:00AM - 5:00PM PDT (GMT-07:00)

This is a one day Ham radio license class Saturday, July 9th at the College of San Mateo.

The session runs from 8:00 AM until approximately 5:00 PM.

The fee is $30 and includes the study material and license test fee. It is open to anyone.

For a current flyer go to: http://k6mpn.org/training/index.html

For more information or reservations contact Ross Peterson at: wb6zbu@...

You'll be preparing for the "No-Code Technician" test. Meaning, you don't need to know Morse Code to get your ham radio license.

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV

Subject: [TalkNet] The LARK Swap Meet has moved!

Just to let people know, there is STILL a swap meet in Livermore this coming Sunday (July 3rd), but it's at a new location. We are now going to be at Robertson Park in Livermore. Details and directions can be found at http://www.larkswap.com/

Talk-in is on 147.12+ CTCSS 100Hz. I have been told that there will be people monitoring that frequency. Hope to see you there!

624. Urgent need for communicators to support SF Marathon on Sun July 31

Yahoo group: SB_Radio_Events
Date: 2005-07-21 02:02:12 UTC
From: Woody B-C
Topic: 624 Message: 624

Hi all,

The ARCBA chapter supports a number of races with medical services. One of those, the SF Marathon, is coming up on Sun July 31 and we are woefully short of communicators and recorders. It's a large event and serves as an excellent communications drill. Typically, there is comm traffic related to logistics, general status, medium priority medical problems requiring consultation with the onsite medical director and code 2 ambulance transport, and a significant number of high priority medical incidents requiring urgent radio traffic with the medical director and code 3 transport.

To be a communicator, you need an FCC HAM license. Recorders work with patients and caregivers to document treatment and patient information. Both these positions require current First Aid and CPR.

We need comm staff for fixed and mobile first aid teams, logistics support, liaisons with PD and event staff, and to serve as Net Control on three different nets. What ever level of activity you might be interested in, we've probably got it.

Again, this is an excellent opportunity to get some real world emergency comm practice. Please pass this notice on.

Please contact Grace Pun to sign up (pung@... / 415-427-8864) or Woody B-C for any comm related questions (KG6LAF@... / 415-608-8974).

Thanks,

Woody Baker-Cohn

Introduction to Amateur Radio & Emergency Communications Class

Date: Saturday, August 20, 2005
Time: 1:30PM - 4:30PM PDT (GMT-07:00)

The class is a 3-hour introduction for new hams which includes: terms used in amateur radio, operating protocols, the different ham bands, and setting up your radio to access a repeater. You will learn how to participate in a directed net and handle emergency radio traffic.

Flier and registration form at
http://www.specsnet.org/2005AUG.pdf

Bring your radio (and instruction manual) if you have one. If you don't have one, come anyway; we'll have a portable radio you can borrow.

FEE: $5.00 to cover handouts

Reservations are required.

Introduction to Amateur Radio & Emergency Communications Class

Date: Saturday, August 20, 2005
Time: 1:30PM - 4:30PM PDT (GMT-07:00)

The class is a 3-hour introduction for new hams which includes: terms used in amateur radio, operating protocols, the different ham bands, and setting up your radio to access a repeater. You will learn how to participate in a directed net and handle emergency radio traffic.

Flier and registration form at
http://www.specsnet.org/2005AUG.pdf

Bring your radio (and instruction manual) if you have one. If you don't have one, come anyway; we'll have a portable radio you can borrow.

FEE: $5.00 to cover handouts

Reservations are required.

667. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2005-09-01 14:09:46 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 667

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV
SB_Radio_Events-owner@yahoogroups.com

West Valley Amateur Radio meeting

Date: Wednesday, September 21, 2005
Time: 7:30PM - 9:00PM PDT (GMT-07:00)

* * update * * update * * update * * update * *

Due to the after-effects of Hurricane Katrina, the American Red Cross
Chapter building in San Jose is a hurricane of activity and we cannot
meet there this month.

The September 21 meeting will be held at Sun Microsystems in Menlo
Park. The address is 16 Network Circle, right at the corner of
Willow Road and CA Highway 84 (Bayfront Expressway).

http://www.switchboard.com/bin/cgimap.dll?FUNC=MAP&MEM=1&QV=9291794EFA8A4C01AEC0BCD822560D
F0l02A5CF35A7C71943383032030019D71F072542643C1313203003872A3DBE542643D9303203&LNK=83%3A2&A
=16+Network+Circle&T=Menlo+park&S=CA&Z=&Search=Find+Map

(I think everyone on this list is capable of cutting-and-pasting, and
not need to be reminded to mind the word-wrap.)

Our speaker, Kristen McIntyre, K6WX will present Software Defined Radio.
Software Defined Radio, or SDR, replaces analog radio components with
digital signal processing. Many believe SDR to be the future of radio.
As computers increase in speed and power requirements decrease, what we
used to consider impossible is becoming commonplace. SDR is on this path
and this talk will explore several aspects of this emerging technology
which offers the promise of smaller, more flexible radios with
characteristics not realizable with conventional circuitry. We will look
at what SDR is, how it's done, aspects of modulation/demodulation,
adjacent signal rejection, power requirements and other topics.

Location Change -- The American Red Cross in SJ is busy with hurricane operations so the meeting had to be moved.

TONIGHT's meeting of WVARA is at Bldg. 16, Sun Microsystems in Menlo Park. (Take 101 to Willow Road exit, go East as far as you can and you'll be at main entrance to the Sun campus. Meet at the lobby of Bldg. 16 to get a badge and enter.)

Kristen, K6WX, will speak on Software Defined Radio. Please try to be early so you have time to get a badge and get situated. Meeting is from 7-9pm.

Pink, KG6ILA

Topic: 6 Message: 698

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV
SB_Radio_Events-owner@yahoogroups.com

699. Cupertino High School Tournament of Bands

Yahoo group: SB_Radio_Events
Date: 2005-10-02 19:21:55 UTC
From: Stuart Chessen
Topic: 699 Message: 699

The Cupertino High School Tournament of Bands will be Oct 8th. I need radio volunteers to work the short parade (Finch to Miller to Stevens Creek and back) in the morning (8am to noon). There are around 14 High School Bands that are signed up to marched.

Assignments will Shadows, route monitors and Net control.

Hope to hear from you soon,

Regards,

Stuart Chessen

schessen@...

(408)542-2571

WHEN: Saturday, 8-October, 8:00 am

WHERE: Net Control will be at Vallco Mall Parking Lot (at the corner of North Wolfe Rd and West Stevens Creek.

PLAN: We will meet at the mall's parking lot to receive final assignments at 8am.

COMM: Cell: (408)203-2469 Stuart Chessen

All communication will be on CARES TAC-1: 147.570s

DRIVING DIRECTIONS

These directions will get you to Vallco

>From San Jose (down south):

1. I-280 North, exit at Wolfe Road

2. At the top of the ramp, turn LEFT onto Wolfe Road

3. Just past 2nd Traffic Light, turn RIGHT into Sears Parking lot

4. Make your first LEFT and go to the SE corner of the lot.

ASSIGNMENT PREFERENCES

We would like to offer all volunteers an opportunity to choose their assignment. While we will try to meet your requests, there are no guarantees. Here are the venue locations:

* Parade Marshall, Facilities, Registration and Judges shadows

* Route Monitors Finch & Calle de Barcalona, Miller & Stevens Creek, and Finch and Stevens Creek.

* Bus Parking at Cupertino High School

Milpitas EOC County Drill

Date: Saturday, October 22, 2005
Time: 2:00PM - 4:00PM PDT (GMT-07:00)

Milpitas ARES/RACES team will conduct a drill at Milpitas EOC,
1275 N. Milpitas Blvd, in support of the County Drill at the same
time.

Registered MARES members are asked to set aside this time to assist in
this drill. Please contact EC/RO Bob Armstrong K6TBN [bob@...] or
AEC/ARO Bill Dale N2RHV [n2rhv@...]. The drill may need 4 to 8
operators at the EOC.

"America's Second Largest Relay!"
From Calistoga to Napa to Sonoma to Marin, through Sausalito, across the Golden Gate Bridge under a full moon, through San Francisco to Palo Alto and through Silicon Valley to Santa Cruz, the 199-mile course boasts the largest number of tourist destinations of any run. After racing for 24 hours through 36 cities, the 250 12-member teams with 500 support vans, run to victory on the beach while furthering The Relay mission to increase awareness of 87,000 Americans waiting for organ transplants.

Info about The Relay can be found at: http://www.therelay.com/re_new.htm

We have the following posts needing Ham's and their approx times:
Exchange 24 (Canada Rd. at Canada Coll Entrance
Sunday 3:30am to Sunday 10am
Exchange 26 (Foothill Expressway at Roche Co.)
Sunday 5am to Sunday 12:30pm
Exchange 27 (Foothill Christian Center)
Sunday 5;30am to Sunday 1:30pm
Exchange 28 (Canyon Picnic Area)
Sunday 6:30am to Sunday 2pm pm
Exchange 29 (Camp Swig)
Sunday 7am to Sunday 2;30pm
Exchange 30 (Skyline Blvd & Hwy 9)
Sunday 6:30am to Sunday 3:30pm

You will notice that this event takes place at night with approx 8 hour shifts. This is a good opportunity to practice your skills at night.

If you are interested in working this event, please register at:

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV
SB_Radio_Events-owner@yahoogroups.com

Milpitas W6MLP Ham Shack Open

Date: Saturday, November 5, 2005
Time: 9:00AM - 12:00PM PST (GMT-08:00)

Milpitas Amateur Radio & Electronics Society hosts all amateurs and radio enthusiasts EVERY SATURDAY at our Ham Shack at Fire Station One, 777 S. Main Street, Curtis and S. Main, in Milpitas.

The shack operates HF on 80-10 meters and VHF/UHF on 6 mt to 70 cm bands.

Please enter the Open North Gate and park along the fence near the street or to the RIGHT by the trees. We will be listening on W6MLP repeater 224.72Mhz-[100pl] and 147.525 simplex[100pl link]

737. Milpitas Club Meeting - Nov 9th - Winpac/Telpac Packet Radio!

Yahoo group: SB_Radio_Events
Date: 2005-11-03 16:55:39 UTC
From: Bill Dale
Topic: 737 Message: 737

Milpitas Amateur Radio & Electronics Society Club Meeting

Date: Wednesday, November 9, 2005
Time: 7:30PM - 9:30PM PST (GMT-08:00)

Dinner at La Milpa at 6pm.

Milpitas Amateur Radio & Electronics Society(MARES)and
ARES/RACES Meeting [http://w6mlp.org mailto:president@...]

Location: 1275 N. Milpitas Blvd. Police Community Room

Open to the Public.

Talk in: W6MLP repeaters 224.72-(100HzPL) and 145.43MHz-(85.4HzPL)

Donald Kerns AE6RF and Cap Pennell KE6AFE will present an overview of
the Winlink system (including its HF and VHF/UHF sides) and how to use a
Telpac node (the receiving system for Winlink on VHF/UHF) in a couple of
different ways, and finally how to set-up a Telpac node .

If folks have a packet station at home, they'll come out knowing how to
use a Telpac node to send simple email over the Internet via ham radio.
The more advanced folks will have the materials and contacts needed to
get a Telpac node up and running.

West Valley Amateur Radio meeting

Date: Wednesday, November 16, 2005
Time: 7:30PM - 9:00PM PST (GMT-08:00)

WVARA meetings are on the third Wednesday of each month except December. The meetings start at 7:30pm.

Visitors and guests are welcome to attend the meetings!

Directions to the Regular Meetings

We meet at the American Red Cross, Santa Clara Valley Chapter, at 2731 North First Street in San Jose.
http://santaclaravalley.redcross.org/scvmap.html

Coming south on Hwy-101: Turn left on Montague Expressway then right on North First St. to Plumeria. We are on the corner of Plumeria and North First.

Coming north on Hwy-101: Turn right on Trimble then left on North First St. to Plumeria.

Coming east on Hwy-880: Turn left at Hwy-101 then north to Trimble. Turn right on Trimble then left on North First to Plumeria.

Coming south on Hwy-880: Turn right on Montague then left on Trimble then right on North First St. to Plumeria.

748. WVARA Meeting on November 16 at Good Sam Hospital

Yahoo group: SB_Radio_Events
Date: 2005-11-15 17:42:06 UTC
From: Chuck Kamas
Topic: 748 Message: 748

FYI,

the WVARA meeting will be held at Good Sam Hospital as follows:

------- Forwarded message follows -------
Subject: [WVARA Announce] WVARA Meeting on November 16 at Good Samaritan
Auditorium (PLEASE NOTE LOCATION!)

o WVARA Meeting - Wednesday, November 16 at Good Samaritan Auditorium
o Net Operator Signups Needed
o Misc
WVARA Meeting - Wednesday, November 16 at Good Samaritan Auditorium:

Jamie Ramie will give a BPL Presentation at the next meeting of the West Valley Amateur Radio
Association on Wednesday, November 16 at 7:30 p.m. Please note that this meeting will be held at
the Good Samaritan Hospital Auditorium instead of our usual location. The Auditorium is located on
the Samaritan Drive side of the Hospital, with parking available both in the Front and Back
Parking Lots. Please give yourselves a little extra time for parking.
In addition, elections for 2006 Officers and Board of Directors will be held. Anyone wishing to
run for President, Vice President, Secretary, Treasurer and Board of Directors positions is
welcome to do so (please inform Brian, kg6bki@... and cc Bill, n6ffc@...). Election
results will be announced that night after the votes are tabulated.
"Talk-in" is usually available on the Association's repeaters. Best choice would be 2m/220.
Repeater coverage is rumored to be very good at this location! (147.39 pl 151.4)
...
Hope to see you at the meeting!
73 de Phil WB6TQG

752. Milpitas W6MLP Ham Shack Open - First Anniversary

Yahoo group: SB_Radio_Events
Date: 2005-11-16 18:03:52 UTC
From: Bill Dale
Topic: 752 Message: 752

This is our First Year Anniversary and we will be operating the November Sweepstakes Phone contest. Lloyd AA6NX will be Control Operator from 9 - noon. Since we have a shortage of HF qualified Hams we will be shut down until 2 pm. N2RHV will be at the station the from 2 pm until as late as 9 pm.

If we can get someone to cover the station from noon to 2 pm we can stay open but unless they are General Class or above they cannot run the contest alone.

We also have two computer systems in the shack now. One operates Win 2000 and the other runs Linux. Ham radio software is available for both but installation and configuration of the systems is on-going. Both have Internet access. Digital radio modes will eventually be supported.

Please support the club and Ham radio and stop by the club this Saturday.

Reminder from the Calendar of SB_Radio_Events
http://groups.yahoo.com/group/SB_Radio_Events/cal

Palo Alto Amateur Radio Assn.
Friday December 2, 2005
7:30 pm - 9:30 pm
(This event repeats on the first Friday of every month.)

Notes:
Welcome to PAARA, the Palo Alto Amateur Radio Association.

The PAARA Net and Swap Session meets each Monday evening at 8:30 p.m. on the N6NFI repeater 145.230 (-). The 100 Hz PL is turned off for the net.

Club Meetings:

Every 1st Friday of the month, at 7:30 p.m. Menlo Park Recreation Center, 700 Alma St, Menlo Park (In Burgess Park)

We usually meet for a pre-meeting dinner with our speaker at the Su Hong Restaurant, 1039 El Camino Real, Menlo Park. All members and guests are invited to join.

768. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2005-12-01 20:13:13 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 768

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV
SB_Radio_Events-owner@yahoogroups.com

769. The Annual Los Gatos Children□s Parade

Yahoo group: SB_Radio_Events
Date: 2005-12-01 20:34:50 UTC
From: Stuart Chessen
Topic: 769 Message: 769

This Saturday Dec 3rd is "The Annual Los Gatos Children's Parade" organized by the Lions club of Los Gatos & the Los Gatos-Saratoga Recreation Dept. LG ARES provides tactical and logistical radio communications using the Amateur Bands and our own radio gear. We operate a closed tactical radio net, on a simplex channel, to provide real time information to announcers, TV crews and parade officials. Also, we have an official presence which brings calls for public assistance in medical and lost child, with direct communications to DART/LGMSPD. Our only goal is, of course, to help keep our radio procedures and operating skills sharp and to have a little fun!

We will have a pre event briefing meeting at 10am at the corner of Almandera and N. Santa Cruz in front of the Bank of America Building. It is recommended that you attend the meeting to receive documentation and ID badges (esp if this is your first time working the event). If time / traffic won't allow you to attend, you can report directly to your assignment if one has been pre assigned. Talk-in will be available from approx. 9am on the parade simplex channel and prior to 9am on W6PIY/R. The Lions club provides coffee and donuts (location TBD). I have included (file attachment) a tactical map that should help you orientate. Please print it at bring it along.

Traffic will be heavy especially after 9am when parade rout roads begin to close. Also, after 9am close-proximity parking becomes very limited. It is recommended that you arrive well before the 9am (enjoy a quaint town restaurant breakfast). If you have concerns about parking and access, please give me a call, I can make some recommendations. I have included (file attachment) a somewhat dated but official list of Down Town parking map (or http://www.losgatosca.gov/downloads/2004map.pdf)

In the event of rain- the parade has only been canceled twice in 48 years due to rain. It won't be canceled unless there is pouring rain at start time and with no hope of clearing. If rain starts after the parade begins, officials won't cancel as long as the participants want to continue generally most will (they been waiting all year for this event). Fortunately, most of our positions are protected, but it is recommended that you bring rain gear (I have are a few rain ponchos available). If you plan to watch the weather forecast please note that our proximity to the foothills will bring rain sooner and harder than the rest of the valley.

What to bring-

Radio gear: Pre-programmed 2m HT w/ extra battery capacity, speaker mic, and a gain antenna. If you don't have a speaker mic consider

picking up an inexpensive ear bug and a set of noise muffs, in many cases this is optimum solution, as the ambient noise level can be quite high. If you have a back-up radio please bring it.

Personal gear: Dress warm, prepare for rain. Drinking water and snacks are recommended too. If you have a small stool or chair you may be able to use it.

Other gear- writing implements, clip board & note pad. If you have a small white-board this works well at some positions. Also bring/wear any ARES vest or jacket.

Thank you again for participating in this event. And to the regular supporters that can't make it this year... thanks for your past support and see you next year!

Ready Reference--

Radio Channels (please pre program your radios)

TAC I 147.480 MHz (also, talk-in after 9am)

TAC II 147.555 MHz

TAC III 147.390MHz (+) 151.2 W6PIY/R (Talk-in before 9am if available)

Pre event briefing meeting 10 am corner of Almandera and N. Santa Cruz. In front of the Bof A building.

Road Closures start at 9 am!!!

73 and see you there!

781. "Santa Net" at W6MLP on Dec 24

Yahoo group: SB_Radio_Events
Date: 2005-12-13 20:23:20 UTC
From: Bill Dale
Topic: 781 Message: 781

The idea for a Christmas "Santa Net" here in SCV is proposed. This was discussed on the http://groups.yahoo.com/group/arrl_prez/ yahoo group and it sounds like fun.

Since Dec 24 is a Saturday and the W6MLP Station is available I'd like to offer it as a site for running the "Santa Net."

If there is interest I can put in my contacts with Santa Claus HQ and see if we can get him to stop by and talk to kids on 12/24 from 9 to noon.

Repeaters and frequencies are TBD.

Please send info on kids who may want to talk to Santa and what freq./repeater they will be on and what time. If there are many we may need to schedule contacts spread out during the club station opening.

Santa is keeping a list and does know who has been naughty or nice but a little individual info would be useful.

793. W6MLP Club Shack Closed Christmas Eve

Yahoo group: SB_Radio_Events
Date: 2005-12-24 05:18:07 UTC
From: Bill Dale
Topic: 793 Message: 793

I am unable to open the club shack this Saturday, Christmas Eve, due to illness. I am down with a bad cold and I'm sure nobody else wants it either.

If someone does want to up the shack I can get them keys to the radio gear.

799. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2006-01-02 02:00:48 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 799

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV

809. SCC-ARES EBBS operations with Outpost and PacRIMS

Yahoo group: SB_Radio_Events
Date: 2006-01-13 18:32:22 UTC
From: Bill Dale
Topic: 809 Message: 809

Debee, KF6BKR, will offer a class on SCC-ARES EBBS operations with Outpost and PacRIMS. See http://www.cupertinoares.org/projects/outpost/. PacRIMS will also be demoed as well as access to the Telpac WinLINK 2K system operating in SCC.

Date: Saturday, January 14, 2006
Time: 9:00AM - 12:00PM PST

Location:
Milpitas Fire Station One, Portables
W6MLP Station
777 S. Main Street
Milpitas, CA 95035

Look for the sign "RADIO STATION OPEN" and enter the North Gate. Avoid the Fire Station Visitors lot. Park next to the triple-wide or by the trees.

Bring your packet gear, radio, laptop/computer and all will be made clear! Monitor W6MLP 224.72-[100pl] or 145.43-[85.4pl] for talkin.

Dear WVARA Members,

Jerry Ramie will be speaking at the January WVARA Meeting, to be held
Wednesday, January 18th from 7:30pm =>9:30pm in the Good Samaritan
Hospital
Auditorium. Please plan to attend. Also, please feel free (as always) to
bring friends and/or anyone that might be interested in hearing Jerry speak
on recent BPL developments.

We'll look forward to seeing you there!

To: <kdueker@...>

Amateur Radio License Class & Testing
Sponsored by The Menlo Park Fire District
==========

WHAT: A four night Ham Radio class study session. On the fourth night
you will take the exam to obtain your Ham radio license.

WHEN: Tuesdays, February 28, March 7, 14, 21
6:30 – 9:00 p.m.

WHERE: Menlo Fire Station 1: 300 Middlefield Road, Menlo Park

RSVP: Carol Parker 650-688-8415 or carolp@...

COST: $15.00

Class size is limited -- reservations are required.

This class is open to the general public. Encouraged to attend:
fire/EMS, law enforcement, and other first responders as well as CERT
team members.

Ham radio operators will also be introduced to Emergency Operations in
the class.

More info: http://www.menlofire.org/cert/

824. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2006-02-01 23:55:22 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 824

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV
SB_Radio_Events-owner@yahoogroups.com

825. Milpitas Amateur Radio & Electronics Society Club Meeting, 2/8/2006, 7:30 pm

Milpitas W6MLP Ham Shack Open
Saturday February 25, 2006
9:00 am - 12:00 pm
(This event repeats every week.)

Notes:
Milpitas Amateur Radio & Electronics Society hosts all amateurs and radio enthusiasts EVERY SATURDAY at our Ham Shack at Fire Station One, 777 S. Main Street, Curtis and S. Main, in Milpitas.

The shack operates HF on 80-10 meters and VHF/UHF on 6 mt to 70 cm bands.

Please enter the Open North Gate and park along the fence near the street or to the RIGHT by the trees. We will be listening on the W6MLP repeaters on 224.72MHz-(100pl) and 145.43MHz-(85.4pl)

Set up birthday reminders!

847. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2006-03-02 00:33:40 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 847

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV

850. Hams needed for Long Bike rides

Yahoo group: SB_Radio_Events
Date: 2006-03-03 06:31:11 UTC
From: Stuart Chessen
Topic: 850 Message: 850

Hams needed to help as SAG ride along or rest stop communicators for long distance bike rides.

On Sunday, May 21, there is the "Foothill Century"
> organized by the South Peninsula Hebrew Day School.
> Its base is the school on Astoria and Wright in
> Sunnyvale and its routes are up through the North
> Peninsula.
>
> On Sunday, June 4, there is the "Sequoia Century"
> organized by the Western Wheelers Bike Club. Its
> base is the V.A. Hospital in Palo Alto and its
> routes go south to Santa Cruz.
>
> Please let me know:
>
> 1. If you can operate on May 21, June 4 or both
>
> 2. What hours you can operate
>
> 3. Whether you prefer to operate from a SAG wagon
> or a fixed location
>
> 4. If you have friends who could help us on either
> day
>

865. Now Your Talking books available

Yahoo group: SB_Radio_Events
Date: 2006-03-21 23:48:24 UTC
From: Bill Dale
Topic: 865 Message: 865

The MARES/W6MLP club has 6-8 copies of the current "Now You're Talking" book (5th Ed.)

If anyone would like them for a class or self study let me know. We will let them go at $12 each.

873. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2006-04-02 04:22:02 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 873

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV

875. Seeking volunteers for the Tour de Cure, May 21st

Yahoo group: SB_Radio_Events
Date: 2006-04-04 00:21:41 UTC
From: striplingp
Topic: 875 Message: 875

I am seeking amateur radio volunteers for the Tour de Cure on Sunday, May 21st. The Tour de Cure is a fund-raising event for research and education sponsored by the American Diabetes Association.

This is a rather challenging communication event, lasting from as early as 7:00 am to about 5:00 pm. Volunteers will provide communications from remote rest stops to Net Control at the H-P headquarters in Palo Alto. Bikers ride three courses, the longest being 120K, from Palo Alto over the mountains to Pescadero and back.

Volunteers experienced in controlled nets are preferred, but we'll put new hams with old hands and provide experience as well. The weather is a factor coast side, so be prepared for some cold dampness as well as hot dryness, depending on your location. We suggest mobile radios with 25W or so and UHF/VHF capability, external antennas, and battery power for a full day.

For more information, see http://www.civex.com/tour/ - links to frequencies, locations, and times on station. You may also email me through this account, but please put TdeC in the subject line, as I'm filtering for this.

We have excellent net control operators, and we get repeat volunteers, so if you are new to amateur radio and want a good learning experience, please respond. If you have been a ham for years and want to work with excellent operators and test yourself and your gear for a moderately lengthy event, we would appreciate your help.

Phil Stripling

882. Section Manager Election

Yahoo group: SB_Radio_Events
Date: 2006-04-10 04:05:59 UTC
From: Bill Dale
Topic: 882 Message: 882

My name is Bill Dale, N2RHV. I am running for Section Manager of the Santa Clara Valley Section of the American Radio Relay League (http://www.arrl.org)

The ARRL Santa Clara Valley Section Election will be held by mail in April/May. Ballots will be mailed in April. Deadline for returns is Friday May 19th. Votes will be counted the following Tuesday.

See more about me, my interests in Ham Radio and in the section see my blog at http://radioflier.blogspot.com

This is the last and only note about this you will see on this list.

886. Field Day in Milpitas

Yahoo group: SB_Radio_Events
Date: 2006-04-12 16:50:12 UTC
From: Bill Dale
Topic: 886 Message: 886

Field Day plans are under way and I am looking for a group or individuals to help conduct Field Day in Milpitas.

We have Pinewood Park reserved as we have in the past but as our club shrinks to three active members we cannot hold Field Day without help.

I have offered the spot to another club to run a FD on their call and they have declined. So I am looking for any other group to come operate. The call sign we operate under is open to your selection.

It is an excellent site in the park in "The Pines" at the South West end of Milpitas with tables and BBQ pits. It has a restroom, open all night for us, and will allow camping out for the two nights of the event.

If we do not find any takers we may operate from our club shack at Fire Station One as a F class station.

887. Looking for a HAM who loves animals

Yahoo group: SB_Radio_Events
Date: 2006-04-14 23:10:20 UTC
From: Scott
Topic: 887 Message: 887

In past disasters there have been many problems caused because there was no place for people to take there pets and they either refused to leave without them or the pets were left to fend for themselves. There are some groups that are organizing to solve that problem in the future. They are expecting that they will have mobile units out collecting and or caring for pets and animals and they will need communications. Sort of a "Pet Net" for lack of a better term. This group is expected to be making a formal request to the county RACES group to provide that communications support. At the present time we do not have the Staff with the time to devote to setting this up. We are seeking an interested HAM to take the lead on this project. If you think you might be intersted in the "Pet Net" Please contact Larry Carr, DEC Santa Clara County RACES his e mail is lcarr@....

888. Upcoming County wide Drill

Yahoo group: SB_Radio_Events
Date: 2006-04-14 23:45:24 UTC
From: Scott
Topic: 888 Message: 888

The next quarterly drill will be Sat April 22 from 2 pm - 4pm
It is scheduled to be a major eathquake that occurs at 2PM. We are requesting that all available HAMS come up on the County Resource net and make a report about the conditions you observe (146.115 + PL 100) AA6BT. As you know or should know incase of an actual Earthquake or similar wide spread emergency all HAMs have been requested to come up on the Resource Net and report on conditions. It will be a directed net. That way the County can very quickly get an idea of how wide spread and what kind of damage exists and can start making plans to deal with it.
You will the be directed to come up on the local city nets as soon as they let the county know they are staffed and announcments will be made on the Resource Net. Please take a few minutes on Sat the 22nd of April at 2 PM and help us excersise the system to its limits.

891. Operators needed for Big Sur International Marathon (BSIM) 4/30/06]

Yahoo group: SB_Radio_Events
Date: 2006-04-18 19:26:33 UTC
From: Bill Dale
Topic: 891 Message: 891

FYI
-------- Original Message --------
Subject: [Scc-ec] Operators needed for Big Sur International Marathon (BSIM) 4/30/06
Date: Tue, 18 Apr 2006 10:39:53 -0700
From: 295-ACSO <295-acso@...>
To: <scc-ec@...>

A special thanks to those,within the ARRL Santa Clara Valley Section, that supported our recent "back country" emergency / health and welfare communications at the 16th Annual Sea Otter Classic (SOC) by answering my "recruiting" e-mail. You "made us all proud!"

At present Rick Lagerstrom - kn6fr@... <mailto:kn6fr@...>, Hm: (831) 394-2347, cell: (831) 917-3033 desperately needs more operators to provide communications for the BSIM. You will be parked "out of the way" of the runners, receive a detailed informational packet of material, have an outstanding vantage point to view the marathon along with a terrific view of the Big Sur Coast line and receive an event tee shirt.

But the best reward is the knowledge you will receive as a great functional field exercise of your radios, antennas and operating skills. If you have a less experienced ham that needs to get their communications "feet wet," with an event, double up with them and provide the mentoring and experience necessary to help them to feel comfortable operating.

Please contact Rick, at your earliest convenience, and download a volunteer form at: westlog.com.

Except for the 5K event all the other events are "sold out."

Thanks for helping Rick and the marathon runners out with your volunteering.

895. BSIM

Yahoo group: SB_Radio_Events
Date: 2006-04-23 05:20:19 UTC
From: Linda
Topic: 895 Message: 895

Big Sur International Marathon

From the Event Leader:

As everyone has experienced, life is what gets in the way of the best laid plans. This year, there seems to be a lot of life in the Central Coast area of California. We have experienced a significant growth in the number of events where ham radio is asked to help and fewer and fewer hams among whom to recruit event volunteers. The biggest event of the year is the Big Sur International Marathon (BSIM). Every year, ham radio plays the central role in communications and execution of the command and control functions. We do it with a minimum of around 85 operators and quite comfortably with around 110 volunteers.

The 2006 BSIM is Sunday the 30th of April. We hams set up our Staging and Operations area starting at 0900 Saturday the 29th. We assemble the tents, antennas, systems, and equipment needed to run the whole affair. We play with HF, conduct training, and test equipment from around noon on the 29th to the evening. We have our annual ham radio potluck/BBQ right there at Marathon Flats, starting about 1700. Marathon Flats and Staging is located along Rio Road, just east of the intersection with Highway 1. There is space to camp out at Staging, and for those who operate at the 13 aid stations along the course, we hams are allowed to camp at those locations, the only time this is ever allowed. Event communications begin by 0530 Sunday morning. Everyone has to be in place by then.

This year, we are sitting at 28 total volunteers and one week to go. We have about a dozen brand new hams, but these great folks are not yet equipped with the skills and experience to operate at this great event without an experienced ham or Elmer working with them.

We need help. If anyone can help with the 2006 BSIM, please contact KN6FR, Rick, at rick@.... Rick will answer your questions and set you up to be a significant part of this great event, the Number One marathon in North America for some eight years.
Thank you es 73 de KN6FR Rick rick@...

From: striplingp
Topic: 897 Message: 897

The ADA Tour de Cure bike ride will be on May 21, 2006. There are three courses, the longest being 120K. We need a few more hams to volunteer for rest stops and we need an experienced ham for relaying traffic over the mountains from Menlo Park to Pescadero.

Please drop by http://www.civex.com/tour/ and follow the link at the bottom of the page to volunteer. This is a great event to test your readiness skills, and our net controls get rave
reviews in the after-action briefs. If you are inexperienced in operating at events, we'll put
you with someone who'll show you the ropes.

We expect everyone to be off-duty by 5:30 pm.

901. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2006-05-02 04:11:58 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 901

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV
SB_Radio_Events-owner@yahoogroups.com

902. California High School to Offer "Radio Amateurs and Disaster Operations" Class

Yahoo group: SB_Radio_Events
Date: 2006-05-02 20:31:30 UTC
From: Bill Dale
Topic: 902 Message: 902

<http://www.arrl.org/news/stories/2006/05/02/3/>

A California high school that's participating in the ARRL Education and Technology Program (ETP--also known as "The Big Project") will offer a year-long elective course, "Radio Amateurs and Disaster Operations" (RADIO), starting this fall. Moorpark High School math and meteorology teacher Tom Baker, NC6B, says the course is the first of its kind anywhere in the US. The class curriculum was created in conjunction with the ARRL, the American Red Cross and various Ventura County agencies. ARRL ETP Coordinator Mark Spencer, WA8SME, gives the new course high marks and says it has a great chance to succeed.

909. Radio Hapening's

Yahoo group: SB_Radio_Events
Date: 2006-05-05 16:26:48 UTC
From: Bill Dale
Topic: 909 Message: 909

Odd's and End's today,

New article on my blog at http://radioflier.blogspot.com.

Attended the Silicon Valley Linux Users Group [http://svlug.org] meeting Wed and the SIG on WiFI Users Thursday [http://www.svwux.org] The SVWUX folks are building a long distance WiFI net between EOC's. They are working with San Jose RACES and did a demo at the EOC. Milpitas may host a site for a WiFI repeater. These will operate Part 15 with options to go to Part 97.

Milpitas is holding the LSI Logic 10k race on Sunday, May 7th. Operators here will be working the event. The public is invited so if anyone wants to stop by to see the OES Van come on down. McCarthy and Sycamore. Operating on 224.72-100pl and 145.43-85.4pl repeaters. The race starts at 9am so get there early, the roads will be blocked off. Walkers are permitted so bring the family and stroller.

I will be at Coyote Lake for the Mt Hamilton Dist. BSA Camporee. A few dozen scout troops attending. I'll run KM6BSA on HF and VHF. Packet, APRS, satellite, and anything else I can think of. Look for me on JOTA frequencies. Try 7.270 MHz and 21.360 MHz.

Big Milpitas drill on May 11th. RACES, unfortunately has been marginalized in this event. Some of us will be at EOC running the computer but little if any radio traffic.

73, all.

http://groups.yahoo.com/group/SB_Radio_Events/cal

Introduction to Amateur Radio & Emergency Communications Class
Saturday May 20, 2006
1:30 pm - 4:30 pm
(This event does not repeat.)
(The next reminder for this event will be sent in 5 days, 4 minutes.)
Event Location: Cubberley Center, Palo Alto, CA
Phone: 650-494-1316

Notes:
The class is a 3-hour introduction for new hams which includes: terms used in amateur radio, operating protocols, the different ham bands, and setting up your radio to access a repeater. You will learn how to participate in a directed net and handle emergency radio traffic.

Flier and registration form at http://www.specsnet.org/2006FEB.pdf

Bring your radio (and instruction manual) if you have one. If you don't have one, come anyway; we'll have a portable radio you can borrow.

FEE: $5.00 to cover handouts

Reservations are required.

REGISTER: Paul Lufkin - K6PML@...

917. Milpitas Amateur Radio & Electronic Society Field Day: No Radio Operators

Yahoo group: SB_Radio_Events
Date: 2006-05-09 06:41:17 UTC
From: Bill Dale
Topic: 917 Message: 917

The Milpitas Amateur Radio & Electronic Society is all set to hold Field Day June 24-25 in Milpitas at Pinewood Park.

Problem: No Radio Operators.

We need HF qualified Radio Operators to run as many station-hours as they like to show off Ham Radio to the Public.

To me, Field Day is the most fun you can have with a radio. Why run FD in Milpitas. To show off Ham Radio to Milpitas. And to show off Ham Radio to the city officials. We always get served agency people, city council members, the mayor to see our operation.

See our web site, http://w6mlp.org. Mayor Esteves is second from the right in the photo of our Comm Van on the top left - wearing a ARRL Field Day tee-shirt! County Supervisor Pete McHugh is a past Milpitas mayor and member of our Kiwanis Club. He loves coming to our events.

So think about coming to help Milpitas. Good fun, good food, and effective promotion of Ham Radio. And lots of good radio if you come and help.

925. [Fwd: [Scc-ec] Ham Radio One-Day Training Class in Los Altos July 15]

Yahoo group: SB_Radio_Events
Date: 2006-05-17 15:43:24 UTC
From: Bill Dale
Topic: 925 Message: 925

-------- Original Message --------
Subject: [Scc-ec] Ham Radio One-Day Training Class in Los Altos July 15
Date: Tue, 16 May 2006 13:49:38 -0700
From: K. Dueker <kdueker@...>
Reply-To: kdueker@...
To: <kdueker@...>

PLEASE PRINT & POST & PASS ON TO ALL WHO MAY BE INTERESTED

SEMINAR & EXAM: AMATEUR ("HAM") RADIO

Offering a one day study session for Technician or General theory, followed by testing. Morse Code tests will not be given.

WHEN: Saturday. July 15, 2006: 8:00am - 5pm

WHERE: Los Altos

FEE: $30.00

Register: www.baears.com/signup.php

Questions: Ross Peterson wb6zbu@... or 650-349-5349

Class size is limited, reservations are required.

Sponsored by:

LAARES (Los Altos Amateur Radio Emergency Service): http:www.laares.org
&
Los Altos Police CERT: http://www.ci.los-altos.ca.us/police/cert/cert.html

This course is open to the public. This one-day "cram" course is designed to help you obtain your Technician-Class Federal license [no Morse code] -- the (EASY - 35-question, multiple-choice!) Federal exam is administered as part of the class. You can practice for the exam on the Web: http://www.aa9pw.com/radio/exam.html

Afterwards, you can attend training conducted by the Amateur Radio Emergency Service (ARES) - see below.

==========
==

If you already have your license, you might want to attend this upcoming training session:

Introduction to Amateur Radio & Emergency Communications Class

Saturday May 20, 2006
1:30 pm - 4:30 pm

Event Location: Cubberley Center, Palo Alto, CA
Phone: 650-494-1316

The class is a 3-hour introduction for new hams which includes: terms used in amateur radio, operating protocols, the different ham bands, and setting up your radio to access a repeater. You will learn how to participate in a directed net and handle emergency radio traffic.

Flier and registration form at http://www.specsnet.org/2006FEB.pdf

Bring your radio (and instruction manual) if you have one. If you don't have one, come anyway; we'll have a portable radio you can borrow.

FEE: $5.00 to cover handouts

Reservations are required. REGISTER: Paul Lufkin - K6PML@...

==========
==

What is the Amateur Radio Emergency Service?
The Amateur Radio Emergency Service (ARES)/RACES is a group of Federally licensed Amateur Radio (slang = "ham radio") operators who volunteer their skills to assist public safety agencies in the event of a disaster or other incident.

During calamities such as earthquakes and hurricanes, the Amateur Radio Emergency Service/RACES has typically been among the first to respond, filling the communications void left by downed telephone lines and power outages - quickly linking and coordinating relief efforts. These activities are an integral part of the purpose of Amateur Radio as defined by the Federal Communications Commission (FCC ? 97.1(a); ? 97.401(a)).

Amateur Radio is very different from "C.B.": Amateur Radio operators must pass a Federal examination and be issued a Federal license, which grants them "operating privileges" - such as the right to use high power transmitters (over a thousand watts), different modes (such as voice, Morse code, and even television), and thousands of frequencies. Furthermore, those Amateur Radio operators who are members of ARES/RACES are trained in emergency communications (and related skills) and are Registered Disaster Service Workers (DSWs). Members of ARES/RACES have very diverse backgrounds - but share the common goal of assisting when called upon by their communities.

In San Mateo County and Santa Clara County, the Amateur Radio Emergency Service is coordinated with the Sheriff's Office of Emergency Services (OES). Statewide, Amateur Radio is integrated into the California Office of Emergency Services (CA OES) Auxiliary Communications Service (ACS) and the Standardized Emergency Management System (SEMS) (Cal. Code ? 8607). In the

event of a disaster, ARES/RACES Emergency Responders assist local fire, law enforcement, and other public service agencies by providing back-up communications resources.

Further information is on the Web: http://www.k6mpn.org/; http://www.specsnet.org; http://www-w6yx.stanford.edu/suares/; http://www.arrl.org/

931. Santa Clara Valley Section Manager chosen

Yahoo group: SB_Radio_Events
Date: 2006-05-24 16:49:43 UTC
From: Bill Dale
Topic: 931 Message: 931

From the ARRL Web site:

http://www.arrl.org/news/stories/2006/05/23/100/

In the Santa Clara Valley Section, ARRL members chose challenger Bill Dale, N2RHV, over incumbent Kit Blanke, WA6PWW. The tally was 353 to 302. Dale, who lives in Milpitas, has been an Amateur Radio operator since 1993 and is active in emergency communication. He's served as the ARES Emergency Coordinator and RACES Radio Officer for Milpitas, and in 2001 helped form the Milpitas Amateur Radio and Electronics Society. Dale also has been his Section's Affiliated Club Coordinator.

933. Field Day Sites?

Yahoo group: SB_Radio_Events
Date: 2006-05-30 16:44:01 UTC
From: Bill Dale
Topic: 933 Message: 933

A few weeks ago there was a short list of Field Day sites planned for this year on one of these lists. I can't find it now.

Please report all groups holding Field Day this year the location of the operation and a contact person.

I'll make this list available.

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV
SB_Radio_Events-owner@yahoogroups.com

941. Amateur TV Group Lunch, 6/17/2006, 11:00 am

942. [Fwd: [SVWUX] Wireless Warrior Weekend #2 - June 10]

Yahoo group: SB_Radio_Events
Date: 2006-06-03 20:17:53 UTC
From: Bill Dale
Topic: 942 Message: 942

If you are interested in WiFI this is the group/event. Emergency Comm.
on the Internet.

See the web site http://svwux.org

-------- Original Message --------
Subject: [SVWUX] Wireless Warrior Weekend #2 - June 10
Date: Sat, 3 Jun 2006 09:51:08 -0700
From: Chris Verges <squirrel@...>
To: wifi-net@..., svwux@..., svcug@...
CC: Katherine.Filaski@..., Dan.Goodrich@...-clara.ca.us

Hey folks!

Hot on the heels of the first Wireless Warrior Weekend, we're
going to be having the second one! Details:

Where: The park associated with the Rivermark shopping center
http://maps.google.com/maps?ll=37.395967,-121.946086
(Parking located off of Moreland Way)

When: May 27, 2006
10am - 5pm

Agenda:
1. Review of the components of the system 10-10:30am
2. How to align an antenna with a compass 10:30am-12pm
3. Lunch 12pm-1pm
4. 10-20 mile deployment 1-4pm
5. Debriefing 4-5pm

Items to consider bringing:
1. Water bottle
2. Sun protection (hat, sunscreen, etc.)
3. AC/DC convertor for a cigarette lighter
4. Power strip & extension cord(s)
5. Solar panel (if you have it!)

There are several options for lunch in the area, including both
carnivore and vegetarian cuisines -- or just bring it in a bag!

Anyone is welcomed to join, so bring friends! If you can RSVP
so I have an idea of how many people will show up, that would
be helpful but is not required. Please respond back to this
e-mail to RSVP.

(Dan & Craig, RACES is definitely invited to attend. Many of
the concepts will carry over to the San Jose OES network.)

Additional logistics:
1. We will use 146.52 (simplex) during the day. If you have an HT, please bring it. (For the non-hams, ignore this.)
2. We will have trained medical personnel on scene. We don't anticipate anything happening, but are both medically trained in the event that something does.

Thanks!
chris

957. Cupertino 4th of July fireworks event

Yahoo group: SB_Radio_Events
Date: 2006-06-22 16:26:28 UTC
From: Stuart Chessen
Topic: 957 Message: 957

As mentioned on the recent county net, Cupertino ARES has been asked to participate in the City's annual 4th of July fireworks event. Our mission is to provide "eyes and ears" for the County Sheriffs Office by staffing perimeter patrols, road closures, and viewing venues.

Because of the size of the event, we are looking for County Mutual Aid Communicators interested in participating with us. All out-of-city responders (communications or CERT) will be registered and covered under a City of Cupertino DSW activation... your city does not need to activate to support this event.

For more information, please see the first entry on the CARES website at www.CupertinoARES.org for a link to the Event Plan and the after action reports for the last 2 years.

If interested in signing up, please send an email to Allan KD6QPP at kd6qpp@....

958. Thanks and Good Luck at Field Day!

Hello All!

[See new article at http://radioflier.blogspot.com]

I have been elected Section Manager for the SCV Section! Thanks to all who supported me.

Thanks, also to Glenn WB6W and Kit WA6PWW and all former Section Managers. They have set a high standard.

I take over on July 1, 2006. The Section Web site will get a fresh look soon. Here is my contact information:

William Dale, N2RHV
142 N. Milpitas Blvd, #264
Milpitas, CA 95035

Santa Clara Valley Section Manager, ARRL
Milpitas Amateur Radio & Electronic Society (MARES) Treasurer

Good Luck to all on Field Day. Here are some of the sites I know about.

==========
SCCARA
Mount Madonna
Gilroy
==========
Half Moon Bay ARES
Venice Beach, Half Moon Bay
==========
Foothill ARS
Maryknoll, Los Altos
==========
PAARA
Bayfront Park (the old dumps) Highway 101 at Marsh Road
Menlo Park
MAILTO:aa6t@... Gerry Tucker N6NV or Ron Chester W6AZ.
==========
SBARA
Lake Elizabeth, Fremont

==========
Sunnyvale ARES
Raynor Park, Sunnyvale
==========
Chews Ridge Gang
Chews Ridge
36 18 39N / 121 34 02W - Monterey
Los Padres National Forest Monterey County
Pat AA6EG aa6eg@... / Skype: Sparky599
==========
San Jose R.A.C.E.S.
"Los Paseos" park off Santa Teresa Blvd behind Martin Murphy Middle School.
San Jose, Bill AE6GS mailto:bill_moffitt@...
==========
Livermore Amateur Radio Klub (LARK)
Robertson Park, Livermore
Doug Jones N6LMX n6lmx@...
==========
Santa Cruz County Amateur Radio Club (K6BJ) &
San Lorenzo Valley Amateur Radio Club (WR6AOK)
Ben Lomond Mountain (2630 feet AMSL)
CDF's Training Center (adjacent to and just beyond entry to
Ben Lomond CDF Camp) at 13575 Empire Grade, Santa Cruz
Dave W8FLL@... (or Bob K6XX@...)
==========
Cupertino ARES
Cupertino City Hall and Library. 10300 Torre Road. , Cupertino
Talk in on 147.570 simplex,
contact Jim Oberhofer: mailto:obermail@... / 408-839-8798.
==========
Stanford Amateur Radio Club W6YX
Stanford Emergency Operations Facility (Site 530) near the Stanford Big Dish
Park on Stanford Ave. and hike up OR call the shack 650-856-2737
John Fore (W6LD) mailto:jfore@...
==========
WVARA and ESL Radio Club Field Day Location:
Mora Hill, Rancho San Antonia Open Space Preserve (access is Mora Drive)
Lat/Long - 37.3358N / 122.0993W
Topo Map -
Map - look for the "water tank" halfway to the right of the middle
Picture - the flattest area is just East of the water tank

963. Calling Plan Established for Boy Scout Camps

Yahoo group: SB_Radio_Events

Calling Plan Established for Boy Scout Camps

By Daniel Fisher, AI4GK
South Brevard County, Florida PIO, ARRL

A small group of Amateur Radio operators who also are involved in Boy Scouts of America (BSA) recently established a calling plan for Boy Scout camps.

In late April, Nathaniel Frissell, W2NAF, posed a challenge, of sorts, to members of the Scout Radio Yahoo group http://groups.yahoo.com/group/ScoutRadio, to come up with a summer camp net so that Scouts can talk to one another. Frissell said, ?Scout camp radio stations are often frustrated when they have limited times to get on the air and can?t find anyone to talk with.?

[SNIP]

The SCCP plan?s strength is its simplicity.
1. Scout camps, and any interested ham-Scouters not at camp, are encouraged to get on the air at 1300, 1900, and 2100 hours local time.
2. Calling times extend from 5 minutes before to 5 minutes after the hour. The recognized call will be ?CQ SCOUT CAMPS.?
3. Use the traditional Scout calling frequencies, +/- 10 KHz, avoiding any nets. http://www.arrl.org/FandES/ead/jota.html#frequencies has additional information.
BAND SSB CW
80 Meters 3.740 / 3.940 MHz 3.590 MHz
40 Meters 7.270 MHz * 7.030 MHz
20 Meters 14.290 MHz ** 14.070 MHz ***
4. There are two frequency bands for each time. Participating stations will use the higher band during the 5 minutes before the hour and the lower band during the 5 minutes after the hour to maximize propagation conditions.
5. The bands to use are:
1. Daytime (1300 and 1900 hours): 20m/40m.
2. Nighttime (2100 hours): 40m/80m.
6. Scout camps, Scouts and Scouters from the United States, Canada, and the rest of the world are encouraged to monitor according to the plan from 1700Z to 2000Z and from 2300Z to 0400Z to support Scout camps with

traffic handling and talking with Scouts.

http://homepage.mac.com/k2frd/JOTA.htm

Bob Bruninga, WB4APR, developer of Automatic Position Reporting System (APRS) and another avid ham-Scouter, has added the following suggestions for Scout camps and ham-Scouters equipped with APRS.
1. If your camp has APRS, send a message to SCOUTS at the beginning and end of all operating periods. An APRS message to SCOUTS will be retransmitted everywhere in the USA and the world where SCOUTS has been added to the automatic ?pass-to-RF? at the local IGate.
2. Contact the local IGate that serves your camp area and ask the SYSOP to include ?SCOUTS? in its automatic ?pass-to-RF? list. This way, you can receive, in real time, any other SCOUTS messages in the world alerting you of other stations on the air.
3. Make sure that your station is using the APRS symbol for Scouts. That way, any other station in the world can check the APRS FINDU Web page and see live which other SCOUT stations are on the air.
http://www.findu.com/cgi-bin/symbol.cgi?icon=/,&limit=2000

[SNIP]

Daniel Fisher, AI4GK is a ham-Scouter and a public information officer for the American Radio Relay League (ARRL) in Palm Bay, Florida. He has assisted in operating JOTA stations in South Brevard County, Florida for several years and regularly operates HF and VHF stations at Boy Scout camps. Dan previously has contributed Scouting stories to the ARRL Web site. He can be contacted at [EMAIL=ai4gk@....]ai4gk@....[/EMAIL]

From: Bill Dale
Topic: 981 Message: 981

For those Ham groups that are 501c3 this might be an interesting event.
Step up to the next level in membership, Fundraising and service.

-------- Original Message --------
Subject: [Nonprofit-SIG] Craigslist Foundation Nonprofit Boot Camp, Aug 19 at UC Berkeley
Date: Thu, 27 Jul 2006 15:18:50 -0000
From: Al Zayha <al.zayha@...>
Reply-To: Nonprofit-SIG@yahoogroups.com
To: Nonprofit-SIG@yahoogroups.com

Join Craigslist Foundation for a day of knowledge, resources, and networking, all focused on how to start and run a vibrant nonprofit. Nonprofit Boot Camp is designed to educate and empower the next generation of nonprofit leaders and social entrepreneurs, connecting them with valuable industry resources, peers, and potential supporters.

In 2005, Craigslist Foundation's 2nd annual Nonprofit Boot Camp in San Francisco attracted over 1,500 emerging nonprofit leaders, social entrepreneurs and supporters, receiving a 98% approval rating from attendees. I attended in 2005 and found the event to be a valuable source of networking, learning, and inspiration.

990. Ham Radio Booth at Linux Picnix - Aug 19

Yahoo group: SB_Radio_Events
Date: 2006-08-03 15:43:35 UTC
From: Bill Dale
Topic: 990 Message: 990

Hello!

I am looking for a group or club to support a booth and demo at the Linux Picn*x this August 19th. See http://www.linuxpicnic.org/twiki/bin/view/Picnix15/

We should need 2-3 people to staff the booth. With 2 shifts thats 6 operators. If a club or organization has a banner we can hang that. Anyone have a ARRL Flag?

If you RSVP for the event notice they have a place for your Ham Call! This will be a fun and very Ham Friendly event. WiFI network will be available and we can do APRS or other Ham Wireless demos.

991. Sept. 19: Humaninet's Silicon Valley Sim Day in Mountain View, CA

Yahoo group: SB_Radio_Events
Date: 2006-08-03 19:34:24 UTC
From: Bill Dale
Topic: 991 Message: 991

Hello!

Last month I got the message that follows about an event in September here in Mountain View. First a few definitions:

VOAD: Voluntary organizations active in disaster.

National Voluntary Organizations Active in Disaster (NVOAD)
http://www.nvoad.org/

I believe the ARRL is now a member of this organization. The point is that there are many new non-profit organizations popping up to do communications via WiFI systems sometimes backed by a commercial organization. After Katrina and the Asian Tsunami these groups are out front in bringing networks and phone (VoIP) systems online. The Hams need to make our services known!

The Silicon Valley Sim Day is on September 19 and will be held at the Intuit campus in Mountain View, California (2632 Marine Way,Mountain View,CA.)

It is free and open to the public, but registration is required.
The Washington, D.C. Sim Day, tentatively November 15, is also taking shape, with a full day of speakers, panels, exhibits, and demonstrations.

Please see a brief report on the Portland Sim Day
<http://www.humaninet.org/sim_days.html> that was held on June 15.
If you are interested in attending one of the Sim Days, please contact them at info@... <mailto:info@...>.

An event registration page will be posted on the N-TEN Web
<http://www.nten.org/> site by August 1.

Exhibitors: If you would like to exhibit at the upcoming Sim Days in September and November, please contact Gregg Swanson, Executive Director, at gregg@... <mailto:gregg@...>.

September 19th is a Tuesday and may be difficult to staff. If there is a group or club which would like to be involved in this event please let me know.

Bill, N2RHV

-------- Original Message --------
Subject: Sept. 19: Humaninet's Silicon Valley Sim Day in
Mountain View, CA
Date: Sun, 23 Jul 2006 09:24:17 -0700
From: John Bartley K7AAY

To: Bill Dale, Santa Clara Valley SM

I'm an AEC for a county ARES unit, as well as a Public Affairs responder for a local American Red Cross chapter, and through social connections, was asked to bring Humaninet <http://www.humaninet.org/> up to speed on domestic amateur radio disaster operations support. Humaninet is a new VOAD, focused on supporting technology for communications during and after international disasters, with key people up here in Portland, Oregon. I've spoken with them once, and they seem to be a worthy organization.

Humaninet would like participation from ARES for a Sept. 19 event in Mountain View, California.
(snip)

If you would be so kind as to consider participating, and to discuss this with both your Public Affairs staff as well as with other ARRL members as you see appropriate, I'm sure this would be beneficial to ARES, the ARRL and the hobby as a whole, as well as those whom we serve.

73s and best regards,
John Bartley K7AAY
Oak Grove, Oregon

HumaniNet message:

There has been no letup for relief organizations over the past five years: Afghanistan, Darfur, the Indian Ocean tsunami, Hurricane Katrina, the earthquake in Asia, famine in Somalia ? the crises continue in all parts of the globe.

Today's humanitarian response must be rapid and coordinated, while maintaining development and capacity building projects around the world. In today's environment, relief and aid managers are on the move, with little opportunity to research and test technologies that can make their teams safer and more effective.

To bring humanitarian and nonprofit managers up to date on ICTs* that will help their organizations, HumaniNet, in partnership with N-TEN <http://www.nten.org/>, Inveneo <http://www.inveneo.org/>, and other nonprofit organizations and corporate partners, is hosting a series of "Sim Days" to demonstrate proven technologies in a simulated field environment.

These events will feature:
? A crisis communications center that utilizes satellite communications, low-power computers, and wireless networks to provide Internet access and voice communications.
? Speakers on such topics as emergency response capacity building, map-based "situational awareness" tools for managing critical information in relief conditions, and technologies designed for austere

environments and under served communities.
? Demonstrations of successful applications that have potential for nonprofit users, including project management tools, VoIP, blogging, podcasts, distributing photography from the field, and new ways to mobilize support and get the message out.
? Networking opportunities for tech and operations managers, program officers, and other nonprofit leaders. Share your success stories and challenges with others in your field of humanitarian and nonprofit work.
Sim Day attendees will also learn about TechReach International <http://joomla.livewireis.com/index.php>, an initiative to recruit and mobilize technology volunteers for supporting relief operations. This initiative is being organized by Dr. Don Bruce, a member of HumaniNet's board of directors.

The Silicon Valley Sim Day on September 19 will be held at the Intuit campus in Mountain View, California (2632 Marine Way,Mountain View,CA)

It is free and open to the public, but registration is required.
The Washington, D.C. Sim Day, tentatively November 15, is also taking shape, with a full day of speakers, panels, exhibits, and demonstrations.

Please see a brief report on the Portland Sim Day <http://www.humaninet.org/sim_days.html> that was held on June 15.
If you are interested in attending one of the Sim Days, please contact us at info@... <mailto:info@...>. We will send you brief updates as the events draw closer. An event registration page will be posted on the N-TEN Web <http://www.nten.org/> site by August 1.
Exhibitors: If you would like to exhibit at the upcoming Sim Days in September and November, please contact Gregg Swanson, Executive Director, at gregg@... <mailto:gregg@...>.

*ICTs = Information and communications technologies

Thanks for the help.

Brad KB8UYR has agreed to help coordinate this event.
Send info to him at mailto:rez@....

Now I need some help from SCV Section!

1006. Heroes in Training Event at Great Mall-Sept 16th.

Yahoo group: SB_Radio_Events
Date: 2006-08-24 03:36:27 UTC
From: Bill Dale
Topic: 1006 Message: 1006

Hello,

I'm looking for young Ham Radio operators, High School and College Clubs who would like to help at a display at the Great Mall on September 16th. The excerpt below describes the event:

"On behalf of Great Mall, I would like to invite you to showcase your organization at the first-ever Heroes in Training, a very special community event to be held at the mall on September 16, 2006.

"Heroes in Training was developed by PBS Kids? and The Mills Corporation to bring together local non-profits and service organizations to teach children about the importance of giving back to their community and introduce them to local volunteer opportunities. The event will be presented at every Mills mall across the country as part of our fun, interactive and educational kids club, Muggsy?s Meadow. PBS Kids? and Great Mall are offering community groups like yours a valuable opportunity to showcase the services you provide and promote ways in which children and families can participate in your organization?s good works."

Please let me know ASAP as the due date for applications is this Friday. The Milpitas W6MLP will host this event but we need YOUTH!

1007. Scott Sanford to Address AMSAT Symposium

Yahoo group: SB_Radio_Events
Date: 2006-08-26 05:29:39 UTC
From: Bill Dale
Topic: 1007 Message: 1007

Hello to all,

AMSAT is very excited to announce that NASA Principle Investigator Dr. Scott Sanford will deliver a special presentation during 2006 AMSAT Space Symposium. We would appreciate it if you could run the following announcement in your news feeds and in club newsletters.

73 and thanks for your support of AMSAT,

Emily Clarke, AMSAT Symposium Chair

AMSAT, the Radio Amateur Satellite Corporation, is very pleased to announced that NASA Principle Investigator, Dr. Scott Sanford has generously accepted our invitation to provide a key presentation during the Symposium tour of the Ames Exploration Center. Dr. Sanford, who is co-director of the NASA Ames Astrochemistry Laboratory, will speak about sample return from comets and asteroids in general, and specifically about the Stardust Sample and Return Mission to Comet Wild 2.

Dr. Sanford was one of the original team members to propose capturing dust from a comet and bringing it back to Earth. Stardust was launched in February 1999, and in January 2004 approached Wild 2 within 150 miles of the nucleus, collecting samples and capturing detailed imagery of the comet's surface. On January 15th 2006 Stardust re-entered the Earth's atmosphere and successfully completed it's mission after landing in the salt flats of northwestern Utah.

So be sure to join us Sunday afternoon for what promises to be an exciting event.

The 2006 Space Symposium will be a joint meeting with the ARISS International Delegates and will also include the IARU Satellite Advisory Panel annual meeting, and a meeting of AMSAT International Delegates. For additional information and to register for transportation to the Ames Exploration Center please visit the AMSAT website at http://www.amsat.org/symposium.

73,

Emily Clarke, N1DID
Symposium Chair

N1DID formerly W0EEC - CM87tm

http://groups.yahoo.com/group/SB_Radio_Events/cal

SVWUX (WiFI Experimenters) meeting
Thursday September 7, 2006
7:30 pm - 9:30 pm
(This event repeats on the first Thursday of every month, until Friday July 13, 2007.)
(The next reminder for this event will be sent in 5 days, 4 minutes.)
Location: Sonoma Chicken Coop Restaurant,
Street: 200 East Campbell Ave
City State Zip: Campbell, CA.

Notes:
SVWUX is a club for enthusiasts of data networking using wireless technologies, providing a forum for discussion and innovation. It is a Special Interest Group (SIG) of the South Bay Community Network, Inc., a California non-profit corporation.

Current projects including establishing an IP-based wireless network in Santa Clara County, providing Internet access at the LinuxPicnic, and assisting Stratofox with deploying a communications network in Nevada.

1013. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2006-09-01 10:31:17 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 1013

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV

FYI
-------- Original Message --------
Subject: Hams Needed Again for CCCC
Date: Sun, 3 Sep 2006 14:10:09 -0700
From: R. Gary Hendra <gary.hendra@...>

Hello, fellow Hams...

The Coyote Creek Cycling Classic is just around the corner, and it is time to get organized. Again my sincere thanks for your support last year, and I hope that you can put Saturday, October 14, on your calendar and volunteer a few hours for a great cause, once again.

Please let me know by e-mail if you can participate, if you have a dual band radio, if you have other equipment available, like portable antenna, battery backup etc.

We were a few Hams short last year, so I'm seeking about 15 volunteers this year. There will be 4 to 6 sag wagons, four rest stops, a couple emergency vehicle locations, the Starting Location, network control, and a couple other locations -- all need to have Hams.

If there is anyone who would be willing to ride the course from Start to Helyer park and back a few times, with a radio, that would be extremely helpful. Or a couple riders from Start to mid point, and Helyer to mid-point, in circles. The biggest problems encountered last year were these loops, where accidents happened, and it took a long time to get help in there. I'd like to solve this with riders and a Ham accompanying the Ranger.

I will once again establish a mail list so we can communicate, as we get organized and information out to everyone.

Thanks for you support of Scouting... Gary

1019. [Fwd: [arrl_prez] National Preparedness Month]

Yahoo group: SB_Radio_Events
Date: 2006-09-08 05:11:44 UTC
From: Bill Dale
Topic: 1019 Message: 1019

FYI!

-------- Original Message --------
Subject: [arrl_prez] National Preparedness Month
Date: Wed, 06 Sep 2006 13:24:12 -0000
From: w3iz <w3iz@...>
Reply-To: arrl_prez@yahoogroups.com
To: arrl_prez@yahoogroups.com

National Preparedness Month is here. I am including a copy of the press release from the U.S. Department of Homeland Security that reminds everyone of this national awareness campaign.

An ARRL Web news article about Amateur Radio Public Awareness Day (September 16) and National Preparedness Month is on the ARRL Web page at http://www.arrl.org/news/stories/2006/09/01/1/?nc=1.

ARRL is a National Preparedness Month Coalition Member. Although September is National Preparedness Month, the underlying theme is to encourage everyone to be aware of and also prepare for emergencies all year long. Amateur Radio operators, lead by ARRL Field Organization Leaders across the country, are encouraged to consider this year's ARRL Simulated Emergency Test -- and all preparations and post evaluations for it ? as a demonstration of your participation in National Preparedness Month. The focal-point weekend for SET is October 7 and 8. (http://www.arrl.org/FandES/field/setguide.html) (see September QST, p. 105).

Amateur Radio Public Awareness Day (September 16) and all the fairs and public service events that radio amateurs are a part of throughout the month will also be testaments of Amateur Radio and ARRL involvement in the spirit of National Preparedness Month.

Press Office

U.S. Department of Homeland Security
Press Release

August 31, 2006

Contact: DHS Press Office, 202-282-8010
HOMELAND SECURITY AND COALITION OF MORE THAN 1,150 LAUNCH NATIONAL PREPAREDNESS MONTH 2006

Hundreds of Events and Activities across the Country Promote Emergency Preparedness

WASHINGTON ? The U.S. Department of Homeland Security (DHS) announced today that more than 1,150 national, regional, state and local organizations have joined the department to take part in National Preparedness Month. This nationwide effort encourages Americans to prepare for emergencies of all kinds in their homes, businesses, schools and communities. This year, the department is putting a particular focus on family emergency preparedness, reminding individuals to make themselves and their loved ones better prepared.

"This fall, the Department of Homeland Security and the National Preparedness Month Coalition are urging Americans to take a few basic steps to ensure that their families are prepared before emergencies happen," said Homeland Security Secretary Michael Chertoff. "Through events and activities across the country, every American will be reminded of the personal responsibility they have to keep their family safe if the unexpected occurs."

More than 1,150 public and private sector organizations representing every state in the nation are promoting emergency preparedness through hundreds of events and activities in communities across the country. National organizations such as Boy Scouts of America, The Council of Better Business Bureaus, National Volunteer Fire Council, Home Depot, ASPCA and the American Red Cross and many smaller regional, state and local groups are taking part in this important effort. Throughout September, DHS and coalition members are highlighting the importance of individual emergency preparedness and encouraging Americans to get an emergency supply kit, make a family emergency plan and be informed about the different types of emergencies that may affect them.

The goal of National Preparedness Month is to educate Americans about the importance of emergency preparedness and encourage individuals to take action. Throughout the year, DHS promotes individual emergency preparedness through the Ready Campaign and Citizen Corps as part of a broader national effort conducted by the department's Directorate for Preparedness.

While there is still a long way to go to ensure that all Americans have taken steps to prepare, there are indications of progress. A study conducted in June by the Advertising Council on behalf of the Department of Homeland Security's Ready Campaign recorded significant positive increases in preparedness behaviors. It found:

91 percent of respondents said it is "very" or "somewhat" important for all Americans to be prepared for emergencies
>From 2005 to 2006, the proportion of Americans who said they have taken any steps to prepare rose 10 points, from 45 percent to 55 percent
There were also several notable increases in key preparedness behaviors from 2004 to 2006:

Put together an emergency kit: 44 percent in 2004 to 54 percent in 2006
Created a family emergency plan: 32 percent in 2004 to 39 percent in 2006 Searched for info about preparedness: 28 percent in 2004 to 40 percent in 2006

For more information about the National Preparedness Month events taking place across the nation see the National Preparedness Month calendar at www.ready.gov or contact your local Citizen Corps Council by visiting www.citizencorps.gov .

The U.S. Department of Homeland Security (DHS) promotes individual emergency preparedness through the Ready Campaign and Citizen Corps as part of a broader national effort conducted by the Department's Directorate for Preparedness. Ready is a national public service advertising campaign produced by The Advertising Council in partnership with DHS. The Ready Campaign is designed to educate and empower Americans to prepare for and respond to emergencies, including natural disasters and potential terrorist attacks. Individuals interested in more information about family and business preparedness can visit www.ready.gov or call 1-800-BE-READY to receive free materials. Citizen Corps, DHS' grassroots effort, localizes preparedness messages and provides opportunities for citizens to get emergency response training; participate in community exercises; and volunteer to support local first responders. To learn more and to get involved, contact your nearest Citizen Corps Council by visiting www.citizencorps.gov.

National Preparedness Month 2006 is a nationwide effort sponsored by the U.S. Department of Homeland Security to encourage Americans to take simple steps to prepare for emergencies in their homes, businesses and schools. National Preparedness Month events and activities are voluntary. DHS is not financially obligated to any National Preparedness Month Coalition Member. For more information about National Preparedness Month visit www.ready.gov.

Reminder from the Calendar of SB_Radio_Events
http://groups.yahoo.com/group/SB_Radio_Events/cal

SVWUX (WiFI Experimenters) meeting
Thursday October 5, 2006
7:30 pm - 9:30 pm
(This event repeats on the first Thursday of every month, until Friday July 13, 2007.)
(The next reminder for this event will be sent in 5 days, 4 minutes.)
Location: Sonoma Chicken Coop Restaurant,
Street: 200 East Campbell Ave
City State Zip: Campbell, CA.

Notes:
SVWUX is a club for enthusiasts of data networking using wireless technologies, providing a forum for discussion and innovation. It is a Special Interest Group (SIG) of the South Bay Community Network, Inc., a California non-profit corporation.

Current projects including establishing an IP-based wireless network in Santa Clara County, providing Internet access at the LinuxPicnic, and assisting Stratofox with deploying a communications network in Nevada.

1032. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2006-10-01 12:08:46 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 1032

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV
SB_Radio_Events-owner@yahoogroups.com

Reminder from the Calendar of SB_Radio_Events
http://groups.yahoo.com/group/SB_Radio_Events/cal

SVWUX (WiFI Experimenters) meeting
Thursday November 2, 2006
7:30 pm - 9:30 pm
(This event repeats on the first Thursday of every month, until Friday July 13, 2007.)
(The next reminder for this event will be sent in 5 days, 1 hour, 4 minutes.)
Location: Sonoma Chicken Coop Restaurant,
Street: 200 East Campbell Ave
City State Zip: Campbell, CA.

Notes:
SVWUX is a club for enthusiasts of data networking using wireless technologies, providing a forum for discussion and innovation. It is a Special Interest Group (SIG) of the South Bay Community Network, Inc., a California non-profit corporation.

Current projects including establishing an IP-based wireless network in Santa Clara County, providing Internet access at the LinuxPicnic, and assisting Stratofox with deploying a communications network in Nevada.

1053. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2006-11-01 12:03:25 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 1053

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV

1064. Northern California DX Club meeting on Thursday

Yahoo group: SB_Radio_Events
Date: 2006-11-15 08:01:10 UTC
From: Risto Kotalampi
Topic: 1064 Message: 1064

Next Regular Meeting is Thursday November 16, 2006 at the Harry's Hof Brau, 1909 El Camino Real Redwood City

* Social Hour: 6:00 to 7:30pm

* Meeting: 7:30pm - Stealth DX Antennas for Small Lots by Rich Holoch (KY6R)

Most of us remember Rich from his presentation about working DX with wire antennas. He's returning to NCDXC to speak about how to build "invisible antennas". Do you have problems with CC&Rs, neighbors, city, XYL or anything else that makes you want to have antennas that nobody else can see? Come listen to Rich's talk about how to overcome these problems by building stealth antennas for DXing. Even if you can build multiple towers and monster beams... come anyways!

* Are you feeling lucky? Carolyn WB6ABC has another great raffle in store for us with a range of exciting prizes and more!

73!

Risto, W6RK
NCDXC VP

Tom, K6KMT
Re: ARS â□□Hamâ□□ Communicators Needed â□" Los Gatos Holiday Parade, December 2nd.
Los Gatos 50th Annual Childrenâ□□s Christmas and Holiday Parade & Amateur Radio Emergency Service Communications Event
ECâ□□s and AECâ□□s; Please Forward to your ARES groups!
Amateur Radio Service (ARS) communicators are needed to staff Radio Communication positions for the 50th Annual Childrenâ□□s Christmas and Holiday Parade in Down Town Los Gatos on Saturday morning December 2nd. This is a fun & entertaining low stress community service event commencing at 11am , you will be home by early afternoon. This year, for the 50th event parade organizers are planning special programs and expect higher attendance.
Los Gatos ARES, with your help, provides radio communications in support of Parade Officials, the Los Gatos / Monte Sereno Police Department, the Los Gatos Disaster Aid Response Team and the Santa Clara Co Fire Dept.
As the communications expert you will relay messages and event logistical traffic via ARS frequencies. Also, due to the large public attendance, we are often called upon to provide assistance and emergency communications for the general public. In the past our expert and highly visible communication capabilities have been the primary means for summoning Public Safety for such incidents as lost children, traffic incidents and medical emergencies. All these communications activities are handled through a typical directed ARS net, with a net control station directing the radio traffic and acting as the liaison to officials.
This communications event is an opportunity for the experienced operator to sharpening skills or for the beginner to develop new skills. As a net participant your primary activity will be interfacing with talent judges, TV producers and celebrity announcers by providing up-to-the-minute information on parade activities. All these positions insure a great view of the parade and an opportunity to participate in the fun. Coffee and donuts are provided at the morning briefing meeting.
If you are interested in participating in this event please respond soon.

73,

Tom, K6KMT

From: Bill Dale
Topic: 1070 Message: 1070

FYI

-------- Original Message --------
Subject: [Scc-ec] ARES Training Event in Los Gatos
Date: Sat, 25 Nov 2006 18:32:12 -0800 (PST)
From: Tom C., K6KMT <tcampmail@...>
To: Tom Campbell <tcampmail@...>

EC's,

I have a few more positions to fill for next weekends parade in Los Gatos. I would appreciate your help and mutual assistance... please pass on you your ARES/RACES groups. This is a low key training event and great for new hams to get some radio time. Experience hams will enjoy the public service event.

This is not an official activation nor RACES event.

Details are below.

Thanks for your help!

Tom, K6KMT
EC, Los Gatos

1076. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2006-12-02 00:08:19 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 1076

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV

1102. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2007-01-03 21:44:39 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 1102

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV

1127. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2007-02-01 23:12:48 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 1127

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV

1149. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2007-03-02 00:05:02 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 1149

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV

1158. Northern California DX Club meeting tomorrow

Yahoo group: SB_Radio_Events
Date: 2007-03-14 23:13:55 UTC
From: Risto Kotalampi
Topic: 1158 Message: 1158

Our next regular meeting is tomorrow, March 15th, 2007 at the Harry's Hofbrau, 1909 El Camino Real, Redwood City

Visitors are very welcome!

* Social Hour: 6:00 to 7:30pm
* Meeting: 7:30pm

March 15, 2007-Come join us for another
great gathering of fellow club members which
includes full range DX interest and experience!
This monthly meeting presentation will be:

"6O0N-Somalia, 2006 Dxpedition by the
Italian Team. It is unique as it was very
dangerous for the operators who had to carry their
own machine guns. There were about 34,986 contacts.
When you watch this CD presentation keep you eye
on the way they kept tract of the beam direction. The
beginning of the CD has them leaving Italy with their
equipment and arriving at the Mogadishu, the capitol
of Somalia. The Dxpedition was dedicated to Adan,
6O0N, who came to his death in an auto accident a
short time after the Dxpedition. All of the operators
are trying to raise money to help the children of
Somalia."

73!

1166. Cub Scout Visit to W6MLP

Yahoo group: SB_Radio_Events
Date: 2007-03-28 09:04:39 UTC
From: Bill Dale
Topic: 1166 Message: 1166

Cub Scouts are visiting W6MLP station on April 14th, at 11:30. I could use some help both on site and on the air.

I'll be using the usual repeaters to expose the scouts to radio so stand by if you can to talk to them. We will also try some HF contacts.

Contact me for more information.

1169. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2007-04-01 22:23:14 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 1169

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV

1194. Silicon Valley Tour de Cure - June 10, 2007

Yahoo group: SB_Radio_Events
Date: 2007-04-23 22:54:00 UTC
From: striplingp
Topic: 1194 Message: 1194

Silicon Valley Tour de Cure - June 10, 2007

This is a major fund raiser for the American Diabetes Association. There are three bicycle tours of 25K, 50K, and 120K, and one runs from Palo Alto to the coast and back. Ham radio operators provide necessary communications in areas where there is no cell service.

This can be a demanding event for radio operators. The 120K route goes through Portola Valley and the hills on the ocean side of the Peninsula. Coverage in the valleys and canyons is difficult. Volunteer operators should be prepared for cold, wet weather and hot, sunny weather. NOTE: Because operators will be out for up to eight hours, they should have plenty of battery power, food, and water, along with whatever other supplies they will need during the day. In some locations, we recommend mobile radios with 25 watts of power.

If you are an experienced ham, we need you. If you are inexperienced, we need you, too. We will pair the inexperienced with the experienced. Stop by
https://www.quickbase.com/db/9njw8xkc?a=q&qid=5
and figure out what slot you want to volunteer for, then stop by
http://www.civex.com/tour/
and read about the frequency plan, rest stops, and routes. Volunteer by filling out the form at
http://www.civex.com/volunteer.html

Volunteer positions require staffing from a couple of hours to over eight hours, so you can pick the length of time you want to serve. Rest stops have porta-potties, food, water, and friendly volunteers to keep you company. A lunch will be provided for all volunteers, along with T-shirts.

Please volunteer. We need your help.

Phil KG6ILU

1199. Big Sur APRS this Sunday morning April 29

Yahoo group: SB_Radio_Events
Date: 2007-04-27 18:19:47 UTC
From: Bill Dale
Topic: 1199 Message: 1199

(Cap KE6AFE, put this on the ca_aprs group.)

Big Sur International Marathon (APRS) Sunday morning, April 29.
http://bsim.aprsca.net

If you can use VHF APRS on _this_ stretch of coastline, you can use it
about anywhere!

P.S. W6TAR-7 thru W6TAR-12 are new N1VG OT2 T2-135 modules for the
Alinco 2m mobile radio. http://map.findu.com/W6TAR*

Mobiles on the Marathon course will use their routine settings:
WIDE1-1,WIDE2-1 while mobile on 144.390 MHz. UI-View32 display
stations on the course will use "Setup,Edit Translations" to label
moving stations with tactical callsigns for local display.

Bill, N2RHV,

Date: 2007-04-27 18:25:27 UTC
From: Bill Dale
Topic: 1200 Message: 1200

Come join California's longest party!!!

It is time for The Relay, May 5th and 6th. A fund raiser for Organs-R-Us, the course runs from Calistoga in Napa Valley to Sonoma to Marin, through Sausalito, across the Golden Gate Bridge under a full moon, through San Francisco to Palo Alto and through Silicon Valley to the beach in Santa Cruz.

Featuring the natural beauty of the Bay Area, the 199-mile course boasts the largest number of tourist destinations of any run. Check out www.therelay.com <http://www.therelay.com> for more event information.

We need amateur radio operators for the 10 exchange points in Napa and Sonoma Counties. These positions are manned on Saturday the 5th. Please contact kg6izs@... <mailto:kg6izs@...> to reserve your spot today.

Thats not all folks!!! On Sunday May 6th. is the American Diabetes Association's Tour De Cure. This event has 10, 25, 50, and 100 mile courses that we need amateur radio operators to man the rest stops. This is a great event and the start / finish is right in the middle of the beautiful Napa Valley. Contact ke6o@... <mailto:ke6o@...t> to sign up.

1202. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2007-05-01 15:42:17 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 1202

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV
SB_Radio_Events-owner@yahoogroups.com

1203. SAG wagons needed June 10

Yahoo group: SB_Radio_Events
Date: 2007-05-01 19:17:11 UTC
From: striplingp
Topic: 1203 Message: 1203

The Silicon Valley Tour de Cure is scheduled for June 10, 2007. The 120K ride is from Palo Alto to Pescadero along Skyline and Pesacadero Road on the outbound leg, then from Pescadero back to Palo Alto along Tunitas Creek Road.

On much of this course, cell phones are out of range, and we need ham radio operators with vehicles capable of carrying one or more bikes and riders to haul gear and people that have broken down. HTs are insufficient on most of the route, and we prefer mobile radios with external antennas.

We also need base stations at the various rest stops along the 25K, 50K, and 120K routes. Drop by
http://www.civex.com/tour/
for links to route maps, locations of rest stops, and the link for volunteers. I'm happy to say
that we're on track to have a record number of riders this year, so the need for SAGs is greater than in prior years.

1212. Human Race needs Ham Operators - May 12

Yahoo group: SB_Radio_Events
Date: 2007-05-07 21:01:53 UTC
From: Bill Dale
Topic: 1212 Message: 1212

The "Human Race" will be held this Saturday, May 12th, in Mt View. The event will run from about 7am to 1pm.

The Volunteer Center's
Human Race for Silicon Valley
is the annual premier community fundraising event providing all non-profit organizations the opportunity to raise money for their programs and services.
The event is produced by the Volunteer Center of SIlicon Valley.

Santa Clara ARES/RACES has been asked to provide radio operators for this event. This is an offical ACS/RACES activation and radio operators must be on the County Disaster Service Worker (DSW) list. They may also be sworn in at or prior to the event. Contact John Amos at k6tvm@... for infomation.

William Dale, N2RHV
ARRL Santa Clara Valley Section Manager.

Reminder from: SB_Radio_Events Yahoo! Group
http://groups.yahoo.com/group/SB_Radio_Events/cal

Ham Radio & Electronics Flea Market
Saturday May 12, 2007
5:00 am - 12:00 pm
(This event repeats every month on the second Saturday until Saturday October 13, 2007.)
Location: De Anza College - Cupertino
Street: Stevens Creek Boulevard at Stelling Road
City State Zip: Cupertino, CA 95014
Phone: Talk-in on W6ASH, -145.270, 100 Hz PL

Notes:
The Electronics Flea Market "swap meet" is held on the second Saturday (pre dawn) of each month, March through October. The flea market is organized by ASVARO for the benefit of non-profit amateur radio organizations in the Silicon Valley. The flea market was held in Sunnyvale in 2004, and in previous years at Foothill College in Los Altos. The organizations that participate in the flea markets are active in amateur radio education, emergency communications, and civic support activities.

Recruiting Watsonville airshow volunteers
FLY in and park your plane (or car) FREE & Gas ~$3.39

MAY 25-27

Free entry and "cup/patch/pin" and car or plane Parking is too....to earn these you must register for an important job below. Volunteers are expected to work at least 4 hours. You must get your wrist band by contacting the EAA 119 &n bsp;member in charge of your activity. Have it before so that you may PARK for free.

Field set-up, Judging, Pilot Registration, and/or Parking planes. Or work with EAA 119 in the Hot Dog Stand/ or Pancake Breakfast.

Each volunteer is expected to work a minimum of 4 hours in exchange for a daily admission wristband and a cup/patch/pin. Car parking is free at the Hospital with a shuttle to the airfield and plane parking is free. You will need to have the admission wristband before you arrive. Wristbands should be available ahead of t ime from the EAA 119 member in charge of your activity.

Field Setup/Take down (Thurs. & Mon.) Dennis Thomas 479-7986
dthomas773@...

Pilot Registration (Fri. & Sat.) Mary Doherty -- 423-3610
maryatscruz@...

Plane Parking (Fri. & Sat.) Dan Kelsey - only needs
two more for friday Judging (Sat.)
Leslie Grate - 588-1451 lesliegrate@...
Photography ; (Sat.) Brian Moffet -
459-4242 moffetb@...
Pancake Breakfast (Sat.& Sun) Jerry Olson - 476-3651
momabon1@...

Hot Dog Stand (Fri, Sat & Sun) John Davi - 688-2809
714aptos@...

The pilot newsletter is available on the Chapter 119 website @

www.eaa119.org <http://www.eaa119.org/>

Additional information is at www.WatsonvilleFlyin.org
<http://www.watsonvilleflyin.org/>

Note; Camping on field is $20 for the weekend.

Hi Umesh,

Yes! We definitely need more ham radio trained volunteers to act as
communicators. Attached please find the application and code of
contact. Thank you for your help in recruiting!

Take care,

Emily

Palo Alto Amateur Radio Assn.
Friday June 1, 2007
7:30 pm - 9:30 pm
(This event repeats every month on the first Friday.)

Notes:
Welcome to PAARA, the Palo Alto Amateur Radio Association.

The PAARA Net and Swap Session meets each Monday evening at 8:30 p.m. on the N6NFI repeater 145.230 (-). The 100 Hz PL is turned off for the net.

Club Meetings:

Every 1st Friday of the month, at 7:30 p.m. Menlo Park Recreation Center, 700 Alma St, Menlo Park (In Burgess Park)

We usually meet for a pre-meeting dinner with our speaker at the Su Hong Restaurant, 1039 El Camino Real, Menlo Park. All members and guests are invited to join.

1237. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2007-06-01 14:31:25 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 1237

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV

1241. Field Day Sites - some unconfirmed - 2007

Yahoo group: SB_Radio_Events
Date: 2007-06-04 15:12:09 UTC
From: Bill Dale
Topic: 1241 Message: 1241

This lists is based on last years list. Some of these sites have been confirmed - some not so much. Please re-confirm this information and give more details as some data is sketchy.

I need location, web site map, GPS position, phone and radio contacts for the day of Field Day. It's not Field Day if I cannot find you!

Add any new groups doing Field Day. Include information on groups NOT doing Field Day this year as well.

The information for the Stanford Amateur Radio Club is correct. You can get directions and GPS on
http:www-w6yx.stanford.edu

Note that vehicle traffic is restricted in the Stanford Field Sites. We will accept visitors noon to 3pm and will need folks to call the station telephone number (listed below) for escort/convoy.

FIELD DAY WEEKEND 2007
Saturday June 23, 2007
All Day
(This event repeats every day until Sunday June 24, 2007.)
(The next reminder for this event will be sent in 6 days, 23 hours, 58 minutes.)
Location: Nation-wide

Notes:
"Field Day" is the climax of the week long "Amateur Radio Week" sponsored by the American Radio Relay League (ARRL), the National Association for Amateur Radio. Using only emergency power supplies, ham operators will construct emergency stations in parks, shopping malls, schools and back yards around the country. Their slogan, "When all else fails??is more than just words to the hams as they prove they can send messages in many forms without the use of phone systems, internet or any other infrastructure that can be compromised in a crisis. More than 30,000 amateur radio operators across the country participated in last year's event.

1266. Fw: Tour de Peninsula 2007 - Radio Operators Needed

Yahoo group: SB_Radio_Events
Date: 2007-06-21 19:20:13 UTC
From: William Dale
Topic: 1266 Message: 1266

----- Forwarded Message ----
From: Gary Aden < >
To: k6gda@...
Sent: Thursday, June 21, 2007 8:17:47 AM
Subject: Re: Tour de Peninsula 2007 - Radio Operators Needed

Tour de
Peninsula Needs Amateur Radio Operators

Event:
San Mateo County Parks Foundation: Tour de
Peninsula
Date:
Sunday August 5th,
2007
Time:
0500 for some positions, 0800 for others to about 1400hrs

Location:
Redwood City, San Carlos, Belmont, San Mateo, Hillsborough, Millbrae
Comm
Boss:
Richard Tidd KE6HNY, 877-309-7516 or ke6hny@...
On-line Reg
form: http://www.quickbase.com/db/6srh2ujk

Amateur radio operators are needed for the San Mateo County Parks and
Recreation Foundation, Tour De Peninsula, a 33 mile bike ride in San Mateo
County with 17 and 21 mile short-cuts and 5 rest stops with refreshments. We
need approx. 30 hams to work in fixed posts, shadows for event personnel, bike
mobiles, and net control.

Run by RhodyCo Productions, the ride
starts at Sequoia High in Redwood City, winds through San Carlos, Belmont, San
Mateo, Sawyer Camp Trail in the watershed, Millbrae, and back to Sequoia High
via Hillsborough, San Mateo, Belmont, and San Carlos. This is quite a ride
through urban centers and wilderness. This year's beneficiary is the San Mateo
County Parks and Recreation Foundation.

If you are interested in
working this event, please point your browser to http://www.quickbase.com/db/6srh2ujk for
the On-line form.

Go to the "ADD A NEW RECORD" button the top or the screen. Here
you will enter your info as requested.

We will probably need to
start early, say 6am, but I will let you know more as I find out.

This event offers an excellent opportunity for emergency you to
provide needed services to a beneficial event as well as utilize your skills. We
will operates under the Standardized Emergency Management System (SEMS) and
utilizes the Incident Command System (ICS). We may work in close affiliation
with local and state government agencies as needed.

COMMUNICATIONS
Operates a mobile, portable or fixed
communication facility as needed. Communications personnel may be on Amateur
Radio, GMRS, business radio, or other radios systems as needed. Communications
personnel may be provide shadow and fixed post radio services and may operate
any type of radio system as needed. MIMIMUM QUALIFICATIONS: Amateur Radio
personnel must have at least a Technician Class license. GMRS requires a GMRS
radio class license. Should be a member of a recognized ARES/RACES/ACS type of
organization.

Thank You from
Richard
Tidd
KE6HNY, KAF4732

Communications Director for Tour de
Peninsula

Reminder from: SB_Radio_Events Yahoo! Group
http://groups.yahoo.com/group/SB_Radio_Events/cal

SVWUX (WiFI Experimenters) meeting
Thursday July 5, 2007
7:30 pm - 9:30 pm
(This event repeats every month on the first Thursday until Friday July 13, 2007.)
(The next reminder for this event will be sent in 5 days, 4 minutes.)
Location: Tasty Subs & Pizza at 528 Lawrence, near HRO.

Notes:
SVWUX is a club for enthusiasts of data networking using wireless technologies, providing a forum for discussion and innovation. It is a Special Interest Group (SIG) of the South Bay Community Network, Inc., a California non-profit corporation.

Current projects including establishing an IP-based wireless network in Santa Clara County, providing Internet access at the LinuxPicnic, and assisting Stratofox with deploying a communications network in Nevada.

1272. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2007-07-01 13:50:30 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 1272

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV

1289. Tour de Peninsula 2007

Yahoo group: SB_Radio_Events
Date: 2007-07-17 11:39:27 UTC
From: Richard Tidd KE6HNY
Topic: 1289 Message: 1289

Tour de Peninsula Needs Amateur Radio Operators

Event: San Mateo County Parks Foundation:
Tour de Peninsula
Date: Sunday August 5th, 2007
Time: 0500 for some positions, 0800 for
others to about 1400hrs
Location: Redwood City, San Carlos, Belmont, San
Mateo, Hillsborough, Millbrae
Comm Boss: Richard Tidd KE6HNY, 877-309-7516 or
ke6hny@...
On-line Reg form: http://www.quickbase.com/db/6srh2ujk

Amateur radio operators are needed for the San Mateo County Parks and Recreation Foundation, Tour De Peninsula, a 33 mile bike ride in San Mateo County with 17 and 21 mile short-cuts and 5 rest stops with refreshments. We need approx. 30 hams to work in fixed posts, shadows for event personnel, bike mobiles, and net control.

Run by RhodyCo Productions, the ride starts at Sequoia High in Redwood City, winds through San Carlos, Belmont, San Mateo, Sawyer Camp Trail in the watershed, Millbrae, and back to Sequoia High via Hillsborough, San Mateo, Belmont, and San Carlos. This is quite a ride through urban centers and wilderness. This year's beneficiary is the San Mateo County Parks and Recreation Foundation.

If you are interested in working this event, please point your browser to http://www.quickbase.com/db/6srh2ujk for the On-line form.

Go to the "ADD A NEW RECORD" button the top or the screen. Here you will enter your info as requested.

We will probably need to start early, say 6am, but I will let you know more as I find out.

This event offers an excellent opportunity for emergency you to provide needed services to a beneficial event as well as utilize your skills. We will operates under the Standardized Emergency Management System (SEMS) and utilizes the Incident Command System (ICS). We may work in close affiliation with local and state government agencies as needed.

COMMUNICATIONS
Operates a mobile, portable or fixed communication facility as needed. Communications personnel may be on Amateur Radio, GMRS, business radio, or other radios systems as needed. Communications personnel may be provide shadow and fixed post radio services and may operate any type of radio system as needed. MIMIMUM QUALIFICATIONS:

Amateur Radio personnel must have at least a Technician Class license. GMRS requires a GMRS radio class license.

Thank You from
Richard Tidd
KE6HNY, KAF4732

1298. Bay Area Ridge Trail Cruz 9/29/07 Comms Volunteers Needed

Yahoo group: SB_Radio_Events
Date: 2007-08-01 05:06:12 UTC
From: Bill Dale
Topic: 1298 Message: 1298

Please respond to Steve Muther (WF6R) if you can assist.

Steve Muther - WF6R
semuther@...
H 650-424-9809

Greetings,

On September 29, the Bay Area Ridge Trail organization and the Mid Peninsula Regional Open Space District will host the 2nd Annual Ridge Trail Cruz. They are looking for communications volunteers to staff a half dozen or so check points and aid stations along their various hiking and mountain bike event routes. An event description can be found here:

http://www.ridgetrail.org/calendar/detail.cfm?ID=203

This is an all day event. Some split shifts will likely be available but the volunteers would need to be time flexible for the day. Last year, the event was quite small in terms of actual event participants but it was a good first run for the agencies involved and the communications team.

If you are available and can help, please contact by email:

Steve Muther - WF6R
semuther@...
H 650-424-9809

Please provide your preferred email address along with your call sign, day and evening telephone numbers.

Thanks

Steve

1299. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2007-08-01 13:57:12 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 1299

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV
SB_Radio_Events-owner@yahoogroups.com

1304. Tour For Woodside☐ Century bike ride needs Hams

Yahoo group: SB_Radio_Events
Date: 2007-08-03 03:40:21 UTC
From: Richard Tidd KE6HNY
Topic: 1304 Message: 1304

Request for Amateur Radio volunteers to support
the ☐Tour For Woodside☐ Century bike ride.

On Sunday, September 23rd, the Woodside High School Foundation Endowment
will host the 2nd Annual Bike tour, fund riser.
They are looking for communications volunteers to
staff the rest stops, support vehicles and event
staff shadows. Event description can be found on their web site.

<http://www.tourforwoodside.com/>www.tourforwoodside.com

This is an all day event. Some shifts will start at 5:00 am
and end early. Others will conclude at 6:00 pm.
Volunteers would need to be time flexible to provide support where necessary.
Requirements: You need to have a dual band
(VHF/UHF) radio with battery power to operate for
8 hours. Also looking for operators with mobile
radio setups at the rest stops and portable
mobile radios to operate in the tour sag vehicles.

This year 800 bike riders are expected to ride the different courses.
The geographic area extends from Woodside, to San
Mateo, over Skyline down to Pescadero on the
coast. Radio coverage will be a challenge in some
of the remote locations of the course. Please
sign up to help make this a great event.
Please contact me by email:

Peter Liljequist ☐ KD6BXY

<mailto:kd6bxy@...>kd6bxy@arrl.net
650-592-5663

Please provide your preferred email address along with
your call sign, day and evening telephone numbers.

Thank you for your support of the ☐Tour For Woodside☐!

1311. Milpitas W6MLP Ham Shack Open, 8/11/2007, 9:00 am

Yahoo group: SB_Radio_Events
Date: 2007-08-08 16:01:29 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 1311 Message: 1311

Reminder from: SB_Radio_Events Yahoo! Group
http://groups.yahoo.com/group/SB_Radio_Events/cal

Milpitas W6MLP Ham Shack Open
Saturday August 11, 2007
9:00 am - 12:00 pm
(This event repeats every week.)

Notes:
Milpitas Amateur Radio & Electronics Society hosts all amateurs and radio enthusiasts EVERY SATURDAY at our Ham Shack at Fire Station One, 777 S. Main Street, Curtis and S. Main, in Milpitas.

The shack operates HF on 80-10 meters and VHF/UHF on 6 mt to 70 cm bands.

Please enter the Open North Gate and park along the fence near the street or to the RIGHT by the trees. We will be listening on the W6MLP repeaters on 224.72MHz-(100pl) and 145.43MHz-(85.4pl)

Reminder from: SB_Radio_Events Yahoo! Group
http://groups.yahoo.com/group/SB_Radio_Events/cal

Ham Radio & Electronics Flea Market
Saturday August 11, 2007
5:00 am - 12:00 pm
(This event repeats every month on the second Saturday until Saturday October 13, 2007.)
Location: De Anza College - Cupertino
Street: Stevens Creek Boulevard at Stelling Road
City State Zip: Cupertino, CA 95014
Phone: Talk-in on W6ASH, -145.270, 100 Hz PL

Notes:
The Electronics Flea Market "swap meet" is held on the second Saturday (pre dawn) of each month, March through October. The flea market is organized by ASVARO for the benefit of non-profit amateur radio organizations in the Silicon Valley. The flea market was held in Sunnyvale in 2004, and in previous years at Foothill College in Los Altos. The organizations that participate in the flea markets are active in amateur radio education, emergency communications, and civic support activities.

1328. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2007-09-01 13:47:29 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 1328

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV

Ham Radio & Electronics Flea Market
Saturday September 8, 2007
5:00 am - 12:00 pm
(This event repeats every month on the second Saturday until Saturday October 13, 2007.)
Location: De Anza College - Cupertino
Street: Stevens Creek Boulevard at Stelling Road
City State Zip: Cupertino, CA 95014
Phone: Talk-in on W6ASH, -145.270, 100 Hz PL

Notes:
The Electronics Flea Market "swap meet" is held on the second Saturday (pre dawn) of each month, March through October. The flea market is organized by ASVARO for the benefit of non-profit amateur radio organizations in the Silicon Valley. The flea market was held in Sunnyvale in 2004, and in previous years at Foothill College in Los Altos. The organizations that participate in the flea markets are active in amateur radio education, emergency communications, and civic support activities.

1342. Trek for Treatments walk-a-thon event in Los Gatos 10/21

Yahoo group: SB_Radio_Events
Date: 2007-09-12 06:03:35 UTC
From: duc20514
Topic: 1342 Message: 1342

I am new to the group. I signed up to see if a local club has any interest in providing communications for the First Annual Trek for Treatments in Los Gatos on October 21 of this year. This event is to benefit the Eric Drew Foundation (www.drewfoundation.org)

The event will be held on the Los Gatos Trail starting at Vasona Park and going to the Lexington Dam, and then returning to Vasona. I think we could use 5 or 6 stations and perhaps a few mobile (foot or bike) operators.

Please visit the Foundation website and read up on what we do. It is a teriffic cause.

Thanks for looking, and let me know if you are interested.

Tour For Woodside
Sunday September 23, 2007
All Day
(The next reminder for this event will be sent in 4 days, 3 minutes.)
Phone: Peter Liljequist ? kd6bxy@... / 650-592-5663

Notes:
On Sunday, September 23rd, the Woodside High School Foundation Endowment will host the 2nd Annual Bike tour, fund riser. They are looking for communications volunteers to staff the rest stops, support vehicles and event staff shadows. Event description can be found on their web site.
www.tourforwoodside.com
This is an all day event. Some shifts will start at 5:00 am
and end early. Others will conclude at 6:00 pm.
Volunteers would need to be time flexible to provide support where necessary.
Requirements: You need to have a dual band (VHF/UHF) radio with battery power to operate for 8 hours. Also looking for operators with mobile radio setups at the rest stops and portable mobile radios to operate in the tour sag vehicles.

This year 800 bike riders are expected to ride the different courses.
The geographic area extends from Woodside, to San Mateo, over Skyline down to Pescadero on the coast. Radio coverage will be a challenge in some of the remote locations of the course. Please sign up to help make this a great event.
Please contact me by email: Peter Liljequist ? KD6BXY
kd6bxy@... / 650-592-5663

Please provide your preferred email address along with
your call sign, day and evening telephone numbers.

1357. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2007-10-01 14:02:46 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 1357

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV

Date: 2007-10-11 21:59:20 UTC
From: Risto Kotalampi
Topic: 1369 Message: 1369

NCDXC meeting next week:

I'm happy to announce that we will have Seppo Sis?tt? (OH1VR/OH3MMM/AE6PP) joining us and he will be talking about "DX-peditioning - another view".

Seppo is an experienced DXer, contester, world traveler and regular visitor in Northern California. He will be talking about how to do small scale DX-peditions... unlike those of 3B7C or 3Y0X. Come hear how 'small is beautiful' and how to do these small and light weight DX-peditions without huge sponsoring deals.

The meeting will be at:
Holder?s Country Inn
998 South De Anza Blvd., San Jose, Ca.

The meeting will be on Thursday, October 18, 2007
Dinner starts at 6pm
Program starts at 7.30pm

73!

1385. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2007-11-01 14:19:30 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 1385

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV

1389. Ham Radio License Class in Menlo Park Jan. 15-Feb. 5 & Emergency Radio Traning on Feb. 12

Yahoo group: SB_Radio_Events
Date: 2007-11-04 17:38:34 UTC
From: Bill Dale
Topic: 1389 Message: 1389

PLEASE PRINT & POST & PASS ON TO ALL WHO MAY BE INTERESTED

SEMINAR & EXAM: AMATEUR ("HAM") RADIO

WHAT: Amateur Radio ("Ham") License & Communications Course
Study to pass a 35-question, multiple-choice FCC exam (no Morse code) to get a radio license to use certain frequencies in a disaster, etc.

WHEN: Tuesdays: 6:30 pm - 9 pm: Jan. 15, 22, 29 & Feb. 5 (Feb. 5 is exam night)

Also: There will be a special Emergency Communications Training Class (ideal for new radio operators or those wishing to learn about ARES/RACES). See below.

WHERE: Menlo Park Fire Sta. 77: 1467 Chilco St.

COST: $35.00
[make check payable to "Menlo Park Fire Protection District"]
[please bring your check to first class and give to Carol Parker]

Please write your phone # and e-mail address on the check

MATERIAL: The ARRL Ham Radio License book will be provided for this class.

INSTRUCTORS: David Fichou (Menlo Fire ARES) & Ken Dueker (Palo Alto P.D.)

REGISTER: Ken Dueker: kdueker@...
Advise if you also wish to attend the Emergency Comm class.

Sponsored by: Menlo Park Fire Protection District CERT:
www.menlofire.org/cert

This course is open to the public but is designed for Community Emergency Response Team (CERT), Red Cross, and other emergency volunteers, including first responders. There is a maximum of 35 students for this class (priority for disaster volunteer members).

EMERGENCY COMMUNICATIONS CLASS:

This class is designed for CERT members, ham radio operators, neighborhood teams, and others who want to learn about communications in a disaster. Covers all radio and communications systems, including Ham, FRS, police, fire, etc. You don't need a ham license for this class, but it is preferred.

WHAT: Emergency Communications Course for Ham Radio & CERT

WHEN: Tuesday, Feb. 12, 2008: 6:30 pm - 9:30 pm

WHERE: TBA (Menlo Park area)

COST: FREE !

BRING: Your radio(s) & instruction manuals for them

INSTRUCTORS: David Fichou (Menlo Fire ARES) & Ken Dueker (Palo Alto P.D.)

REGISTER: Ken Dueker: kdueker@...

Sponsored by: Menlo Park Fire Protection District CERT:
www.menlofire.org/cert

Learn More About ARES/RACES Ham Radio in your area:

Santa Mateo County:
www.k6mpn.org

Santa Clara County:
www.scc-ares-races.org/aresraces.htm

If you are in another area, search for your local ARES/RACES Emergency Coordinator on www.arrl.org.

1393. Northern California DX Club meeting on Thursday 11/15/2007

Yahoo group: SB_Radio_Events
Date: 2007-11-08 16:33:37 UTC
From: Risto Kotalampi
Topic: 1393 Message: 1393

NCDXC November meeting will be in one week, on November 15th, 2007. Location is the same as two previous times: Holder?s Country Inn, 998 South De Anza Blvd., San Jose. Dinner starts at 6pm, meeting program at 7.30pm.

I'm happy to announce that we will have a presentation "Propagation Physics" by Kristen McIntyre, K6WX.

Abstract: Propagation Physics
As amateur radio operators we experience propagation of RF energy first hand. At times this propagation may seem mysterious and strange, however, it can be modeled by our current physical understanding of electromagnetics. This allows us to make some predictions about how propagation will unfold. Our understanding falters when RF energy propagates in environments that are far too complex to contain within the best models we can build. This is when the mystery returns. This talk will explore our physical understanding of propagation, what factors govern it, and how it interacts with the environment and ionosphere. Amateur radio operators can, using this understanding, make better choices for more efficient RF propagation.

Bio:
Kristen McIntyre, K6WX, has been interested in radio since she was about 5 years old. She started in Amateur Radio in 1979 getting her ticket while at MIT. Kristen has worked in many diverse areas from analog circuit design to image processing to starting and running an ISP. She is currently working as a principal investigator at Sun Microsystems Laboratories where she is researching robustness and emergent properties of large distributed computer systems. She is a long time denizen of Silicon Valley and has worked at or consulted for many of the usual suspects. Kristen is an active ham and loves to chase DX on HF with her Elecraft K2 which she built while visiting her mother in Florida. She is an ARRL Technical Coordinator for the East Bay Section, president of the Palo Alto Amateur Radio Assoc., and is active in many local clubs, including NCDXC. She is NCDXC's Net Coordinator (the net meets on Thursdays at 8pm on W6TI 147.360 MHz repeater).

See you in a week,

73!

Risto, W6RK

1408. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2007-12-01 18:54:29 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 1408

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV

1433. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2008-01-01 15:07:56 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 1433

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV

1438. No space in my call, why in my license plate???

Yahoo group: SB_Radio_Events
Date: 2008-01-07 07:17:36 UTC
From: Neds_Email
Topic: 1438 Message: 1438

From: nobarc@yahoogroups.com [mailto:nobarc@yahoogroups.com] On Behalf Of Ken Harrison
Sent: Monday, December 31, 2007 4:15 PM
To: nobarc@yahoogroups.com; Sonoma County ACS
Subject: [NoBARC] No space in my call, why in my license plate???

CALLING ALL CALIFORNIA HAMS

(PLEASE CIRCULATE THIS ITEM AS WIDELY AS POSSIBLE TO ALL CALIFORNIA HAM RADIO GROUPS)

Recently, to the dismay of many, the California Department of Motor Vehicles, arbitrarily and unannounced, implemented a policy of inserting a blank space in the middle of the call sign on amateur call sign four and five character license plates. As we go to "press" at least three different explanations for this policy change have been offered:

1 - The FCC requires a space in the middle of the call sign. (This is not true, but just to make sure we checked with the FCC.)
2 - The manufacturing process does not allow four or five character license plates to be manufactured without a space in the middle.
(If this is true, we wonder why personalized plates are still being offered in the exact configuration requested?)
3 - Not having a space in the middle of an amateur call sign plate may confuse law enforcement officers.
(The explanation for this one is that during an emergency law enforcement and/or fire personnel may think the call sign plate is a regular personalized plate.)

As it stands now, the WRRL and the ARRL are working together on this issue. We are in the process of introducing a bill in the California Legislature that will require the Department of Motor Vehicles to issue Amateur Radio call sign license plates in the same configuration as the call sign appears on the Federal Communications Commission (FCC) issued license of the applicant. And, that there continue to be no additional fee for this service.

A PETITION is currently being circulated in the ham radio community throughout California. For more information, or if you would like to sign the petition (California hams only), go to: www.NoSpaceHamPlate <http://www.nospacehamplates.blogspot.com/> s.blogspot.com.

1456. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2008-02-01 16:52:27 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 1456

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV

1465. Northern California DX Club meeting on Thursday

Yahoo group: SB_Radio_Events
Date: 2008-02-18 06:04:21 UTC
From: Risto Kotalampi
Topic: 1064 Message: 1465

NCDXC's next regular meeting is on Thursday 2/21/2008

Location:
Holder's Country Inn
998 South De Anza Blvd., San Jose, Ca.

Dinner starts at 6pm
Program starts at 7.30pm

Featuring presentation:

Coax Baluns by Jim Brown, K9YC

The use of common mode chokes as 'current baluns' was introduced in the 70's by W2DU and W7EL as a means of preventing distortion of an antenna's pattern by an unbalanced transmission line. A choking impedance on the order of 500 ohms was deemed enough, and most current baluns are designed to meet this standard. In 2006, W1HIS observed that multi-turn chokes having 5,000 ohms or more of choking impedance provided the additional benefit of significantly reducing local noise coupled onto the antenna from the feedline. While some of his advice on how those chokes should be wound was wrong, the concept is entirely correct and quite powerful.

Over the past four years, K9YC has been doing extensive research on the use of ferrite chokes to suppress RFI at MF and HF. That work has led to new understandings of how ferrite chokes work, including a far more accurate equivalent circuit for ferrite chokes, far more accurate measurements of practical chokes, and the development of inexpensive and easy to build forms of chokes that are vastly superior to nearly all commercial products.

This tutorial presentation begins by observing that virtually all ham antennas are unbalanced, even when fed with balanced lines, that the use of coax is simply another element of the unbalance, that the unbalance couples noise from the transmission line to the antenna (and transmitted RF into the shack). It is shown that effective common mode chokes should be strongly resistive, not inductive, that dissipation is not a factor if the choking impedance is high enough, and that such chokes are not sensitive to the length of the transmission line (a well known weakness of inductive 'coil of coax' chokes). It is shown that chokes can be used as 'egg insulators' to prevent the interaction between a feedline and another antenna.

The fundamentals of balanced and unbalanced transmission lines are discussed. It is shown that coax has the advantage of confining virtually all of the transmitter's power within the coax, while even

the best balanced lines have at least 30% leakage flux. This means that the ferrite core of a coax choke sees only the common mode current, while one on a balanced line sees the common mode current plus at least 30% of the transmitted power. This makes high power chokes impractical on balanced lines.

73s,

Risto, W6RK
NCDXC VP

West Valley Amateur Radio meeting
Wednesday February 20, 2008
7:30 pm - 9:00 pm
(This event repeats every month on the third Wednesday.)

Notes:
WVARA meetings are on the third Wednesday of each month except December. The meetings start at 7:30pm.

Visitors and guests are welcome to attend the meetings!

Directions to the Regular Meetings

We meet at the American Red Cross, Santa Clara Valley Chapter, at 2731 North First Street in San Jose.
http://santaclaravalley.redcross.org/scvmap.html

Coming south on Hwy-101: Turn left on Montague Expressway then right on North First St. to Plumeria. We are on the corner of Plumeria and North First.

Coming north on Hwy-101: Turn right on Trimble then left on North First St. to Plumeria.

1472. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2008-03-01 17:45:16 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 1472

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV

1488. The Relay 2008 needs Hams in the Sanat Cruz Area

Yahoo group: SB_Radio_Events
Date: 2008-03-27 16:06:06 UTC
From: RichTidd
Topic: 1488 Message: 1488

Event: The Relay 2008
Date: Sat April 19 to Sun April 20
Location: Santa Cruz Area
Com Boss: Richard Tidd, KE6HNY 877-309-7516 or ke6hny@...
On-line Reg: http://www.quickbase.com/db/bc8nrwg33

"California's Longest Party" is on - from Calistoga in Napa Valley to Sonoma to Marin, through Sausalito, across the Golden Gate Bridge under a full moon, through San Francisco to Palo Alto and through Silicon Valley to the beach in Santa Cruz. Featuring the natural beauty of the Bay Area, the 199-mile course boasts the largest number of tourist destinations of any run.

We are looking for Hams to cover posts in the Santa Cruz area along HW9 Starting at Skyline all the way to the Beach in Santa Cruz.

The date for these posts are Sunday April 20 starting at around 8am to approx 5pm.

Please contact me for more info or sign up at here:
http://www.quickbase.com/db/bc8nrwg33
Please use the "Add NEW RECORD" button.

More info about The Relay can be found here:
http://www.therelay.com/re_new.htm

Thank You
Richard Tidd, KE6HNY

1491. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2008-04-01 19:43:01 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 1491

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV

1502. Special Event Station at Maker Faire, San Mateo

Yahoo group: SB_Radio_Events
Date: 2008-04-18 21:53:27 UTC
From: striplingp
Topic: 1502 Message: 1502

Make Magazine will sponsor the Maker Faire in San Mateo on May 3 and 4. I will have a special event station at the Faire on HF and V/UHF, call sign K6M. See
http://www.makerfaire.com/
for info on Maker Faire
http://makerfaire.com/pub/e/1310
for a photo of the rig in operation and info on our program.

If you have experience running special event stations in the field (we will be on battery power) and would like to volunteer for a few hours on Saturday or Sunday, drop me an email at KG6ILU at ARRL. Volunteers get free admission for the day and will help promote amateur radio among an expected 60,000 paid attendees who like to do things. No more than three volunteers a day.

If you can't attend but have a club or organization you'd like to promote with flyers, let me know. If your club promotes amateur radio through kits, we'd love to show them to people at the faire. Let me know, and we'll make arrangements for a couple of people to show your kits.

Phil Stripling

As some of you remember, we did communications for the "Human Race" last year. It went so well, we're going to do it again this year on May tenth. The theme is "Race to Get Ready" and there will be a whole group of emergency preparedness booths for organizations like CERT. We will also staff an ARES/RACES booth to attract attention to amateur radio.

We will run it as a full-scale RACES mutual assistance callout, with responders checking in on the resource net for travel, then checking in, and after the race out, with the race net. Since it's mutual aid, I am giving you ECs some notice - I will e-mail you shortly before Saturday morning for permission to borrow those who have signed up with me. Also, please let me know at that time about anyone signing up with you who expects to respond for the racen so I know who's coming.

I am going to follow this note up with a general-purpose recruiting note to all the other ham nets that I know about, so you will probably see the complete layout there. Suffice to say, the race will be held on Saturday, May 10, with a call time of 0730. According to the race organizers, we should be able to start letting people go by 11:30 or so. The word is not in for this year yet, but last year we all got real fine tee shirts and pizza for lunch.

Thank you for your attention,
John Amos, K6TVM
Comm Leader (or something)

1511. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2008-05-01 18:41:55 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 1511

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV
SB_Radio_Events-owner@yahoogroups.com

1512. Special Event Station K6M at Maker Faire: Frequencies

From: striplingp
Topic: 1512 Message: 1512

Special Event Station K6M will be in operation at the Maker Faire on May 3 and 4 around these frequencies:
14.255
146.415 (no tone, simplex)
441.000 (no tone, simplex)
and we will provide QSL cards for all contacts with this Special Event Station. Email kg6ilu at
ARRL for information on where to send your SASE.

We will be demonstrating amateur radio to the public with the aim of encouraging people to get and use their ham licenses.

1516. Ham Operators needed for the "Human Race" this Saturday

Yahoo group: SB_Radio_Events
Date: 2008-05-07 23:32:12 UTC
From: Bill Dale
Topic: 1516 Message: 1516

We still need Ham Operators for the "Human Race" this Saturday.
See http://www.vcsv.us/humanrace/index.html

The theme is "Race to Get Ready" and there will be a whole
group of emergency preparedness booths for organizations like CERT. We
will also staff an ARES/RACES booth with Ham Radio demo to attract
attention to amateur radio.

The race will be held on Saturday, May 10, with a call time of 0730.
According to the race organizers, we should be able to start letting
people go by 11:30 or so.

Contact John Amos, K6TVM, Comm Leader at QAwhiz@..., (408) 259-2409.

Subject: ham radio volunteer help

Hi Pete,
My name is San-Phay Chau. I am one of the coordinators for the American Diabetes Assn Tour de Cure bicycle ride on Sunday June 8th. I got your name and email address from Jason so I hope it's ok. We need some help with ham radios for the organizing committee on the day of

event at the start/finish, rest stop locations, and SAG vehicles. The ride starts in Palo Alto and go over to Woodside to La Honda to Pescadero to Hwy 1 up back on Las Tunitas and back to Palo Alto. The terrain is the main challenge. Please let me know if your group can support this event.

Please call me at 408-930-0632 if you have any questions. Thanks!!

1524. Silicon Valley Tour de Cure , June 8

Yahoo group: SB_Radio_Events
Date: 2008-05-22 14:48:59 UTC
From: William Dale
Topic: 1524 Message: 1524

More info on this event....

The Silicon Valley Tour de Cure is a fund-raising event sponsored by
the American Diabetes Association. The Tour is comprised of four
bicycle tours, 25K, 50K, 75K, and 120K in length. Each rider is
sponsored,
and many are in company-sponsored teams. While the ADA provides a large
community of scientists and health-care providers for the treatment of
diabetes, its goal is the cure and prevention of the disease. The Tour
de Cure takes place in over 200 locations in the United States,
contributing millions of dollars to treatment and research. The Silicon
Valley Tour has, for several years, been the second largest Tour in the
country. www.siliconvalleytourdecure.com
This
is a demanding event for radio operators. The 120K route goes through Portola Valley and
the hills of the ocean side of the Peninsula.
Coverage in the valleys and canyons is difficult. Volunteer operators
should be prepared for cold, wet weather, and/or
hot, sunny weather. NOTE:
Because operators will be out for up to eight hours, they should have
plenty of battery power, food, and water, along with whatever other
supplies they will need during the day. In some locations, we recommend
mobile radios with 25 watts of power.
The Tour relies on local hams to provide emergency communications for
the event. Although the 25k route (around Palo Alto) has good radio
coverage using a repeater, the 125k route (from Palo Alto over the hill
to the ocean, up Highway 1 and back over the hill to Palo Alto)
requires two temporary relay stations to get coverage in some of the
deep canyons along the route.

The tour takes place on Sunday, June 8th from 0600 until 1630 (most
stations start later and finish earlier). We need hams to staff 6 Rest
Stops, the 2 Relay Stations, and Net Control. We are also looking for
hams to accompany the SAG wagons to keep contact with them as they
traverse the 100 mile route. Additionally, we need one volunteer (who
doesn't require a ham license) who can provide and answer a cell phone.
This number will be given to riders as an emergency contact number ('I
think I took a wrong turn and I'm lost' etc.).

If you are interested in volunteering, or would like more information,
please contact: Eric Lipanovich, ki6aoc@...

1529. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2008-06-01 20:39:51 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 1529

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV
SB_Radio_Events-owner@yahoogroups.com

1553. Final NTS Net Schedule for FD 2008

Yahoo group: SB_Radio_Events
Date: 2008-06-28 04:50:24 UTC
From: Pink Foster, KG6ILA
Topic: 1553 Message: 1553

Here is the final NTS Net Schedule for Field Day 2008. Great way to earn your club 200 bonus points. Catch you on the air!

73,
Pink Foster, KG6ILA

FIELD DAY 2008 NTS Schedule

To facilitate sending and receiving message traffic, special VHF/UHF voice nets will take place in addition to the regular HF nets that happen seven days a week. The primary NTS frequency will be the Loma Pioneer Repeater Club two-meter repeater, -146.640, 162.2 PL. This is a wide-range repeater out of Morgan Hill, reaching southern areas and north easily into San Mateo County. To maximize the amount of traffic passed during nets, traffic handlers will be directed to other repeaters and simplex frequencies in their local area to pass traffic.

Special Field Day schedule of local VHF voice nets (Pacific Daylight Time):

Saturday:
1600 hrs, -146.640, PL 162.2, Loma Pioneer WR6ABD
2000 hrs, -146.640, PL 162.2, Loma Pioneer WR6ABD
2200 hrs, -146.640, PL 162.2, Loma Pioneer WR6ABD

Sunday:
0800 hrs, -146.640, PL 162.2, Loma Pioneer WR6ABD
1000 hrs, -146.640, PL 162.2, Loma Pioneer WR6ABD

*HF Traffic Nets during Field Day (Pacific Daylight Time):

Saturday:
12:00 PM - Jefferson Noon Net on 7232 kHz
12:00 PM - Noon Net (Voice) on 7268.5 kHz
2:30 PM - Pacific Area Net on 14,345 kHz
3:30 PM - Sixth Region Net on 3916 and 7275 kHz
7:00 PM - Northern California Net (CW) on 3533 kHz
7:00 PM - Golden Bear Net (Voice) on 3975 kHz
7:45 PM - Sixth Region Net on 3655 kHz
8:30 PM - Pacific Area Net on 3652 kHz and 7052 kHz
9:00 PM - Northern California Net (Slow CW) on 3533 kHz
9:30 PM - Sixth Region Net on 3655 kHz

Sunday:
10:30 AM - Pacific Area Net on 14,345 kHz

For future reference, all the HF nets meet daily. Please see the ARRL Online Net Directory at http://www.arrl.org/FandES/field/nets/client/netsearch.html

The Santa Clara Valley Section NTS Net meets every Tuesday at 9:00 PM on WR6ABD, -146.640, 162.2 PL. Thanks to Loma Pioneer Repeater Club for hosting our nets. To show your support, please visit www.lprc.net.

1554. SAMPLES - Earn 200 Bonus Points for NTS Traffic

Yahoo group: SB_Radio_Events
Date: 2008-06-28 04:56:01 UTC
From: Pink Foster, KG6ILA
Topic: 1554 Message: 1554

Earn your Field Day site 200 bonus points for handling NTS traffic!!!

Part 1: Send your section manager (Bill Dale, N2RHV, for Santa Clara Valley Section) a message from your site to get 100 points. The message does not have to be delivered to the SM during Field Day but it must be relayed off your Field Day site to another station during Field Day.

Part 2: Earn 10 pts for each additional message you send, receive, or deliver, for a maximum of 100 additional points. Messages may be sent via any radio mode, including packet. Let's say you receive 5 messages for Bill Dale from other Field Day stations, then relay those to W6MLP in Milpitas, that's 100 more points. You could also send 10 messages from your Field Day site to
friends/family/anyone, to earn that second 100 points.

Sample Message to Section Manager (100 pts):

101 R C K6YA 20 LOS ALTOS CA 1800PDT JUN 27

BILL DALE N2RHV
ARRL SECTION MANAGER SCV
142 NORTH MILPITAS BLVD NUMBER 264
MILPITAS CA 95035
408-263-5325

GREETINGS FROM FARS FIELD DAY
AT MARYKNOLL IN LOS ALTOS
XRAY OPERATING 3A WITH 25
PEOPLE INCLUDING 15 ARES MEMBERS

FAR OUT HAM KG6ILA

Sample
indicates club, location, how many A stations, how many people there so far, how many ARES members so far. "C" after the R for Routine in message header means confirm delivery with a return message. Use club call sign as Station of Origin.

Here is another sample. To get
the second 100 bonus points, a club must HANDLE (i.e., send, receive/deliver) 10 messages in addition to the one to their Section Manager. Messages may be delivered after Field Day but must be SENT and RECEIVED during Field Day to get credit.

001 R - K6MTV 23 MOUNTAIN VIEW CA JUN 28

MY NEIGHBOR
123 HAMBONE LANE
MOUNTAIN VIEW CA 99999

800-555-1212

GREETINGS FROM FIELD DAY AT
FIRE STATION 4 ON WHISMAN
ROAD IN MOUNTAIN VIEW XRAY
COME VISIT US AND GET
ON THE AIR

PINK FOSTER KG6ILA

Optional
handling code is omitted in above example after the R for routine. Note
club call sign as Station of Origin to denote Field Day traffic, but
author uses own call sign for signature.

Don't forget to log all
your messages, sent and received/delivered. Note times sent, received
and delivered, from or to whom, on what frequency, etc.

Enjoy!

73,
Pink

1555. 2008 TalkNet Field Day Page is Up

Yahoo group: SB_Radio_Events
Date: 2008-06-28 05:11:45 UTC
From: Pink Foster, KG6ILA
Topic: 1555 Message: 1555

The annual 9AM TalkNet Field Day Sites page is up on www.9amtalk.net:

http://www.9amtalk.net/field_day08.htm

Almost all of the sites listed on the ARRL station locator page from N2RHV, and then some, are on our list. It includes more detail of how to get to each site. I'll add more tonight. Print it out and take it with you this weekend to have driving directions and site detail at hand for SCV, SF, and East Bay sites.

You can also go to www.9amtalk.net and scroll down to see the links for this page and the ARRL Station Locator Tool. To use the ARRL tool, click on the link, then key-in a street address, including city, state and zip.

Hope you have a great Field Day. Check-in to the 9AM TalkNet sometime, Monday through Friday, from 0900 'til whenever, N6NFI/R -145.230 MHz, 100 PL.

Enjoy,
Pink, KG6ILA

R. Pinkney Foster, KG6ILA

1558. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2008-07-01 20:46:47 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 1558

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV

Date: 2008-07-08 14:33:20 UTC
From: Stuart Chessen
Topic: 1565 Message: 1565

http://www.livestrongchallenge.org

The Live Strong Challenge is in need of Radio Operators, both as Shotgun in SAGS and Rest Stops. There is 1/2 and full day assignments still available. The event is on July 13th and this is one of 4 cities selected to have this event in the United States.

If interested sign up at

http://www.scc-ares-races.org/events/eventsignup-live.html

1567. LiveStrong Challange - Sunday July 13

Yahoo group: SB_Radio_Events
Date: 2008-07-09 23:17:12 UTC
From: William Dale
Topic: 1567 Message: 1567

If you know anyone who would like to help, you may want to
contact them and have them sign up on the County web Site
at:

http://www.scc-ares-races.org/events/eventsignup-live.html

and fill out the sign-up form there.

I will be sending out the assignments in a separate email
now that the final Planning meeting has been completed.

_*General Info

*_The 15 SAG Vehicles are all mini-vans (10 Dodge Grand
Caravans, and 5 Kia Sedonas), with bike racks on the roof.
I intend to wire all of them with power from the battery
to power-pole connectors inside the vehicle.

I am trying to fill the SAG vehicles with people who will
sign up for the whole day, and have them install /check out
their equipment in the cars on Saturday, so we don't have to
deal with installing radios on Sunday Morning. I can bring
power cable, power pole connectors and a crimper to this
event, and if needed we can cut the power connections
and install the power poles inline. Then when the event is
over, we can just plug the power poles back together, tie
wrap them so they can't come apart, and you will never know the
difference (except that you will now have power pole
connections on your radio if you ever need to connect to
any other RACES power supply in the future).

For the fixed stations at the Rest Stops, you can use your
mobile rig in your personal vehicle (or loose with Batteries)
as needed.

Some people are bringing small folding (card?) tables, chairs,
external antennas, tripods, Sun-shade / canopies (and the
kitchen sink). These are generally not required, but if you
want to bring them, go for it. Also, if you have a tall enough
antenna / mast, you may (or may not)get away with a 5 Watt HT
at several of the Rest Stops, but to make this work, you will
need a gain antenna and some kind of mast / support.

You can also go the the LIVESTRONG Challenge website
to get the turn by turn course description (Distance Cues) and
maps for each of th 4 bicycle courses, and the walk/run course.
You do not need to sign up on that site, as San Jose RACES

(and our Mutual Aid Responders) are handling of the comms
for this event, and we have our own sign-up (see above).
The LIVESTRONG site is:

http://www.livestrongchallenge.org

Click on "San Jose", then "COURSES / ROUTES" and
(finally) "General Course Map" or select details for any
specific course you are interested in.

Lastly, This is a RACES event, so please wear your RACES
Shirts, Ball Caps, etc (if you have them). Try to look and
act the professional communicator that I know that you are
(and have FUN!).

Thanks again for all of your help,

1584. Linux Picnic Aug 9

Yahoo group: SB_Radio_Events
Date: 2008-07-29 17:17:54 UTC
From: William Dale
Topic: 1584 Message: 1584

I invite all techno-geeks such as myself to the 17th anniversary picnic on August 9 in Baylands Park, Sunnyvale. Free food and get together with other Linux folk!

See the details here: http://www.linuxpicnic.org/twiki/bin/view/Picnix17/

RSVP here: http://www.linuxpicnic.org/guests/rsvp.pl

I also need a few drivers to help pick up revilers at the nearby Public Transit sites. Hams with a vehicle w/ some room for passengers.

Also needed is a Ham Radio demo station with Linux Ham radio software to show off! Power and WiFi access will be available at the site.

1588. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2008-08-01 20:42:47 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 1588

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV

1593. Linux Picnic

Yahoo group: SB_Radio_Events
Date: 2008-08-07 15:08:11 UTC
From: William Dale
Topic: 1593 Message: 1593

I still need some help with transportation for the Linux Picnic.
Drivers with Ham or even a cell phone are needed to pick up people
coming to the event by CAL TRAIN or Light Rail. On-site radios will use
446.5 simplex. Mobile talk-in and transit shuttle dispatch will be on
the Charlie Repeater 147.855- 100pl. Or call 408-204-2061 for
transportation information.

Free food and a t-shirt to all who attend. Come over after the flea
market!

The Linux 17th Anniversary Picnic, or "Picn*x 17", will be held August
9, 2008. Begins about 11am until ... whenever.
http://www.linuxpicnic.org

This is a celebration of all the accomplishments of Open Source Software
since the release of the first Linux kernel in August 1991. Participants
and enthusiasts of Open Source software, more than just Linux, are welcome.

Location:
Sunnyvale Baylands Park Directions:
http://www.linuxpicnic.org/twiki/bin/view/Picnix17/WestCoastDirections

Please RSVP here:
http://www.linuxpicnic.org/guests/rsvp.pl

1615. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2008-09-01 18:38:25 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 1615

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV

1627. 2008 Coyote Creek Cycling Classic is coming on October 11th

Yahoo group: SB_Radio_Events
Date: 2008-09-16 00:00:37 UTC
From: Bill Dale
Topic: 1627 Message: 1627

The 2008 Coyote Creek Cycling Classic is coming on October 11th, 2008!
Radio Operators are need to help. Contact Gary Hendra at
gary.hendra@comcast.net

This is an annual family fun ride for youth and adults of all ages.
This community event provides families an opportunity to participate
in a 12, 25, or 50 mile fun rides along the Coyote Creek bicycle trail.
It is open to the public and our intent is to support healthy living
for families. The event will be held on Saturday, October 11th from
8:00 a.m. to 2:00 p.m. at Hellyer County Park.

1628. West Valley Amateur Radio meeting, 9/17/2008, 7:30 pm

1641. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2008-10-01 22:26:38 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 1641

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV

1643. Cycling Classic: Still Need One Sag]

Yahoo group: SB_Radio_Events
Date: 2008-10-03 06:07:12 UTC
From: William Dale
Topic: 1643 Message: 1643

-------- Original Message --------
Subject: [Coyote_Creek_district] Cycling Classic: Still Need One Sag
Date: Thu, 2 Oct 2008 20:05:07 -0700
From: R. Gary Hendra <gary.hendra@...>
To: Coyote_Creek_District <Coyote_Creek_district@yahoogroups.com>, SCCC-L@yahoogroups.com

If you have a pickup or Suburban/Tahoe/Expedition size vehicle, and you are free on Saturday, 11 October, please consider volunteering as a Sag Wagon for the Coyote Creek Cycling Classic. I have a Ham Radio operator that will accompany you during the event. We meet at Helyer Park at 7AM and event will be over by 3PM.

This is important, to keep the riders safe during the ride. Please let me know as soon as possible, if you can help out.

1645. Cupertino Tournament of bands needs radio Operators

Yahoo group: SB_Radio_Events
Date: 2008-10-04 20:27:56 UTC
From: Stuart Chessen
Topic: 1645 Message: 1645

Cupertino will hold it's 38th Tournament of Bands again this year Oct 11th. Hours of operation are 8:00 a.m. to 11:30 a.m. for parade competition. There are 18 High Schools participating. We expect 1700 high school students at the event in 40 buses.

http://tinoband. org

I'd like to have at least 8 radio operators, for this event. Positions are net control, shadowing, street monitoring and public information source. This is an excellent opportunity to get some training on how to manage your resources during a disaster and working with the public.

This will not be a city activation.

Since streets will be closed, we will be using HTs (2 meters) radios.

For those who can assist please let me know by replying to my email schessen@yahoo.com.

Thank you, in advance, for your generous support.

Stuart KF6RZR

1669. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2008-11-01 21:57:30 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 1669

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV

1699. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2008-12-01 22:38:43 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 1699

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV

Palo Alto Amateur Radio Assn.
Friday December 5, 2008
7:30 pm - 9:30 pm
(This event repeats every month on the first Friday.)

Notes:
Welcome to PAARA, the Palo Alto Amateur Radio Association.

The PAARA Net and Swap Session meets each Monday evening at 8:30 p.m. on the N6NFI repeater 145.230 (-). The 100 Hz PL is turned off for the net.

Club Meetings:

Every 1st Friday of the month, at 7:30 p.m. Menlo Park Recreation Center, 700 Alma St, Menlo Park (In Burgess Park)

We usually meet for a pre-meeting dinner with our speaker at the Su Hong Restaurant, 1039 El Camino Real, Menlo Park. All members and guests are invited to join.

1705. DTV message

Yahoo group: SB_Radio_Events
Date: 2008-12-05 19:41:58 UTC
From: William Dale
Topic: 1705 Message: 1705

The FCC wants our help!

The clubs and members of the ARRL have been asked by the FCC to aid in
education efforts regarding the transition to digital television broadcasting
and information on installing converters where they are needed.
Time is short but I would like someone to lead this effort and provide assistance to Ham
groups who would like to help in this effort. For now volunteers should contact me. Do not
contact the FCC directly.

If we get on this now it could head off a lot of problems that might get blamed on Hams
later. It could be a great recruiting and PR tool.

--
William Dale - N2RHV -
Santa Clara Valley Section Manager, ARRL
mailto:n2rhv@arrl.org
--
Einstein said, "A clever man solves a problem--a wise man avoids it."
Another alternative is to ignore the problem.
==

Attention Section Managers:

In response to a request by the FCC for members of the ARRL to provide
technical assistance to their communities in accomplishing the conversion to
DTV in February 2009, Section Managers are asked to recruit clubs and build
a list of volunteer participating clubs by Christmas. The clubs may
develop and implement their own plans to serve by providing information and
help in their communities in the ways they think best fits their situation, but
are not to make “house calls” or do actual installations.
Beginning early January, FCC staff will use the volunteer contact list
information provided by the SMs to contact leaders of
these volunteering clubs and, where possible, arrange to meet at mutually
convenient times and locations for sharing information, A/V and printed
materials and training aids in this effort.

We know the time is short and problematic, (not our choice)
but your aid in this now will be appreciated.

Details:

The clubs and members of the ARRL have been asked by the FCC to aid in
education efforts regarding the transition to digital television broadcasting
and information on installing converters where they are needed.

Please contact the leaders of the clubs in your area as quickly as possible. Think about ways you could best present information helpful to others in your community. Each community is a little different, so your plans may vary. Make a list of groups willing to help out in some way during the period from early January to February 17 (or a little later for procrastinators).

FCC field staff will be asking Section Managers for the names and contact information of the volunteering groups. FCC staff will then make contact with them, learn their plans, and provide them with media, brochures or other materials your groups may need in this effort. They may even come and visit with larger groups to aid in implementation of the group's plans.

"I really appreciate the willingness of the ARRL to actively participate in helping Americans with the transition to DTV and your helpful suggestions. The DTV transition will be an historic moment in the evolution of TV. Broadcast television stations can offer viewers improved picture and sound quality and new programming choices. All-digital broadcasting also will allow us to significantly improve public safety communications and will usher in a new era of advanced wireless services such as the widespread deployment of wireless broadband.

As we discussed, our goal is to engage on a cooperative basis the amateur community to help with the DTV outreach and educate consumers on how to install a converter box and how to set it up. We also discussed the possibility of amateur groups providing technical advice by telephone to consumers who may encounter difficulty with the installation and setting up of their converter box. Any assistance that you can arrange through the ARRL Section Managers will greatly help in the efforts of the FCC to ensure a smooth transition to DTV on February 17, 2009."
- George Dillon, FCC

Using the news and PR outlets of the ARRL, wider announcement of this will be made once the SMs have this information. But announcements will go first to SMs and then later to clubs.

The FCC will provide participating groups with news releases, audio clips (mp3 files) and announcement templates for them to use in local media in preparation of the activities. FCC will also provide clubs with video, PowerPoint and similar visual materials about how to accomplish conversion installation.

Concerns & Ideas:

1. At no time should the hams enter someone else's home in this; nor should they broker or sell conversion boxes in any way.

2. Clubs can be encouraged to provide such things as call in phone help numbers for tech help, make presentations at meetings, demos at malls, talks to other groups – what works in their locations.

3. Merchants will be able to get additional publicity and might even let action take place at a store known to the community, and tag on the ability to sell converters to people who don’t yet have one.

4. Local over-the-air broadcasters should be the most interested people in this activity, making it easier to get TV publicity about it.

5. There is not enough time left for QST, the national magazine. But there is precedent of getting the word out quickly to recruit clubs for a special need using only news and PR functions.

6. There is no budget to cover Amateurs’ expenses.

7. The task is to provide technical information and aid. We are not being asked to be installers.
The FCC staff will provide us with information and materials.

8. Other NGOs are also being asked to help out in different ways.

1721. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2009-01-01 19:32:12 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 1721

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV

1724. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2009-02-01 21:04:15 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 1724

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV

1730. South Bay exam locations/dates?

Yahoo group: SB_Radio_Events
Date: 2009-03-24 02:57:49 UTC
From: Jonathan Knowles
Topic: 1730 Message: 1730

Hello folks,

I am ready to take my general exam. From my research, it looks like the soonest I will be able to do so in the South Bay is April 4th with the Silicon Valley Volunteer Examiner (VE) Group at Apple in Cupertino.

Anyone aware of anything available before that date? I would be wiling to head up the peninsula or up the east side of the bay if it is not too far from Los Gatos.

Thanks in advance for any replies.

Jonathan

1740. Big Sir Marathon - Sunday, April 26

Yahoo group: SB_Radio_Events
Date: 2009-04-24 17:39:25 UTC
From: William Dale
Topic: 1740 Message: 1740

David Burbidge, W6IIQ, reports that he is still short a few radio operators for the Big Sir Marathon event. The event runs early (very early) Sunday from South to North along Highway 1 ending in Carmel Valley.

If you are interested in helping please contact David at w6iiq@... or call him at 831-659-5877

1745. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2009-05-01 13:40:16 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 1745

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV
SB_Radio_Events-owner@yahoogroups.com

1757. Looking for Possible QST Cover Photo

Subject: [sec:71] Looking for Possible QST Cover Photo

Hello, Section Emergency Coordinators.

September QST will, once again, have a have a theme on emergency communications. The editors of QST would love to have
cover photo related to this theme, and we are looking for potential
photographs.

By chance, do you know of anyone that might have a high
quality, high resolution photograph that might be considered to illustrate the
theme on emergency communications? The picture needs to be in a
vertical format, and the photographer’s name and call sign and caption
information must accompany the submission.

Please let me know -- or write to qst@....
The editors are hoping to have some photos to consider by July 1.

A few pointers on QST cover photography is found at this Web page:

http://www.arrl.org/qst/cover_photo.html

I am also sending this note about potential QST cover photos
to the ARRL Section Manager reflector. Thank you!

Subject: Free Booth Space Still Available - Take Flight for Kids August 8

Greetings!

We still have (free) booth space available at Take Flight for Kids San Jose Reid Hillview Airport Saturday August 8, 9am-5pm. More than 100 exhibitors are already committed, and a total of 250 are expected at what should be the hottest aviation/science/accessible-events gig in the Bay Area.

Take Flight for Kids is a hugely popular flying festival series at Northern California airports. We recruit up to 100 volunteer pilots of small airplanes and helicopters, and provide free flights for about 750-1000 young people with disabilities, at risk youth, homeless kids, foster kids, etc. Most of the kids get to take controls of the plane during their 30 minute flights, to experience the empowerment of being in absolute control of a complex flying machine.

We host simultaneous huge festivals at the airports, with 4000-5000 attendees expected to enjoy a big day of hands on fun. The emphasis is on hands accessible activities & STEM science/tech/engineering/math, with a kids-fly-free component added. Since the event is absolutely free, we expect big crowds to join us, making this the biggest aviation-based STEM science/technology/engineering/math festival in the Bay Area.

Yup, everything is FREE to all attendees, all volunteers, and all nonprofits/vendors get FREE BOOTH SPACE! Free admission, free parking, free BBQ at noon, free airplane rides to kids 8-17 years old (must be pre-registered online), free live entertainment, petting zoos,

hot air balloon rides, helicopters, radio controlled aircraft, model rockets, science experiments, games, rides, fun, fun, FUN!

To reserve a (free) booth in this hottest gig in town, all you have to do is RSVP online. We'll take care of the rest: http://www.takeflightforkids.com/vendor.htm

For more info, check the website: http://www.takeflightforkids.com

Do me a favor and spread the word about free booth space. Lots of spam filters automatically delete my emails, so if a colleague in another group might like to host a (free) booth, please forward this email and invite them to join us. The more the merrier!

I hope you can join us on August 8!

Cheers
Dean McCully
Take Flight for Kids, etc

PS If you have already signed up, please scroll down and verify your organization's name appears correctly. If you were signed up last year but not this year, you must register again to verify that you are attending again. If you join us, you will be in good company. Here's the partial list of exhibitors, with more signing on every day:

Subject: Hams needed for the Alcatraz Challenge swim event this Sunday

Message
Barry Bettman
(K6ST), ham radio coordinator for the Alcatraz Challenge event, needs a few more hams to take part in radio communications this comming Sunday (7/12/09). The Alcatraz swim is probably one of the most thrilling events we do in ham radio. It takes place on San Francisco Bay and the San Francisco shoreline. It is fast and action-packed with lots of radio communications. We literally provide life-saving services at times in this event to bring quick help to those who need it among the hundreds of swimmers in the Bay. It's a beautiful setting and it's great radio! Once you do this event you never forget the experience.

If you want to
participate please get in touch with Barry right away at K6ST@...

Pete Harris,
KE6ZIW
MDARC Public
Services Coordinator

1762. Tour de Peninsula 2009 Needs Hams

Yahoo group: SB_Radio_Events
Date: 2009-07-26 05:35:54 UTC
From: Richard Tidd
Topic: 1762 Message: 1762

Hi

Hope this is not too late to post here.

I am in need of a few Ham to fill a few empty posts for this event.
All posts are in San Mateo County.
The needed positions are:
POST 3 Edgewood Rd. / Canada Rd.
POST 4 Skeggs Point parking lot
POST 7 Woodside Rd / Portola Rd
POST 11 Bayshore & Airport

If you would like to work bike mobile, I can use them as well.
Sawyer Camp Trail is one poss. location but there a few others

A 2meter/440 HT should work these post's but better equipment is always good.

I have an online registration for listed below if you are interested in working this great event.

Thank You from
Richard Tidd

Tour de Peninsula 2009
Needs Amateur Radio Operators

Tour de Peninsula Needs Amateur Radio Operators

Event: San Mateo County Parks Foundation: Tour de Peninsula
Date: Sunday August 2nd, 2009
Time: 0500 to end
Location: San Mateo, Hillsborough, Millbrae, Kings Mountain, Woodside.
Comm Boss: Richard Tidd KE6HNY, 815-927-0154 or ke6hny@...
On-line Reg form:
http://spreadsheets.google.com/viewform?hl=en&formkey=cmJXdUt5UlpOWjRDOVFCb3p6MDhGaWc6MA

Brought back by popular demand, Tour de Peninsula is ON for 2009. This really should be "Tour de Peninsula, a New Beginning" because there are now

four bike rides and a new start and finish at Coyote Point Park in San Mateo. They expect some 1700 bike riders participating.

The four bike rides as follows: kid's 1-3 mile, 20 mile, 31 mike & 63 mile rides. We will be working the three adult rides.

Run by Pilarcitos Cyclesports, all rides start & end starts in Coyote Point Park in the upper parking lot next to the Captains House where event HQ & Amateur Radio Net Control will be located.

If you are interested in working this event, please point your browser to my online sign up form at:
http://spreadsheets.google.com/viewform?hl=en&formkey=cmJXdUt5UlpOWjRDOVFCb3p6MDhGaWc6MA

We will probably need to start early, say 6am, but I will let you know more as I find out.

This event offers an excellent opportunity for emergency you to provide needed services to a beneficial event as well as utilize your skills. We will operate under the Standardized Emergency Management System (SEMS) and utilizes the Incident Command System (ICS).

We need approx. 30 hams to work net control, rest stops, fixed posts & poss. shadows for event personnel.
Since this event is still in the planning stages, most of the posts are not yet determined but there will be four rest stops.

Thank You from
Richard Tidd

1764. Linux Picnic August 15

Yahoo group: SB_Radio_Events
Date: 2009-07-31 17:25:29 UTC
From: Bill Dale
Topic: 1764 Message: 1764

I invite all techno-geeks such as myself to the 18th anniversary Linux picnic on August 15 in Baylands Park, Sunnyvale. Free food and get together with other Linux folk!

See the details here: http://www.linuxpicnic.org/twiki/bin/view/Picnix18/

RSVP here: http://www.linuxpicnic.org/guests/rsvp.pl

I also need a few drivers to help pick up revilers at the nearby Public Transit sites. Hams with a vehicle w/ some room for passengers.

Also needed is a Ham Radio demo station with Linux Ham radio software to show off! Power and WiFi access will be available at the site.

From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 1765

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV
SB_Radio_Events-owner@yahoogroups.com

1766. California International AirShow.

Yahoo group: SB_Radio_Events
Date: 2009-08-03 20:02:26 UTC
From: William Dale
Topic: 1766 Message: 1766
Attachments: 1 described; binary payloads are missing from this source WARC

Greetings,

This coming weekend is the California International AirShow. Don't miss this year's return of all the great acts, fireworks, wall of fire, demonstrations, and more.

As of this morning, we still need volunteers on all three days. If you have replied to my individual emails to you, thank you very much. If you haven't had a chance to respond, please let me know if you would like to participate in this great event, or if you are unable to do so. Thank you to all who have already replied.

Whether you can volunteer or not, please let others know about the event and our communications center support. We can use non-licensed folks as well as hams. We already have hams scheduled throughout the event. It is a great opportunity to provide vital support, be at the center of the action, and learn about ham radio. I will have introductory materials, handouts, even powerpoints and videos for folks on their break periods. Some young folks are coming out with their parents to help out, learn about ham radio, and get started in their licensing process.

I will have healthy snacks there. The AirShow will provide us with the famous volunteer BBQ Friday, meals Saturday & Sunday, drinks, hats, and more. Our facility is excellent and we will also have a spotter/viewing station on top of the Terminal building.

Thank
you for your
consideration and support.

Please email me at rick@... to reply.

Have a
great day
es 73 de KN6FRProfessor Rick
;-)

1767. 2009 Field Day Pins

Yahoo group: SB_Radio_Events
Date: 2009-08-05 07:21:59 UTC
From: Christina Sand
Topic: 1767 Message: 1767

As many of you may already be aware, the ARRL is sold out of 2009 Field Day pins. Apparently, although they ordered more than they ever have, they also sold out faster than they ever have.

I am currently investigating getting an additional order of pins at the same $5 price through the ARRL. If they decide to do this we will need to order 100 pins.

If you did not get a 2009 Field Day pin and you would like one, please email WO1NDR@.... I will put you on the list. I've already got 30 people who want pins. I need 70 more.

73,

Christina Capurro Sand

1771. Good Samaritan Legislation Signed Into Law

Yahoo group: SB_Radio_Events
Date: 2009-08-07 17:56:17 UTC
From: C. Sand
Topic: 1771 Message: 1771

SB 39 and AB 83 were signed into law yesterday by Governor Schwarzenneger.

http://redding.injuryboard.com/miscellaneous/new-law-protects-california-good-samaritans.aspx?googleid=268648

http://www.legalnewsline.com/news/222320-schwarzenegger-shields-good-samaritans-from-lawsuits

They take effect immediately.

Good Samaritans now have immunity from suit unless they act in a reckless or grossly negligent manner.

Disaster Service Workers are also protected under the legislation, provided they are activated by a competent authority and provided that they are acting within the scope of their duties.

I haven't yet had time to do a full analysis, but this is very good news.

Date: 2009-08-13 21:36:48 UTC
From: C. Sand
Topic: 1767 Message: 1774

Good news!

2009 Field Day pins will be made available at the usual price of $5/pin. I will be placing the order next week, which after it is received, I will distribute to all of you. Please mail a check (made payable to me) for $5 to

Christina Sand

P.O. Box 18142

San Jose, CA 95158-8142

Once I have received them I will distribute them at our upcoming club meetings, or if you're not there, I will mail it to you. So please make sure that I have your mailing address.

If your name is not on the following list, then I do not have an email from you requesting a pin. If you would still like a pin, this is your last chance to let me know that you want one by replying to this email or at the email address below.

1778. Hiram Percy Maxim Birthday Celebration Event

Yahoo group: SB_Radio_Events
Date: 2009-08-28 17:53:36 UTC
From: William Dale
Topic: 1778 Message: 1778

This is fun on-the-air activity. Any ARRL appointees and life members may participate by adding /140 to your call. So get on the air and call CQ! Mine would be "N2RHV/140". Repeater contacts are valid for
credit too! Get on Echolink and other linked repeaters! Be considerate on repeaters and don't hog the line!

See the rules below.

Subject: [smlist:5725] Hiram Percy Maxim Birthday Celebration Event

Hello, Section Managers.

The Hiram Percy Maxim Birthday Celebration will begin on
September 2 and continue through September 9. You have likely seen
the ARRL Web page announcement (http://www.arrl.org/news/stories/2009/08/17/11025/?nc=1)
and/or the article in September QST,
page 20.

This on-the-air operating event may be especially
interesting to you and all Field Organization appointees because you (and they)
are eligible to add “ /140” to your call sign (and their call signs)
during this period of time. All participating radio amateurs
will be trying to contact stations that sign “/140,” and all
stations signing “/140” are invited contact one another, too. Who
knows… you might even become the center of attention in an on-the-air pile
up!

A copy of the operating event details are directly below. All
radio amateurs are invited to join the party. Have a great time.

73,

Steve Ewald, WV1X
Supervisor, Field Organization Team

ARRL, the national association for Amateur
Radio™

sewald@...

==========

http://www.arrl.org/news/stories/2009/08/17/11025/?nc=1

HPM/140 Birthday Celebration Event is
September 2- 9.

The Hiram
Percy Maxim Birthday celebration is back! This year, the ARRL is honoring the
140th anniversary of the birth of the League's first president and cofounder.
Hiram Percy Maxim, W1AW, was born September 2, 1869 and died February 17, 1936,
in a Colorado
hospital of complications stemming from a throat infection; his widow died just
nine days later.
The
operating event is open to all amateurs, and the goal is straightforward: Find
the stations adding /140 to their call signs, and contact as many as possible
during the event period, September 2-9. Who is eligible to sign /140? ARRL
members who hold ARRL appointments, ARRL elected volunteers (such as ARRL
Directors and Section Managers), ARRL Life Members, ARRL Headquarters staff and
VEs, AECs, QSL bureau workers and awards managers (who are ARRL members). The
complete list of eligible positions can be found on page 20 of the September
2009 issue of QST. If you work at
least 25 /140 stations, an attractive certificate can be yours! The certificate
can be endorsed in increments of 25 QSOs, up to 100.
Time Period: 0000 UTC September 2 until 2400 UTC September 9.
Exchange: All stations signing /140 send RS(T), their appointment and
their name; others send RS(T) and their name.
Eligibility: All amateur stations may participate. ARRL Life Members, and
those persons holding ARRL appointments, elected positions or ARRL HQ staff,
may add /140 to their call signs for the duration of the celebration. Volunteer
Examiners, Assistant Emergency Coordinators, QSL Bureau workers, Registered
Instructors and Awards Managers who are ARRL members are also invited to
participate.
Miscellaneous: /140 stations may be contacted on any band or mode for credit.
You can work a station once per band and mode. Repeater contacts are valid for
credit, but please be considerate of the users during a repeater's busy
periods. All /140 stations are encouraged to be as active as possible on local
repeaters and nets. The certificate is available for making at least 25 contacts
with /140 stations, with endorsement increments of 25, and a maximum
endorsement of 100. To receive the award, send in a log extract with the date,
time, band, call sign worked and exchange for each /140 contact. Include your
name, call sign and address, and tell us how many /140 stations you worked.
Mail everything to HPM/140 Celebration, c/o W1AW, 225 Main St , Newington , CT 06111-1494 .
You can also send in your entry on a disk or CD in regular text format. All
entries must be accompanied by a check or money order for $5 (US) payable to
ARRL. Please make sure your entry is postmarked by October 9, 2009.

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Cycling Classic Ham Volunteers,

My thanks to everyone who has volunteered this year. We are still a bit short. As you can see from the table below, we need two sag wagons, and a Net Control. Unfortunately, Gary Aden and his Venture Crew are not available this year. Any help to fill the positions will be greatly appreciated. A perfect Sag Wagon is any SUV with a bike rack.

Thanks & 73 de Gary

1785. Sony CPD G500 21-inch CRT monitor free to a good home

Yahoo group: SB_Radio_Events
Date: 2009-10-04 20:42:01 UTC
From: Ken G
Topic: 1785 Message: 1785

I am giving away my trusty Sony CPD G500 21-inch CRT monitor free to a good home. The only caveat is that you have to pick it up here at my home in Santa Clara. It weighs about 50 pounds.

The monitor works fine; we are getting ready to move and I don't have room for it any more.

Specs for the monitor are here:
http://esupport.sony.com/US/perl/model-documents.pl?mdl=CPDG500

Send me email at kagaugler@... if you want it and we can arrange pickup.

1787. [Fwd: [TalkNet] More hams needed for event this Sunday!]

Yahoo group: SB_Radio_Events
Date: 2009-10-17 16:01:04 UTC
From: William Dale
Topic: 1787 Message: 1787

* Contact me for more details:
o k6web@...
o +1 650 898 7383

Help!

I'm in charge of communications for the Red Cross's first-aid stations at the Nike Women's Marathon on Sunday, and enough hams who had volunteered have had to cancel at the last minute, and I need another 5 hams or so.

Why should you help us out? Let me count the ways:

1. You get to watch 25,000 women in good enough shape to run 26 miles, run 26 miles to raise money for breast cancer research.
2. We'll feed you three free meals: a continental breakfast, and two lunches
3. You get to practice radio communications in a manner that is great training for a real disaster

Seriously, this is a great event, and one of the best ways to practice your skills and see how your equipment holds up in something a bit more demanding than an hour-long weekly net.

If you're interested, here are the details:

* We need to be at San Francisco Pier 27 by 3:30 am (carpools are being organized from several BART stations)
* We'll be done by 2 or 3pm

Reminder: Participation is limited to those registered prior to the Net, before January 16, 2010. Contact QuakeNet @ Live.com
Q U A K E N E T @ L I V E . C O M

Updated roll call and frequencies will be sent out later today or tomorrow.

EUREKA, Calif. - A powerful offshore earthquake rattled communities in far northern California, cutting power to thousands of customers, causing minor damage to homes and businesses and forcing many people to seek treatment for cuts and bruises from falling debris.

The 6.5 magnitude temblor hit at about 4:27 p.m. PST Saturday and was centered in the Pacific about 22 miles west of Ferndale, but was felt as far south as Capitola in central California and as far north as central Oregon, the U.S. Geological Survey said.

In Eureka, about 240 miles north of San Francisco, residents of an apartment building were evacuated, and an office building and two other commercial structures were declared unsafe for occupancy, according to Humboldt County spokesman Phil Smith-Hanes.

Thank you for participating.

1797. SCV Subsection Convention Monterey Bay

Yahoo group: SB_Radio_Events
Date: 2010-03-14 19:36:20 UTC
From: k6grl
Topic: 1797 Message: 1797

March 20 - 21. 2010

Radiofest ☐ Amateur Radio for family and community

Event: free - includes seminars, door prizes,
demonstrations of radio modes, a vendor and public
fleamarket, license exams and radio direction finding contest for kids.
Time: Sat 9:00 AM - 5 PM, Sun 9:00 AM - 2:00 PM
Place: General Stilwell Community Center,
on old Fort Ord in Seaside CA.

The Naval Postgraduate School Amateur Radio Club www.k6ly.org and the SCV Monterey Bay Subsection is sponsoring an event to promote radio communications to families, school kids, homeschoolers, scouts and of course the Ham Radio community. Prepare in advance to pass the free Amateur Radio license exam, now no Morse code is required.

Examples of some of the seminars and talks are:
☐ International DXpeditioning & RTTY
☐ Amateur Radio for the World Community
☐ Roots of Amateur Radio in Silicon Valley
☐ Preparing the Community for Disaster
* Storage and Use of Emergency Power Sources
☐ Setting up SSB and CW Expedition Stations
☐ Scouting and Ham Radio
☐ When Amateur Radio is the only communication.
* plus many demos of digital, HF, packet, GPS and other modes

View the program, directions and other up-to-date info at www.radiofest.org .

1801. File - Welcome_SB_Radio_Events

Yahoo group: SB_Radio_Events
Date: 2010-04-01 16:12:24 UTC
From: SB_Radio_Events@yahoogroups.com
Topic: 6 Message: 1801

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV

1802. Maker Faire Special Event Station - volunteers needed

Yahoo group: SB_Radio_Events
Date: 2010-04-18 20:43:27 UTC
From: Phil
Topic: 1802 Message: 1802

Maker Faire will play host to Special Event Station K6M on May 22 and 23, 2010. Louise Johnson and Phil Stripling will have their mobile HF station at the Faire, which will be at the San Mateo County Event Center, Saturday from 10:00 AM to 8:00 PM and Sunday from 10:00 AM to 6:00 PM. The goal is to have fun and to encourage the 25,000 to 30,000 attendees of the Faire (or as many as we can talk to) to get and use an amateur radio license.

If you would like to volunteer and operate an HF station (you may use your own privileges or operate as a Tech with a control operator), talk to people about amateur radio, and have the time to visit all the exhibits on your free admission, let me know. If you are unfamiliar with HF operations, there will be a simple script to follow and guidance on how to log the contact.

In addition to HF radio, we will operate on V/UHF with a talk-in station. For more information about Maker Faire, visit
http://makerfaire.com
Photos from our station the last two years are at
http://www.flickr.com/photos/civex/sets/72157612668666389/
http://www.flickr.com/photos/civex/sets/72157618847679382/

TO SIGN UP and operate our Special Event Station, visit
http://www.philipstripling.com/makerFaireVols.html

If you're a ham and coming to the Faire, the talk in frequency is 146.415, simplex, no tone. We'll have information on traffic and parking. Or take CalTrain to the Hillsdale station and take the free shuttle.

1806. [K6LY] Radio Fest Survey

Yahoo group: SB_Radio_Events
Date: 2010-07-04 19:44:17 UTC
From: k6grl
Topic: 1806 Message: 1806

Please take a moment to complete this very quick survey on Radio Fest. It will help Jim WB6YAM and the committee to make Radio Fest 2011 better than ever.

There are three parts to the survey, and each has its own link. Please make sure to access all of them.

Radio Fest ☐ part I

http://www.surveymonkey.com/s/VWNZWQS

Radio Fest ☐ part II

http://www.surveymonkey.com/s/VWZXVJC

Radio Fest ☐ part III

http://www.surveymonkey.com/s/VS9SW9D

Thank You.

QUAKENET 2.4 Wednesday, July 21, 2010
Time and Date to be announced on QuakeNet Website and QuakeNet Yahoo Group
Website: http://quakenet.vacau.com/
Yahoo Group: http://groups.yahoo.com/group/quakenetcontrol/join
Email: KI6TTF, Joseph, Net Control QuakeNet @ Live.com

Primary objective is to exercise 2M simplex.
Secondary objective is to get the most participation possible from all amateur radio operators
Tertiary objective is keep the operation simple so as to encourage everyone to participate - old Hams, New Hams and NBOAs (Never Been On the Air)

QuakeNet is not a substitute for training or membership in official or established emergency organizations such as ARES, RACES, Red Cross, SATERN, REMCOM, VOAD,etc. You are encouraged to becomne a member one of those types of organizations and to become trained in emergency response procedures.

1815. Tierra Bella 2011

Yahoo group: SB_Radio_Events
Date: 2011-02-26 15:54:34 UTC
From: KF6RZR
Topic: 1815 Message: 1815

Tierra Bella 2011

Tierra Bella will to be your primary opportunity this year to work one of the best bike tours in this area, because there will be no Livestrong Challenge in Santa Clara County this year. (It will be in Davis instead.)

Here is the preliminary information.

1. Date: April 16, 2011

2. Web site: http://www.tierrabella.org/index.php for details on the bike tour including routes.

3. Location: As of now Comm Central will be the same place as before, in the dust in the roadside at Gavilan College, on Santa Teresa Blvd. Bike routes the same as last year.

4. Staffing: Rest Stops - there will be 6 so we need 12 people. SAG - 12 to 15 vehicles. Net control - At least 2 operators plus scribes plus helpers.

5. SAGS: 1 non radio operating driver plus 1 ham. (If the ham is the driver, the non-ham can handle the radio under the control of a licensed operator.)

5. APRS: no, just tell us if you are lost.

6. Frequencies: Same as last year, everything on 440 MHz.

7. Comm Captain: Me, Ray Rogoway W6RAR. Don Irving has taken this on for many years, but this year he wants to be SAG 1 and test drive his new comm vehicle (code name White Yukon) so I will be handling the Comm Captain position with much help from Don.

BUT PLEASE REPLY EVEN IF TO SAY "NOT PARTICIPATING".

Please reply with this info:

1. I will/will not be participating this year.

2. Availability: all day/morning only/afternoon only

3. Equipment: 440 HT/440 Mobile/Mag Mount/

4. Can you drive your vehicle for SAG? If so, how many persons and bikes can your vehicle transport?

5. Are you willing to ride in someone else's vehicle as a ham using your equipment?

6. What job are you willing to handle? SAG driver SAG radio Net Control Net Control Aide Other (specify)

Much thanks for taking the time to read this and reply. It's going to be fun.

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

Bill, N2RHV

Hi, this is Gene Stoffey, KI6CQX, "Special Assistant to the co-Leads for Amateur Radio" for the SOC. We are looking for Amateur Radio Operators to help with this event. For those not familiar, the SOC is a 4 day, 50,000 spectator Bike Extravaganza held each year at Laguna Seca. There are a number of Mountain Bike events held out in the BLM "Back Country" and our Operators are stationed at various locations along these event routes to supply Emergency and Welfare Communications for the Participants. The setting is beautiful and lunch is supplied, also Volunteers receive Wrist Bands allowing access to the SOC "Village" with its hundreds of Vender booth, Food venues, and activities. This event runs Thurs. to Sun., April 14-17 with Operators needed Fri, Sat .and Sun.. If you are interested, respond to this email. Please announce this on any Out of Area Nets you may participate in and refer those interested to KI6CQX@... , Thanks.

1819. Radio Support for the Grizzly Peak Century Bike Ride, Sunday May 01

Yahoo group: SB_Radio_Events
Date: 2011-03-03 14:53:20 UTC
From: KF6RZR
Topic: 1819 Message: 1819

The Grizzly Peak Century Bike Ride is less than two months away. Most of you volunteered for last years event, and we would love to have you back. Some of you have already signed up. We also have some new recruits and candidates. If you volunteer to SAG, I will put you in touch with the SAG captian for your assignment. If you have a preferred assignment, let me know.

The event will be the same as last year with one significant change. They have added a new rest stop in Redwood Regional Park at 7867 Redwood Rd. between Skyline and Pinehurst, between Castro Valley and Moraga. This may be a challenging location for radio communication.

73 and thanks,

Randy Jenkins, KA6BQF

From: KF6RZR
Topic: 1820 Message: 1820

The American Diabetes Association's annual Tour de Cure is set for Sunday, June 12th, 2011. I'm in the process of updating the REACT web pages, and we're (once again) changing the routes a bit.

But if you already know you want to / are able to volunteer, then please fill-out the form at:
https://spreadsheets.google.com/viewform?formkey=dDFma19JU1dsU2JyZFR4LWhDb2ZlWXc6MA
(and don't worry, be information goes only to me).

Even if you've filled this out in the past, please fill it out if you want to volunteer for this year. In addition to letting me know that you want to volunteer, it makes certain that the information I have for you is up to date.

If you want to be removed from this list permanently (e.g., you've moved across the country), please let me know.

If you know that you won't be able to help out this year, but would like to be kept on the list for next year, please let me know that as well.

Thanks for all you do,
ericl, Comm Boss, Tour de Cure

From: ki6ttf@...
Subject: 100 Foot Antenna Tower trailer
Date: Thu, 21 Apr 2011 08:59:44 -0700

The Amateur Radio Club of El Cajon has its 100 foot Antenna Tower Trailer back in service. It our objective that this asset be:
1. A resource for the Community in an emergency.
2. A resource that is used for supporting Drills and Training so as to be able to fulfill objective #1

This is a serious piece of equipment with many safety aspects. Personnel using this asset must be trained in both operation and towing. To this purpose -being trained and experienced with this apparatus - the Amateur Radio Club of El Cajon would like to offer to your group, the opportunity to acquaint your members with see the tower trailer.

If you have an activity that the Amateur Radio Club of El Cajon can bring its tower trailer to and either demonstrate or better yet assist in an exercise or drill, please let us know and we'll make arrangements.

Or, you can join us in the following

May 14, practice run to Alpine and Julian for the two events that follow.
May 21, QuakeNet Simplex Deployment Exercise -Alpine Lions, Tigers and Bears
June 11, 12, Julian CERT 24hr Emergency Exercise Drill
June 18, Field Day Preparation practice
June 24-26, Field Day
July 4, Our own Red Flag Patrol - assuming we can commander our own radios at CALFire
July 21 QuakeNet 3.6 Kern County Earthquake Anniversary (deploy at mt. Helix)
October 21, Great California ShakeOut

Hi

Hope you are well today!

The Relay 2011

Needs Amateur Radio Operators

The following posts are open due to last minute staff changes:

Exchange 20 (Hickey Blvd-Fairmont Center Pacifica)

Sat 11:45pm to Sunday 8:30am

Exchange 25 (Cheveron 3600 Alameda Delas Plugas Menlo Park)

Sunday 4am to Sunday 12pm

Exchange 29 (Camp Swig 24500 Redwood Gulch Dr. Saratoga)

Sunday 7am to Sunday 2:30pm

However, if you are interested in working other Exchanges with another
assigned Ham, we can do that as well.

Event: The Relay 2011 <http://www.therelay.com/>
Date: Sat April 30 – Sun May 1, 2011
SF/SMCo Time: April 30 approx 2100hr to May1st approx 1200hr.
Location: Calistoga to Santa Cruz (Our part is SF to Southern San
Mateo County)
Comm Boss: Richard Tidd, KE6HNY 650-260-4426 (260-4HAM) or
ke6hny@...

Please go here to register: The Relay 2011 Ham Reg
Form<https://spreadsheets.google.com/viewform?hl=en&pli=1&formkey=dGhjZ19XNENMWmhCVlBaaE9P
VVJWcHc6MA#gid=0>
.

"California's Longest Party" is on - from Calistoga in Napa Valley to Sonoma
to Marin, through Sausalito, across the Golden Gate Bridge under a full
moon, through San Francisco to Palo Alto and through Silicon Valley to
thebeach in Santa Cruz. Featuring
the natural beauty of the Bay Area, the 199-mile course boasts the largest
number of tourist destinations of any run.

The Relay is the Largest Event in the World Promoting Organ Donation,
through Organs 'R' Us, the transfer of the baton from runner to runner
symbolizes the transfer of an organ from donor to recipient.

Teams are comprised of 12 members, each running three legs in
rotation. The36 legs through 36 cities are 3 to 8.9 miles and rated
from easy to very
hard allowing runners to select legs that match their strengths. Runners of
all abilities are challenged, contribute and have a great time.

This year we have the 2011
Dedication<http://www.therelay.com/re_dedication_2011.htm>to Katie
Grace Groebner, Cole Combi and Ben Thornton

We cover Exchanges 18 in San Francisco to Exchange 30 at Skyline and Hw 9 in
Santa Clara County.

See maps here: http://www.therelay.com/co_maps.htm

Click on the Exchange number.

The Santa Cruz Exchanges 31-36 also need ham support.

Shifts are about 8 hours or so.

This is a great time to test your night time ARES skills, equipment and
stamina.

Thank you for signing up to work.

Thank You from

1828. Maker Faire Special Event HF station on May 21-22

Yahoo group: SB_Radio_Events
Date: 2011-05-03 21:55:21 UTC
From: Phil
Topic: 1828 Message: 1828

Louise and I will be demonstrating a portable HF station at Maker Faire again this year on May 21 and 22. We will be operating initially on 20M as Special Event Station K6M, with QSL cards for those we contact.

Our web page is at
http://www.philipstripling.com/makerFaireVols.html
with plenty of open spaces for people to help out. Please check for a time convenient for you and email me at af6wi care of arrl.net and give me the times you'd like to volunteer for. We have to submit our list of volunteers on May 11, SO PLEASE LET ME KNOW BY MAY 10.

As in the past, you get free admission to Maker Faire and time to wander around and see the sites. If you know of others who would be interested in volunteering, please ask the to drop me a line to sign up.

If you'd like to demonstrate some radio skill of yours, let us know. We operate on battery power, so be prepared to operate in the field.

We'll be running our TS-480 with a Tarheel Model 100 screw driver or a Buddipole.

Thanks for your help in the past and let me know if you can help us on May 21 or 22, 2011.

Phil

1829. Announce: Upcoming speaker on integrating CERT and amateur radio

Yahoo group: SB_Radio_Events
Date: 2011-05-04 01:38:32 UTC
From: Nick Arnett
Topic: 1829 Message: 1829

CERT coordinators & ARES/RACES folks:

The San Ramon Valley Fire District has won awards for its successful integration of ham radio and CERT. One of the people behind the project, Herbert Cole, AI6AT, will be the speaker at this month's meeting of the
Santa Clara ARES/RACES group. The meeting is open to the public.
Location: Santa Clara Fire training center, Fire Station 2, 1900 Walsh Ave., Santa Clara, CA 95005
Time: 1930 to 2130
Please feel free to forward this to your teams - all are welcome.

Also, in case you haven't seen any of my earlier messages, I've been working on mapping data sets for citizen responders. An example of the data in use, showing vulnerable populations and amateur radio operators:

http://santaclaracty.crowdmap.com/ (click on the "Other Layers" to see the mapped data)

Mapping data for the entire state, at city and county level, is available here until we find its permanent home (on an east coast server, for survivability):

http://narnett.webfactional.com/kml/

That site includes links to example sites for most of the cities in Santa Clara County (navigate to the county and then the city page).

The most fully developed example site is for the city of Santa Clara:
http://santaclaraheat.crowdmap.com/

We are planning to hold a CrisisCamp focused on citizen responder mapping in June. Contact me for more information about this project, which I'm doing with the Carnegie Mellon Disaster Management Initiative. Local city citizen teams are more than welcome to take over the example sites.

From: Phil <yahoo@cieux.com>
To: SB_Radio_Events@yahoogroups.com
Sent: Tue, May 3, 2011 2:55:21 PM
Subject: [SB_Radio_Events] Maker Faire Special Event HF station on May 21-22

Louise and I will be demonstrating a portable HF station at Maker Faire again this year on May 21 and 22. We will be operating initially on 20M as Special Event Station K6M, with QSL cards for those we contact.

Our web page is at
http://www.philipstripling.com/makerFaireVols.html
with plenty of open spaces for people to help out. Please check for a time convenient for you and email me at af6wi care of arrl.net and give me the times you'd like to volunteer for. We have to submit our list of volunteers on May 11, SO PLEASE LET ME KNOW BY MAY 10.

As in the past, you get free admission to Maker Faire and time to wander around and see the sites. If you know of others who would be interested in volunteering, please ask the to drop me a line to sign up.

If you'd like to demonstrate some radio skill of yours, let us know. We operate on battery power, so be prepared to operate in the field.

We'll be running our TS-480 with a Tarheel Model 100 screw driver or a Buddipole.

Thanks for your help in the past and let me know if you can help us on May 21 or 22, 2011.

Phil

Welcome to the South Bay Radio Events Group! This group supports
events or activities need Ham Radio support in the South San Francisco
Bay Area, especially Santa Clara Valley.

Bike Rides, foot races, sporting events, and public non-commercial
activity needing public safety and medical communication support may
be included.
Other events such as flea markets and club meetings are also encouraged
as long as they are oriented toward radio technologies and hobbies.

The E-mail features of this group are NOT primary. Many members
chose NOT to receive e-mail from this group. This group is a
"first notification" place to announce events and activities.

The primary feature is the Calendar.
< http://groups.yahoo.com/group/SB_Radio_Events/calendar >

Add new events to the Calendar directly and set automatic e-mail
notification if desired.

< http://groups.yahoo.com/group/SB_Radio_Events/calevent?s=0&t=996772019>

Neither the moderators nor the group owner will post events from
e-mail to the calendar. Do not send events to us or the group e-mail
about an event without posting it on the calendar first.

Move specific planing for individual events to another list or to
direct e-mail. Members do not need to see all the e-mail for a single
event that they will not be participating.

Thank you for joining. I am happy to hear from you about this group.
If you have any questions or suggestions send me a note.

First fun raising walk for Habitat Walk in Cupertino. See above link for details

Radio operators will make sure nobody needs SAG or medical help. Lunch will be provided. Hours will be 12:30 pm to 4:30 pm. on October 16th. We will use 2m/75cm and you can work from your car. Partial shifts available too.

Call or email me for details or questions or volunteering

1840. Bay Area Red Cross Needs Communicators for the Nike Women's Marathon

Yahoo group: SB_Radio_Events
Date: 2011-10-08 17:17:39 UTC
From: William Dale
Topic: 1840 Message: 1840
Attachments: 1 described; binary payloads are missing from this source WARC

Greetings to one and all: it's that time of year again when runners of all ages come to San Francisco to participate in the annual Nike Women's Marathon; a race to benefit the Leukemia and Lymphoma Society.

I would like to extend an invitation to come and take part in this exciting event to be held Sunday, October 17. We need Communicators to work at First Aid Stations, at the FINISH line, and elsewhere. Communicators need to have current FCC license as a ham radio operator, AND a dual band, hand-held ham radio. A handout with more detail is attached. Please contact me if you need additional information.

WHEN: Sunday, October 16, 2011 from 3:30 a.m. (time to be confirmed) Sunday morning until 2:30 p.m. Sunday afternoon

WHERE: Staging Area @ Pier 54, San Francisco

All volunteers receive a free Nike souvenir t-shirt and hat; breakfast, lunch and more!

Please indicate your availability by responding to:

https://www.surveymonkey.com/s/2011nikemarathon

Many thanks for your time and efforts!

Reminder...the BSIM is just around the corner...

If you are already in touch with Richard and Brent about your participation in this year's event...GREAT !

If you did not contact Brent or Richard as of yet, but, you completed an application form, I suggest that you send them a note to confirm that they have you listed as participants for the event.

The BSIM Leads are still looking for volunteers...if you have not yet signed up and would like to participate, please contact Brent or Richard soonest.

Here is how you can contact Brent and Richard...

Brent at brent@ki6pau.com Richard at af6tp1@...

The BSIM has been approved by the Monterey County as official ARES training event, the organizers recognize the involvement of hams as highly important.

it's really an AWESOME EVENT and as always,

I am looking forward to working the event with You All !!

1854. ADA Tour de Cure Bike event - Sunday June 10

Yahoo group: SB_Radio_Events
Date: 2012-06-02 00:04:24 UTC
From: elipanovich
Topic: 1854 Message: 1854

We could still use another 1 or 2 volunteers for the American Diabetes Associations' annual Tour de Cure Bike Event. We have a couple Rest Stops that could use another volunteer.

To learn more about the event itself, visit the ADA site:
http://main.diabetes.org/site/TR?fr_id=8065

For more information about volunteering (or to volunteer):
https://docs.google.com/spreadsheet/viewform?formkey=dGptMS04YWRPa2JhQkpILTFGTFpzZFE6MA

Thanks,
ericl, KI6AOC

>
> The Gilroy Garlic Festival is looking for radio operators that would like to help on its Communications Committee. The Communications Committee runs four coordinated nets for over 300 radio operators for the three days of the festival. Volunteers will receive a ticket to the festival for each day worked and a free meal ticket for each shift worked. There is also a coveted T-Shirt for those that get their requests in early enough.
> The dates for this year’s Gilroy Garlic Festival are Friday, July 27 through Sunday, July 29. There are two shifts per day (9:00a – 2:30p and 2:00p – 7:30p). Never been to the Festival? Then you’re missing out. Many HAMs make a day out of it. Work one shift and get your freebies then spend the rest of the day enjoying the Festival. It works either way (Festival first then volunteer or volunteer first then visit the Festival).
>
> For additional information, follow this link to the RACES website and the volunteer sign-up document.
> https://www.scc-ares-races.org/activities/eventdetail.php?id=305

1875. June 9th Tour de Cure needs radio operators

Yahoo group: SB_Radio_Events
Date: 2013-04-29 15:16:25 UTC
From: KF6RZR
Topic: 1875 Message: 1875

From: Eric Lipanovich <Eric@...>

Subject: TdC: Tour de Cure - Sunday, June 9th

Yep, it's coming up on that time again. Every year, great volunteers come through, and make Tour de Cure such a great success at raising money for the American Diabetes Association.

So, please mark your calendars. This year the Tour will be held on Sunday, June 9th.

I'll be sending out sign-up instructions soon. But if you're interested in helping out, please reserve that date now. (And no need to respond to this message).

As always, if you know now that you won't be able to help out this year, please let me know.

You folks are the best!

Thanks,
ericl

1877. Sun, May26: 2 more RADIO OPERATORs needed for Mt Hamilton Classic

Yahoo group: SB_Radio_Events
Date: 2013-05-21 22:39:26 UTC
From: John Street
Topic: 1877 Message: 1877

* Mt Hamilton Classic *
* Two more RADIO OPERATORs needed on Sunday, May 26, 2013 *

Hello to all Livermore Area Radio Amateurs,

The purpose of this email is to announce the need for additional volunteer radio operators for the Mt Hamilton Classic Bike Race public service event on Sunday, May 26, 2013 (Memorial Day Weekend). We need a minimum of 32 Hams and as of May 20, we have 30 signed up to help.

We have assignments available on the east side of Mt. Hamilton and all the way to Livermore. While we need three more volunteers to provide the desired level of coverage, this event covers so much geography that we can never have too many operators. The more operators, the better the job we can do. Additional radio operator volunteers would allow us to provide even better coverage on the steep eastern side of Mt Hamilton, and to reduce the maximum distance between checkpoints to about 5 miles elsewhere on the course.

The event is a 63.5 mile bike race from San Jose to Livermore over Mt. Hamilton. We position radio operators at many dangerous locations along the course and shadow the two EMT vehicles. We can then call for medical help if a rider needs it - and they often need help. In 13 of the last 21 years, we have helped coordinate helicopter evacuations. During those 13 events, 18 people have been evacuated in 16 different helicopter flights.

Because of the rugged terrain, we use a 2 meter portable repeater near our net control station almost at the top of Mt. Hamilton to talk to the operators positioned at the dangerous locations on the course. Unfortunately, many of these locations are at the bottom of steep downgrades and thus are located poorly for radio communications. Fortunately, this situation provides a great chance for volunteers to field test their gain antennas - there are often several vhf yagis and other gain antennas mounted on 10 to 30 foot masts to be found along the course. Of course, there are also many assignments where mobile antennas or HTs work fine.

The event starts at 0800 hours and everyone should be finished and in Livermore by 1500 hours. Some volunteers must leave their homes by 0600 to reach their assignments on time - others can leave home as late as 0800.

Please, if you can help, contact me soon.

Thanks,
John, WB6ETY

1880. Broadband-Hamnet / HSMM-MESH networks / nodes?

Yahoo group: SB_Radio_Events
Date: 2014-03-03 10:02:46 UTC
From: James Hannibal
Topic: 1880 Message: 1880

Hi, My name is James (KH2SR) in Saratoga. I was wondering if your ham club or any of its members has setup any 2.4GHz Broadband-Hamnet / HSMM-MESH networks / nodes in the South Bay Area? If so, do you plan on posting them to the official map?

I was hoping I could find other MESH networks / nodes in the area utilizing this system so I could link my MESH network.

If you don’t know what a Broadband-Hamnet / HSMM-MESH network is please check out the following website: http://www.broadband-hamnet.org. I think your club might find it to be a very interesting ham radio project to be involved in.

Thanks for your time.

James (KH2SR)

1881. Hams for Maker Faire booth needed

Yahoo group: SB_Radio_Events
Date: 2014-04-14 18:20:29 UTC
From: <civilizedexplorer@...>
Topic: 1881 Message: 1881

We'v had a mobile HF and V/UHF station at Maker Faire for the last few years, and we need hams to staff it on Saturday, May 17, and Sunday, May 18. See http://www.cieux.com/makerFaireVols.html http://www.cieux.com/makerFaireVols.html for details of times.

We run the HF under AF6WI as control operator with Special Event Callsign K6M, and we have event QSL cards to send out. The goal is to remind people that hams provide services to the community and encourage people to get their license and become active amateurs.

If you'd like to promote ham radio and get into Maker Faire free, see the Web page for times and email me at af6wi care of arrl.net.

1882. SAG Drivers needed for ADA's Tour de Cure

Yahoo group: SB_Radio_Events
Date: 2014-05-18 23:31:45 UTC
From: eric96@...
Topic: 1882 Message: 1882

We have the vehicles (one of our local sponsors, Rector Audi, is supplying the vehicles for us), but we still need a couple more SAG drivers. Ever wondered what it would be like to drive an Audi around the hills for a couple of hours on a Sunday? Here's your chance.

The American Diabetes Association's annual Silicon Valley Tour de Cure takes place Sunday, June 8th, starting in Palo Alto. We particularly need ham volunteers for the routes that go over the hill to the coast (where cell-phone coverage is spotty to non-existent). We have both early & late shifts available.

General information about the event can be found at:
American Diabetes Association Tour de Cure

1885. Fwd: More Net Operators needed for Garlic Festival Communications Operations

Yahoo group: SB_Radio_Events
Date: 2014-07-18 15:16:16 UTC
From: Eben Haber
Topic: 1885 Message: 1885

Begin forwarded message:

> From: Pat Moore <pqm@...>
> Subject: More Net Operators needed for Garlic Festival Communications Operations
> Date: July 17, 2014 at 8:42:31 PM PDT
> To: undisclosed-recipients:;
>
> The Garlic Festival Communications Group is still looking for Amateur Radio operators that would be interested in assisting the Communications Committee for the Gilroy Garlic Festival. Each year r 100,000 visitors descend on Gilroy to sample all things Garlic. This year's Festival will be held in Gilroy's Christmas Hill Park on Friday, July 25th thru Sunday, July 27th. The Communications Committee plays a major role in keeping the festival flowing smoothly. The Team provides Net Control to over 300 commercial radios many of which are in the hands of first time radio users. It's the professionalism of the Amateur Radio community that keeps everything working when the temperature starts to raise (and we're not talking about the Sun's warming of the Festival grounds).
>
> Your participation comes with perks. You will receive a ticket for admission to the festival as well as a free meal and refreshments. You will also be stationed in one of the few air conditioned facilities at the Festival.
>
> If you are interested in being a net control, or even just helping with communications support (gives you a chance to see what goes into net control as well), please contact Colin Tanner at colintanner@...
>
> We look forward to hearing from you!
>
> Pat Moore for Colin Tanner

1886. Hams needed for Sept 27 Foot Race near Skyline Blvd

Yahoo group: SB_Radio_Events
Date: 2014-09-23 18:31:17 UTC
From: Michael Wright
Topic: 1886 Message: 1886
Attachments: 1 described; binary payloads are missing from this source WARC

Info on the September 27th 50K Foot race near Skyline Blvd (same as attached PDF). Reply to KG6SBY@arrl.net or call Bob at (408) 242-1479.

This will be the first year this race will have ham radio communication to assist medical and race staff so here are some guidelines.

There will be two shifts. You may sign up for either the early (7:30am to noon) or the later (noon to 5:30pm) shift – or both.

This race will be run in the Russian Ridge Open Space Preserve, Coal Creek Open Space Preserve, the Skyline Ridge Open Space Preserve and the Long Ridge and Saratoga Gap Preserves.

See http://www.openspace.org to print maps and to familiarize yourself with the area.

We will meet at the Skyline Ridge Park at net control for all shifts. This is on Skyline Blvd./ Highway 35 a few miles south of the Page Mill Road/Hwy 35 intersection.

There will be three aid stations along the course and you will be assigned to one of them.

All three aid stations are car accessible. Bring your own radio, antenna or mag mount and extra batteries. Aid stations will offer snacks and water for runners which hams can sample, but it is recommended that you supply your own food and water. This is a good opportunity to try out your 12-hour Go-kit too.

This is NOT a MAC event and is NOT supported by either county. You cannot sign up on any county web page. E-mail Bob Schmiedeskamp (KG6SBY) at kg6sby@arrl.net to sign up.

Our job will be to keep staff informed if there are any medical needs of the runners. Runners will inform aid station captains of any trouble, who will in turn inform the ham what they need. All three aid stations will be in touch by radio to locate the mobile doctor, report injuries, lost runners, or contact the ranger. We will be using local repeaters.

Ham radio operators will be stationary at the aid station (probably in your car) and are not required to hike the trails or assist staff unless we have an extreme emergency. Each aid station will have a Porta-potty.

Expect a cool and breezy morning to turn into a hot and dry afternoon. Dress accordingly. No dogs please.

Bob (KG6SBY) Marsha (KG6SBN)
[sent by Michael Wright K6MFW for Bob and Marsha]

1887. Fw: [Coyote_Creek_district] Help needed for the Coyote Creek Cycling Classic

Yahoo group: SB_Radio_Events
Date: 2014-10-02 04:19:08 UTC
From: William Dale
Topic: 1887 Message: 1887

Hello fellow Radio Boys!!,
Communications and Sag wagons are critically important to have a safe Coyote Creek Cycling Classic. Currently we are a couple Ham Radio operators short, and a couple SAG Wagons short of having a full staff.
If you are a Ham and can volunteer for 6 or 7 hours Saturday 11 October, please contact me.
If you have a van or SUV with bike rack, and can volunteer for 6 - 7 hours Saturday 11 October, please contact me.
Best way to reach me is e-mail at gary.hendra@comcast.net. Please put CCCC14 in the subject line. Or call me @ 408-204-5129.
Thanks & Yours in Scouting… Gary

1888. Big Sur International Marathon

Yahoo group: SB_Radio_Events
Date: 2015-04-08 02:52:43 UTC
From: Eben M. Haber
Topic: 1888 Message: 1888

---------- Forwarded message ----------
Subject: BSIM 2015

Hello all, this is Jeff - KG6UYZ I will be organizing the amateur side of the marathon again this year:

The 30th annual Big Sur International Marathon is quickly approaching, 4-26-15 - 26 days away.

I am still looking for more volunteers for this years event. If you are interested in volunteering to operate this years marathon please respond back to me.

Please forward this email to anybody or other clubs you know who would like to help out, we would greatly appreciate it.

For those of you who would like to volunteer this year, please fill out the attached volunteer form attached to this email.

Changes for 2015:

SAG Wagons will not go to marathon flats for drop off anymore, SAG's will drop off at Palo Corona Park. A smaller multi passenger UTV will transport runners into marathon flats.

Lunches will be provided to the volunteers this year, we are preparing a bagged lunch for all volunteers to take out with them onto the course.

If you would like to help earlier breakfast lunch and dinner will be served Thursday Friday Saturday and Sunday.

We will be holding a BBQ for volunteers Saturday afternoon April 25 at 4:00pm as we have done in the past years.

A briefing will be held at 3:00pm Saturday and in the morning Sunday for those that did not make it Saturday.

More info will follow in the next few weeks.

Thank you,

Jeff Ackerman

1889. Call for Oakland Marathon ham volunteers March 20

Yahoo group: SB_Radio_Events
Date: 2016-02-18 19:47:01 UTC
From: mpompa@...
Topic: 1889 Message: 1889

Over 10,000 runners are expected to participate in the 7th annual Oakland Running Festival. We've just met with the race director who pledged to give amateur radio operators a more active role this year. Please let me know if you can participate on Sunday morning, March 20 and indicate your 1st and 2nd preferences from the list below. Depending on location, volunteer time varies from 1 to 7 hours, with shorter times starting earlier, and longer times starting later.

Assignment categories:
Bicycle mobile (level course or hills option)

Motorcycle mobile
SAG vehicle
Medical or water station
Net Control / Scribe
Course Marshal (stationary location at key corners to keep runners on course and vehicles off the course).

I provide plenty of documentation for newbies as well as experienced operators.

73,

Mike KB6MP

1891. Call for Hams - April 2 Oakland Marathon

Yahoo group: SB_Radio_Events
Date: 2017-02-02 18:11:16 UTC
From: mikebikemusic@...
Topic: 1891 Message: 1891

The Oakland Running Festival is on Sunday, April 2. The marathon starts around 7 AM, the half marathon starts around 9 AM. The event officially ends around 2 PM, but stragglers could extend it by another hour or so.

I have volunteer positions still available whether it's your first public service event or your are a seasoned volunteer. You can request an early-short assignment, or a later starting, longer one.

Remaining assignment categories:
Medical Station comms
Course Marshal (some locations may require you to do traffic control)

SAG Vehicle (your own vehicle with mobile radio capability)

Bicycle mobile (with course marshal option until location closes)
Motorcycle mobile (with course marshal option until location closes)

Race official shadow

Reply to me directly with your first and second choices. I can also be reached via kb6mp@arrl.org

Public service events are best training for emergencies. I've been organizing ham support for events like this for about 12 years and I provide clear documentation about the event and your assignment.

Mike Pompa
